Our Biggest and Best CRAFTSMAN 175-piece Mechanics’ Tool Set

The biggest, finest, most complete set we’ve ever offered—for only $4.00 more than our 115-piece set on opposite page. The only such set in the trade. R Tool that feels like a dream to use. Artsmanship of famous tool manufacturer. Each tool is CRAFTSMAN professional quality... unconditionally guaranteed. (See guarantee at top of page.)

Each socket and part made of “Super-Tuff” steel... heat-treated, tempered and chrome plated. Sockets in 1/2-inch and 3/8-inch drive sizes are HOT FORGED for super strength. (See socket features at top of page 8.) Improved, streamlined, forged flex “T” handle. Improved-type ratchet wrenches have handle and head in one-piece forging for extra strength and durability. Extra-large tension balls on extensions, etc. assure solid locking of sockets.

1/2-inch drive parts. Seven 6-pt. sockets (1/2, 3/4, 9/16, 7/16, 11/32, 11/32, 19/32 inch); two 8-pt. sockets (3/8 and 7/16 inch); reversible ratchet; 6-in. flex “T” handle with crossbar; 2 extensions (3 and 6 in.); 44-in. slide bar handle; 6-in. handy metal box with hinged cover.

Miscellaneous tools. Includes three short box-end wrenches; four check nut wrenches (14, 14, 15, 16); line-up punch; 12-inch pick-up tool; arc-joint pliers; 6-inch long nose pliers; 7-inch diagonal pliers; brake spring pliers; cotter key extractor; brake adjusting tool; four-piece midget box-end wrench set; 1/8, 5/32, 3/32, 1/4 inch ratchet box-end wrenches; rolling wedge bar; close-quarter hack saw; standard back saw with 10-inch blade; 10-inch locking plier wrench; 8-inch adjustable-end wrench; 8-ounce and 12-ounce ball peen hammers.

Heavy-duty Roller Cabinet included. Made of heavy-gauge auto body sheet steel, reinforced at corners and ends. Rolls easily on heavy-duty ball-bearing, 3-inch casters. Cabinet has 3 drawers and large bottom compartment. Sliding front panel, with cylinder lock and key, covers bottom compartment and locks drawers. For complete description of roller cabinet see our C 43058 on page 35. Shp. wt. 167 lbs. C 44020—175-piece set as above. Cash $225.00
C 44022—175-piece set. Same as above, but without cabinet. Shp. wt. 79 lbs. $179.00 down. Cash $118.70.

NOTE ABOUT PRICES:
Because of transportation costs, prices asked in our Sears, Roebuck and Co. store may vary slightly from the prices shown in this Tool Catalog.

CRAFTSMAN Socket Wrench Sets with 1/4-inch Square Drive Parts

Made of "Super-Tuff" Steel for Extra Strength and Longer Life!

CRAFTSMAN 9-piece Extra-deep Socket Set
A 3/8-inch square drive. For use on hard-to-reach nuts. 9-pc. set includes a 7-in. ball handle and 8 sockets (1/4, 5/32, 5/32, 9/32, 5/16, 11/32, 3/16, 7/32 and 1/4-in. sizes). Sockets are fully 2 1/2 in. deep. 3/8 to 5/16-in. sizes have 6-point openings; 9/32 to 1/4-in. sizes have 12-point openings.

Straight, thin walls fit into close places. Made from "Super-Tuff" steel, properly heat-treated and tempered for strength and long life in hardest service. Packaged in a metal box.

9 C 4315 - Shipped wt. 2 lbs. $7.95

CRAFTSMAN 9-piece Socket Wrench Set for Small jobs, motors, etc.
B 7/8-inch square drive. Carefully selected to furnish the pieces needed for small jobs around the home. Ideal for the home mechanic for work on automobiles, motorcycles, outboard motors, etc. Thin side walls on sockets help get into close places. Precision broached, non-slip openings. All parts made of "Super-Tuff" steel, heat-treated hardened for strength and long life.

9-piece set includes: seven 12-point sockets (sizes 1/8, 5/64, 1/16, 3/32, 7/64, 1/8, 5/32, 9/64 and 5/32-in); six "T" handle with crookbar; metal tool box (size 101/4 x 2 x 11/4 inches).

9 C 4395 - Shipped wt. 1 lb. 8 oz. $5.95

CRAFTSMAN 16-piece Socket Wrench Set
Thousands in industry as standard equipment
C 3/4-inch square drive sockets and parts. A tremendously popular set in aircraft and automotive factories. Greater strength, and balance. "Super-Tuff" steel; scientifically heat-treated and tempered to stand strain of daily use. Socket walls are stronger because metal grain follows socket contour, permits thinner walls for getting into tight places. Fully guaranteed against breakage caused by defects in material or workmanship.

16-piece set includes: seven 12-point sockets (1/8, 5/64, 5/32, 1/16, 3/32, 7/64 and 1/8-in); three socket extensions (3, 6 and 10 inch); reversible ratchet; 7/8-inch slide-bar handle; 16-inch speeder wrench; 10-inch flex-"T" handle with crookbar; universal joint; heavy-gauge steel tool box, size 17 x 5 x 5 x 15 inches; rust-resisting machinery-gray finish.

9 C 4397 - Shipping weight 8 pounds. $18.25

GUARANTEE: CRAFTSMAN tools are unconditionally guaranteed by Sears to be free from defects in material or workmanship. Any tool that fails to give you complete satisfaction will be replaced free of charge.

9 C 4377—1/4-inch, 1/2-inch

DUN LAP 9-piece Socket Set. Set fits socket set screws Nos. 4, 8, 10 and 3/4, 5/8, 7/8, and 9/16-inch. 9 C 4469—In plastic pouch. Shipping weight 6 oz. $9.50

CRAFTSMAN 7-Piece quick Release Wrench Set. (Not shown). Long arm wrenches in plastic pouch. Fits set screw Chev., 8, 10, 3/4, 5/8, 7/8, and 9/16-inch. 9 C 4467—Shipping weight 6 ounces. $8.90

Some of PAGE 7, 8... MECHANICS' TOOLS
7 REASONS FOR OUR UNCONDITIONAL GUARANTEE!

1. Sockets in ½-in. and ¾-in. drive sizes are forged for super strength. Precision heat-treated.
2. All parts are "Super-Tuff" steel, properly heat-treated and tempered for strength and long life.
3. All parts are chrome plated, finished and machine polished for protection against rust.
4. FORGED flex "T" handles with extra-strong roll pin rivet in drive lug.
5. Ratchet wrenches...handle and head 1-piece FORGING.
6. Extra-long tension balls on extensions, etc., gives same service as 1-piece tool.
7. CRAFTSMAN socket wrenches are used by airlines, industrial plants, etc. Meet Navy Spec. 41W10 (INT.)

All ½ and ¾-inch Straight Wall Sockets are HOT FORGED

NOT THIS...Ordinary Socket
A. Ordinary socket walls MUST be thick to stand strain. Straight metal grain sockets are bulkier and heavier. Straight metal grain at points of greatest stress in ordinary sockets often results in costly, damaging breaks. Despite their bulk, ordinary ½-in. size sockets can't equal forged sockets for heavy load strain required. The regular socket cannot be used full depth because of space wasting shoulders. There is less gripping area, more chance to slip off bolt.

BUT THIS...Forged Socket
B. Forged socket walls are stronger because metal grain follows socket contour. THINNER walls fit tight places. Contour grain of forged sockets adds tremendous strength at point of greatest strain (where head meets side wall). Hot forged, regular wall, forged socket stand over twice the load required by U.S. Government Specifications GGG-W-6418. CRAFTSMAN THIN-WALLED sockets can be used full depth, since space wasting shoulders are eliminated.

6-PT. SOCKETS are for use on hex nuts, and beds are much thicker. Teeth are more deeply broached for greater effect on nuts with corners rounded off.

8-PT. SOCKETS are used for square nuts only (generally found on tractor, and equipment). Really a must for all farm mechanics.

12-PT. SOCKETS are for use on standard hex nuts and cap screws. They allow for a thinner wall section and give you double the positions when turning the nut.

CRAFTSMAN Universal Joints. Compact design; all unnecessary bulk eliminated to permit freedom of movement. Joint swings at any angle up to 90 degrees to reach hard-to-get-at places. Chrome-plated finish is rust resistant.

CRAFTSMAN ¼-inch Square Drive Sockets. With 12-point openings for use on all standard hex nuts and cap screws. Properly heat treated and tempered for strength and long life. Hot forged; strong, thin walls for getting into tight places.

CRAFTSMAN ½-inch Square Drive Sockets. Hot forged; 12 point for hexagon nuts. For tractors, trucks, heavy machinery. "Super-Tuff" steel, tempered and heat treated for added strength. Guaranteed against breakage due to defects. See features at top of this page that make CRAFTSMAN sockets so outstanding.

CRAFTSMAN Flexible Sockets. ¾-inch square drive. 6-point openings for use on hexagonal nuts. With universal joints that stay in position at any angle; no slipping. "Super-Tuff" steel. Your choice of 7 sizes.

CRAFTSMAN ¾-inch Square Drive Sockets. 6-point openings for use on hex nuts. Deeply broached teeth grip even rounded nuts. Hot forged. Thicker walls provide extra strength. Have features above. Chrome plated and polished.

CRAFTSMAN ½-inch Square Drive Sockets, 6-point openings for use on hex nuts. Deeply broached teeth grip even rounded nuts. Hot forged. Thicker walls provide extra strength. Have features above. Chrome plated and polished.
Make short work of nut-tightening, loosening!

**CRAFTSMAN Flex Spinners... Socket Handles... Extension Bars... Ratchet and Speeder Wrenches**

- **CRAFTSMAN Extension**, For 5 in. square drive sockets, 5½ in. long, “Super-Tuff” steel. Shockproof clear plastic handle. C 4335, 4 in. 4 oz. 1.25
- **CRAFTSMAN Socket Extension**, For 5 in. square drive, “Super-Tuff” steel, 5½ in. long. Socket branched in top of shockproof clear plastic handle to receive sliding bar, ratchet or flex “T” handles. Handle practically unbreakable. C 4331, 6 in. 6 oz. 1.40
- **CRAFTSMAN Flex Spinner**, For 5 in. square drive sockets and fittings, 6 in. flexible spinner, for reaching around corners, “Super-Tuff” steel. Shockproof plastic handle. C 4335, 6 in. 4 oz. 1.75
- **CRAFTSMAN Flex Extension**, 4 in. square drive, foridget sockets, 4 in., long. Flexible cable for difficult jobs. C 4336, Shop wt. 3 oz. 1.29
- **CRAFTSMAN Socket Wrench Adapters**, Convert your present wrenches to sizes below. C 43250, ½ in. socket, ¾ in. drive. Converts ½ in. drive to ¾ in. Shop wt. 2 oz. 0.59
- C 43251, ½ in. socket, 5/8 in. drive. Converts ½ in. drive to 5/8 in. Shop wt. 2 oz. 0.59
- C 43252, 5/8 in. socket, 3/4 in. drive. Converts 5/8 in. drive to ¾ in. Shop wt. 2 oz. 0.59
- C 43253, 5/8 in. socket, 11/16 in. drive. Converts 5/8 in. drive to 11/16 in. Shop wt. 3 oz. 0.69
- C 43254, 5/8 in. socket, 7/8 in. drive. Converts 5/8 in. drive to 7/8 in. Shop wt. 3 oz. 0.69
- C 43255, 7/8 in. socket, 1 in. drive. Converts 7/8 in. drive to 1 in. Shop wt. 3 oz. 0.69

**CRAFTSMAN Extra-deep Sockets**

- **CRAFTSMAN Extra-deep Socket Set, 1/4 in. drive**, 9 pieces, 6-point openings, 9 in. long, 12-point openings. 9 in. long, approximate thin-wall. C 4331, Please be sure in size was needed when ordering.

*PAGE 9*, TOOLS
Wrenches for every need. Combination, 8-in-1, Adjustable End

Combination Wrench

8-in-1 Wrench

Craftsman 8-in-1 Wrench. The convenience of an adjustable wrench...the grip of a box end wrench...the range of a socket set...all in ONE tool! For household, mechanics, etc. Has 8 different 12-point open-ings, 4 on each swivel head. Sizes: 3/16", 5/32", 7/32", and 1/4" in. in regular size; N.32", 5/32", 7/32", and 9/32" in. large head.

With these "extra" features: index springs on swivel heads keep work-openings in position...use handle at practically any angle. Openings accurately beveled; grip hex nut firmly; won't slip off or round nut corners. 9 in. long. Entire tool drop-forged, heat-treated, chrome plated. YC 44407—Shipping weight 1 pound 2 ounces. $2.98.

Adjustable End

Separate prices total $8.50. Save 50c when you buy this popular set consisting of the three most used sizes. Shipping weight 1 lb. 12 oz.

Individual Adjustable End

Craftsman Individual Adjustable End Wrenches. For garage, farm, home, etc. Forged alloy steel, heat-treated; chrome plated. Highly polished. Knurled adjusting nuts work smoothly. YC 4570—Please state size wanted. Order by correct catalog number. YC 4375—Please state size wanted. Order by correct catalog number.

Locking Wrench

Craftsman Locking Adjustable Wrench. Sturdily constructed of drop-forged and heat-treated selected alloy steel. Chrome plated finish for resistance to rust. Just a flick of the thumb or finger locks or unlocks the adjustment instantly at any opening you select. Positive lock with no obstructions. One hand operation...no fumbling...permits rapid adjustment with increased safety. Every mechanic and home handyman should own one of these quality wrenches. Order today!

YC 4376—Please state size wanted. Order by correct catalog number.

Sparks Plug Gap Gauge, Check spark plug gap, gauge, gasoline, provides eight different wire, gauges and electric wrench.

YC 4075—4-piece set. $4.95.

Craftsman Spark Plug Tester-Screwdriver. Touch blade against coil, neon testing bulb built into shockproof transparent plastic handle lights up if your plug is good. 5/16" tempered steel bit. 9 in. overall.

YC 4124—Shop. $8.95.

Spark Plug Wrench. Fits all plugs with straight or tapered with 16-mm. and late type 16-mm. plugs. Sliding bar handle.

YC 4593—Shop. 7 oz. $2.50.

YC 4449—Please state size wanted when ordering.

Craftsman Locking Plier Wrenches

One-Ton Bulldog Grip
- Hold small pieces against a grinding wheel ... won't slip.
- For close-quarter work where a pipe wrench won't fit.
- Powerful clamp for gluing and joining ... looks light.

Straight Jaw type
- $1.29
10-inch

Curved Jaw type
- $1.89
10-inch

Now with greater leverage, holding power

Many tools in one! Use as adjustable wrench, pipe wrench, clamp, locking wench, multi-use plier, and portable vise. Also use it for removing cotter pins, broken or rusted studs, stubborn or rounded nuts. As a portable vise it holds work tightly for welding, drilling, soldering, grinding, etc.

Narrow, forged steel jaws get into tight places. Positive gripping, precision milled teeth . . . hold any shape securely within jaw capacity. Has spur rivet assembly to increase life of tool. Jaws can be locked into position; or tool can be used as regular pliers. Pressure on bottom lever releases lock. Rust-resistant chrome-plated finish. Available in two jaw shapes . . . straight jaws or double-curved jaws, as listed below.

locking Plier Wrench with straight jaws.

CRAFTSMAN King-size Heavy-duty Plier Wrench

- **C**raftsman 4004 - Pliers, 9 in. long. Shipping weight 1 lb. $1.98
- **C**raftsman 4005 - Pliers, 7 in. long. Shipping weight 1 lb. $2.49

Angle nose design. Ideal for garage mechanics, plumbers, electricians, farmers, homemakers. Actually a 3-jaw tool. Pipe-wrench style teeth pitched to force work back into jaws—no out. Jaws open parallel to full 2 in. Teeth milled entire jaw length; milled fine at tips to hold small objects.

Forged from special alloy steel for greatest strength; heat-treated, hardened. Chrome plated to resist rust. ¾ in. wide angle nose gets into close places.

7 positive positions. Guide-stop helps jaw setting... keeps plier position from slipping... increases bolt life. Special alloy steel bolt, heat-treated and hardened... short fulcrum distance gives greater gripping power.

Long handles for extra leverage... ¾ inch wide grips have no sharp edges... grip easily at any opening. Overall length 10¾ in. closed; 12 in. open.

- **C**raftsman 4097 - Shipped wt. 1 lb. 3 oz. $11.98

9 C 4687 - Shipping weight 1 pound $1.65

**Valve Seat Reamer with 30° Head.** For all 1935-40 Chevrolet cars since these are in port, requiring special reseat set.

9 C 4641 - Shipping weight 1 pound $2.29

9 C 4718 - Overall length 7 ½ in. Shpg. wt. 6 oz. 98c

**Valve Seat Reamer Set.** For refacing hard valve seats. Use with speeder handle or electric drill. Replaceable abrasive discs. Reseats most valves up to 2 ½ in. except Chevrolet "6." (For Chevrolet, see 9 C 4641 at left.) Set consists of one 30° and 45°. Use either C 4670 or 4640. Pilot bushings for Ford V8, V8, Lincoln, Mercury and Nash cars.

9 C 4639 - Shpg. wt. 3 lbs. 5 oz. $3.59

9 C 4640 - Replacement Abrasive Discs for Set above. $1.50

9 C 4641 - Shipping weight 1 oz. $1.65

**Valve Refacing Tool.** Base can be held in vise or screwed to work bench. Former washer provided for use with Chevrolet 1 1/4 in. High speed tool steel blades. Rigidly set and held against fixed stops. Blade angle is adjustable for both 30° and 45° faces.

9 C 4709 - Shpg. wt. 1 lb. 12 oz. $2.69

**DUNLAP Reciprocating-type Valve Grinder.** Delivers quick, balanced back and forth progressive movement. Ball thrust bearing on spindle. Heavy steel. With long and short self-locking stems, bit fits all makes of valve, vacuum cup, grinding spring. Length 2 in.

9 C 4704 - Shpg. wt. 1 lb. 6 oz. $2.59

**Cylinder Head Ridge Reamer.** Professional type for service shops and garages. Will work in new short 2 ½ in. and 4 ½ in. diameters. Remover ridges in cylinder caused by using wrong size. Cuts cleanly, quickly and accurately. Automatically locks in position. Strong, die-cast, cold-drawn steel side plates. Adjustable diameter screw. For 2 ½ in. to 4 ½ in. diameter chambered or straight cylinders.

9 C 4712 - Shipping weight 1 lb. 12 oz. $10.95

**Super Range Cylinder Head Reamer.** Cuts and removes all ridges on all cylinders within cutting range of 2 ½ in. to 4 ½ in. diameters (practically all passenger cars). Also removes ridges on 60 HP Ford and Fordson tractors. Finest adjustment possible. Only screwdriver and wrench needed to turn tool.

9 C 4721 - Shipping weight 2 lbs. 6 oz. $4.98

**Piston Ring Expander.** All-steel construction. Remove or install piston rings easily without ring damage. Handles all rings from 2 ½ in. to 4 ½ in. diameter—no adjustments to make. Jaws grip sides of ring, hook engages point and expands front, back and sideways.

9 C 4661 - Shipping weight 1 oz. $1.59

**CRAFTSMAN Ratchet-type Piston Ring Expander.** Professional quality. Heavy duty. Self-locking ratchet wheel. Oil-tempered steel. For all car, small truck, and large truck engines.

9 C 4700 - Shipping weight 8 oz. $2.19

**DUNLAP Piston Ring Expander.** Fits rings 2 ½ in. to 5 in., diameter. 2 ¼ in. deep. Takes 4 rings at a time. Automatic tension brake. Tempered steel compression band.

9 C 4701 - Shipping weight 8 oz. $2.19

**Magnetic Key Inserter.** For replacing all split valve guides. Permanently magnets hold keys in jaws of spring controlled levers of non-magnetic stainless steel. You open the jaws, put keys against magnets, line up keepers and release the handle—simply as that. Strong grip of jaws supports the tool, leaves hands free for other work.

9 C 4671 - Shpg. wt. 6 oz. $1.98

**CRAFTSMAN Valve Spring Compressor.** Vertical lift. Heavy-duty valve spring compressor. Strong 9 1/2 in. steel frame with 10 1/2 in. opening capacity; clean exhaust manifold; and other obstructions with spring. All 1 in. spring-steel jaws fit 90% of all size valve springs and washers; won't slip off springs. Automatic lock holds spring in any position, leaving both hands free. Has pull-out ratchet crank to clear obstructions.

9 C 4681 - Shipping weight 3 lbs. 2 oz. $6.50

**Valve Spring Compressor.** Vertical lift. Heavy-duty valve spring compressor. Strong 9 1/2 in. steel frame with 10 1/2 in. opening capacity; clean exhaust manifold. All 1 in. spring-steel jaws fit 90% of all size valve springs and washers; won't slip off springs. Automatic lock holds spring in any position, leaving both hands free. Has pull-out ratchet crank to clear obstructions.

9 C 4681 - Shipping weight 3 lbs. 2 oz. $6.50

**Offset Replacement Jaws for Valve Spring Compressor above.** Shpg. wt. pair 4 oz. $1.00

**No. 3 Special Offset Jaws.** For Plymouth, Dodge, Chrysler and Wankhauser motors.

9 C 4693 - No. 3 Offset Jaws $1.35

**No. 2 Special Offset Jaws.** For all General Motors cars and Continental Motors.

9 C 4697 - No. 2 Offset Jaws $1.00

**"Little Shorty" Screw-type Valve Lifter.** Hi-lift type. Made to fit late model L-head cars, trucks (with manifold on). Steel, rust-resistant finish. 10 inches long. 9 C 4559 - Shipping weight 14 ounces 98c

**Valve Lifter.** For nearly all makes of auto engines, including Ford models A and B. Full, counter-clockwise grip. Self-locking latch held by spring. Steel, rust-resistant finish. 10 inches long. 9 C 4550 - Shipping weight 14 ounces $2.79

**Overhead Valve Lifter.** Designed for valve-in-head motors. Heavy-gauge steel, heat-treated hooks. Offset pivot pin prevents hooks slipping. Overall length 14 inches. 9 C 4558 - Shipping weight 1 pound $1.65

CRAFTSMAN Forged Steel Hammers . Choice of 3 Handle Styles

REG. $55.00

A CRAFTSMAN "Headerline" Hammer. Perfect balance assures tight "feel" and easy swing. Steel band reinforces neck to increase handle's strength by 25%. Compression fit of handle to head keeps them tight. Handle end sealed with plastic to keep moisture out. Head of drop forged special analysis steel, heat treated-hardenred. Head absolutely round, uniform bevel, properly crowned face reduces mushrooming or chipping. Finest grade white hickory handle, with flared rubber tip on end.

B CRAFTSMAN Tubular Steel-handle Hammer. Recommended for all-around use, has (1) extra strength for driving -pound tested up to 700-lb. pull. (2) chrome-plated tubular steel handle, same light weight and shape as wood, (3) handle and head compression fitted, firmly wedged for safety. Tubular handle formed from special steel, heat treated and hardened for strength and "give." Neck allows "bucking up" on handle when working a large hammer against metal. Face and claw tempered separately for maximum strength. Polished head is machined absolutely round, with properly crowned face and uniform bevel face, reducing mushrooming or chipping. Head, face bevel precision machined. Claw curved to true radius for uniform nail pulling. Sure-like finish rubber grip will last a lifetime of hammer in normal use.

C CRAFTSMAN Magnetic Upholsterer's Hammer. Finest professional quality. 7-oz. forged alloy steel head. 11/4 inches long polished. One end has driving face, other end has stitching point. White ash hickory handle, steel welded to stay tight.

D CRAFTSMAN Null Set Steel, forged, long. 1/2 inch head has driving face and magnetized end. Black satin finish, Hickory handle.

E CRAFTSMAN Tool claw. Forged steel blade and claws. Strong, light plastic handle. 7 inches long.

H CRAFTSMAN Ripping Bar. 3/16 inch head. Designed for ripping hardwoods, etc. claw offset 90° to side to permit close quarter work on flat surface. Also permits pounding sledge hammer, nail puller, etc. Forged steel.

I CRAFTSMAN Wrecking Bar. For general use, such as ripping, pulling, etc. Stocked at one end; beveled at other. Forged one-piece hexagonal. 14-inch L. 10 oz. 81/4 lb. 6 oz. 1.95

K CRAFTSMAN Shellac Bar. 3/16 inch head. Designed for shellacking, painting, etc. Forged steel.

L CRAFTSMAN Forged Steel Hacksaw Blade. 12 inch. 10 oz. 81/4 lb. 6 oz. 4.95

M CRAFTSMAN Dowel Rod. Boring instrument. 1/4 inch by 14 inches. 4.95

CRAFTSMAN Forged Steel Auger Bits

6-pc Set $5.75

CRAFTSMAN Microexplore Expanding Bit. Micrometric adjusting screw assures greater accuracy. Holds down plate holds by use of a cutter bar. Hold down screw is released, tightened with a screwdriver and wrench. Tool steel, carefully tempered. 2 interchangeable steel cutters. Tapered square Shank fits any standard bit brace. With screwdriver wrench; plastic case.

Our most popular CRAFTSMAN auger bits. 1/4"-inch steel frame; 10" sweep; exposed parts nickel plated; enclosed box-type ratchet; reversible for closeout work; Machine-cut teeth.

Heavy-duty steel chuck; specially hardened; universal jaws are self-centering. Takes all sizes of tapered square Shank bits and 5/16-inch to 1-inch round Shank bits. Use CRAFTSMAN auger bits and expanding bits at left.

CRAFTSMAN Heavy-duty Bruce. The finest brace we have ever sold. Designed with close tolerances for the toughest jobs. Easily worth the difference in price because of its stronger, more precise construction. Highly polished heavy 1/4-inch steel frame has 10-inch sweep; all exposed parts nickel plated.

Genuine tropical hardwood head and center grip; head reinforced with steel plate for extra strength; rotates smoothly on ball bearings. Reversible ratchet; fully enclosed for protection. Knurled ring shift; teeth machine-cut to close tolerances for firm smoothness; eliminates ratchet backlash.

Heavy-duty ball-bearing chuck holds regular tapered steel Shank bits; also No. 1 Morse taper and round Shank bits 1/4 to 1/2 inch. Universal self-centering, self-opening alligator-type jaws.

CRAFTSMAN Pencil Compass-Scriber. For carpenter, draughtsmen and architects. Designed for use in small work areas. Complete with set of 100 points. Comfortable, strong plastic handle.

CRAFTSMAN Replacement Blade Utility Knife. 5/16-inch, aluminum handle. 5-inch, stainless steel blade; adjustable, replaceable. Blade store in handle.

CRAFTSMAN Scratch Awl. 1/2-inch, tool steel. Balanced for easy use. Comfortable, strong plastic handle.

CRAFTSMAN Replacement Blade Utility Knife. 5/16-inch, aluminum handle. 5-inch, stainless steel blade; adjustable, replaceable. Blade store in handle.

CRAFTSMAN Hand Drill. Counter sunk Shank, use for any standard bit brace. 18 inches long overall.

CRAFTSMAN Auger Extension, for drilling in the professional craftsman's workshop. Solid steel socket. For use in any standard bit brace. 18 inches long overall.

CRAFTSMAN Screwdriver Bit. Shank hardened. Core hardened. Made to fit standard screw sizes. Used for all standard screw sizes. 18 inches long overall.

CRAFTSMAN Auger Bit. Shank hardened. Core hardened. Made to fit standard screw sizes. Used for all standard screw sizes. 18 inches long overall.

CRAFTSMAN Hand Drill. Shank hardened. Core hardened. Made to fit standard screw sizes. Used for all standard screw sizes. 18 inches long overall.

CRAFTSMAN Wall-hung Tool Cabinets

... save space ... keep tools SAFE and easy to find!

$250 Down
$250 Cash

Carpenters' Model

Professional quality. Holds over 75 tools! For home workshops as well as professional woodworking shops. Rugged steel construction.

Strong steel doors have cylinder lock with two keys. Permanent brackets inside back and both doors hold numerous tools. Back is perforated to adapt to your own personal tool arrangement. Full length, easy-action piano-type door hinges are extra strong... swing easily, even when door is fully loaded with tools.

Shelves at bottom hold place, small hand tools, etc. Small view above shows full capacity of cabinet.

Overall size (closed): 32 in. high, 19 in. wide, 5¼ in. deep. Holes in back of cabinet for hanging on workshop wall finished in rust-resistant machinery gray.

Tool holders and cabinet mounting hardware included. Tools not included.

99 C 04332L - Shop, wt. 28 lvs. $21.50

Mechanics' Model

Professional quality. Ideal for storing mechanics' tools—holds from 75 to 90 pieces! Provides lock-up protection for expensive tools. Storage area for sockets, open-end wrenches, box-end wrenches, etc. All-steel construction. Doors fitted with cylinder-type lock; two keys. Tool holders fastened inside back and doors. Perforated back permits any tool arrangement. Full length, easy-action piano-type hinges swing easily, even with door fully loaded. Shelves at bottom hold sockets and small accessories. Small view above shows full capacity of cabinet.

Overall size (closed): 32 in. high, 19 in. wide, 5½ in. deep. Holes in back of cabinet for hanging on wall of your shop, at home or at work. Finished in rust-resistant machinery gray. Tool holders and cabinet mounting hardware included. Tools not included.

99 C 04332L - Shop, wt. 28 lvs. $21.50

All-steel Parts Bin

Take the part right to the job and save both time and steps. Keeps miscellaneous small parts, screws, etc., all together, ready for instant use. No more hunting; bins cut cost too. For home workshop, garage, industrial plant.

Twelve detachable and interchangeable bins on steel frame. Frame measures 15¼ inches high, 12¾ inches wide, 7¼ inches deep. Six large bins (each 3¾ x 6¾ x 2¼ in.), six smaller bins (each 1¾ x 6¾ x 2¼ in.). Rigid frame won't tip—no need to bolt it down. Gray enamel finish.

99 C 07268 - Shop, wt. 14 lbs. $6.45

Carpenters' Tools

Also for plumbers and mechanics who use long tools. Holds full set of carpenters' tools. Size: 30 inches long, 8½ inches wide, 9 inches deep. Long design ideal for hammers, ripping bars, saws, long wrenches, pipe wrenches, etc.

Electric welded cobweb construction, 22-gauge steel with heavier 20-gauge end plates. Divided lift-out tray for small tools. Wooden saw clips in both top and bottom hold four hand saws. Slot for carrying steel square. Metal handles on both ends and on top. Full length, easy-action piano-type hinge. Lock and key plus two lever-type latches on front. Rust-resistant machinery gray finish.

99 C 06517 - Shipping weight 19 pounds. $113.95

See back cover for more Tool Boxes
