Our Biggest and Best CRAFTSMAN 175-piece Mechanics’ Tool Set

Heavy-duty steel roller cabinet included. . . Just R-O-L-L your tools right to the job

The biggest, finest, most complete set we've ever offered—for only $22.50 down, $22.500 cash! (See guarantee at top of page.)

Each socket and part made of “Super-Tuff” steel, heat-treated, tempered and chrome plated. Sockets in 1/4-inch and 3/8-inch drive sizes are HOT FORGED for super strength. (See socket features at top of page.) Improved, streamlined, forged flex “T” handles. Improved-type ratchet wrenches have handle and head in one-piece forging for extra strength and durability. Extra-large tension balls on extensions, etc., assure solid locking of sockets.

7/16-inch square drive parts. Eight 8-pt. sockets (1/4, 5/32, 7/32, 1/8, 5/32, 3/16, 1/4 inch); eight 12-pt. sockets (1/4, 5/32, 7/32, 1/8, 5/32, 3/16, 1/4 inch). Seven flexible sockets (3/16 to 1/2 inch); three extensions (3, 6, 10 inches); 10-inch flex “T” handle; reversible ratchet; universal joint, No. 2 Phillips bit.

3/8-inch square drive parts. Twenty-four super-strong hot forged 12-pt. sockets; 1/4-inch drive; twelve 12-pt. hot forged deep sockets (1/4, 1/8, 5/32, 3/16, 1/4 inch); twelve 12-pt. hot forged deep sockets (1/4, 1/8, 5/32, 3/16, 1/4 inch); four extensions (3, 6, 10, 20 inches long); 15-inch flex “T” handle; 15-inch slide bar handle; 15-inch spreader wrench; reversible ratchet; stud remover; universal joint.

Miscellaneous Tools. Includes three short box-end wrenches; four check out wrenches (3/8", 1/4", 3/16", 1/2"); line-up punch; 12-inch pick-up tool; arc-joint pliers; 6-inch long nose pliers; 7-inch diagonal pliers; brake spring pliers; cotter key extractor; brake adjusting tool; four-piece midget box-end wrench set; 3/8" x 3/8" and 3/4" x 3/4" inch ratchet box-end wrenches; rolling wedge bar; close-quarter hack saw; standard hack saw with 10-inch blade; 10-inch locking plier wrench; 8-inch adjustable-jaw wrench; 8-inch and 12-inch ball pein hammers.

Heavy-duty Roller Cabinet included. . . made of heavy-gauge auto body sheet metal, reinforced at corners and ends. Rolls easily on heavy-duty ball-bearing, 3-inch casters. Cabinet has 3 drawers and large bottom compartment. Sliding front panel, with cylinder lock and key, covers bottom compartment and locks drawers. For complete description of roller cabinet see 99 C M4338 on page 35. Shpg. wt. 167 lbs.

NOTE ABOUT PRICES:

Because of transportation costs, prices asked in your Sears, Roebuck and Co. store may vary slightly from the prices shown in this Tool Catalog.

CRAFTSMAN 49-pc. Set with 1/2, 3/8, 1/4-in. Square Drive Parts

Dependable...29 sockets in set cover a wide range of work from 3/32 to 1 1/4 inches

3/8-inch square drive parts. Seven 12-pc. sockets (3/8, 7/32, 1/4, 5/32, 3/16, 9/32, 1/8); two socket extensions (3 and 6 inches); reversible ratchet; 10-in. speeder wrench; 8-in. slide bar handle; 10-in. flex "T" handle.

1/4-inch square drive parts. Seven 6-pc. sockets (5/32, 1/8, 5/32, 3/16, 1/4, 5/32, 3/16); two 8-pc. sockets (1/8, 3/32, 1/8, 5/32, 3/16, 1/8); one reversible ratchet; and a 6-in. flex "T" handle with crossbar. Midget tool box with hinged cover.

Entire 49-piece set comes in a streamlined, rugged, electrically welded, 12-gauge steel CRAFTSMAN hip-roof tool box. Size 19x7x8 in. Rolled edges for added strength and safety. Partitioned lift-out "tote" tray. Full-length, easy-action, piano-type hinge.

Two suitcase-type catches and catch-hasp for padlock. (Padlock not included.) Die-cast aluminum top handle. Attractive, rust-resistant, gray hammerlid finish. Entire set has CRAFTSMAN dependable quality throughout. Only $5.30 down on Sears Easy Payment Plan.

You can buy your mechanics' tool set NOW with only a small down payment. See page 34 for details.
Socket Wrench Sets with 1/2-in. and 1/4-in. Square Drive Parts

CRAFTSMAN 35-piece Socket Wrench Set
Ideal for auto repairs, assembly work, etc.

An ideal set for any mechanic who has learned the value of detachable socket wrenches. The 22 sockets cover a wide range of work from 1/2 to 1 1/4 inches. All sockets and wrenches are made from "Super-Tuff" steel, expertly hardened and tempered to stand up under severe strain. All parts are plated, finished and machine polished to resist rust. Here are tools you'll be proud to own.

1/4-in. square drive parts. Seven 6-pt. sockets (7/64, 1/8, 9/64, 5/64, 3/32, 7/32, 1/16 in.); two 8-pt. sockets (3/32 and 5/32 in.); two cattscosins (3 and 6 in.); reversible ratchet; 4 1/2-in. slide bar handle; 6-in. flex "T" handle with crossbar; metric tool box. Comes in 22-gauge steel hip-roof tool box with lift out "tole" tray; rust-resistant gray finish.

12-pc. Spark Plug Set

CRAFTSMAN ... 1/2-in. square drive. Extra-deep sockets for use on spark plugs, spring "U" bolts, etc. Can also be used to reach nuts that are set down over bolts. Hot forged for extra strength and accurate, non-slip fit. All parts are plated, finished and machine polished. 12-point openings. Straight thin walls fit into close, hard-to-reach places.

All sockets are made of "Super-Tuff" steel, properly heat treated and tempered for strength and long life. Plated finish for protection against rust. Socket sizes: 1/4, 3/8, 1/2, 5/16, 3/16, 7/16, 1/4, 5/32 and 13/64 inch. Complete with an "L" handle and handy metal box.

It's easy to buy all your tools on Sears Easy Payment Plan. See page 14 for complete details.

CRAFTSMAN 9-piece Socket Wrench Set For small jobs, motors, etc.
B 3/8-inch square drive. Carefully selected to furnish the pieces needed for small jobs around the home. Ideal for the home mechanic for work on automobiles, motor scooters, outboard motors, etc. Thin side walls on sockets help get into close places. Precision broached, non-slip openings. All parts made of "Super-Tuff" steel, heat-treated hardened for strength and long life.
9 C 4395—Shipped wt. 1 lb. 8 oz. $5.95

GUARANTEE: CRAFTSMAN tools are unconditionally guaranteed by Sears to be free from defects in materials or workmanship. Any tool that fails to give you complete satisfaction will be replaced free of charge.

CRAFTSMAN 16-piece Socket Wrench Set
Thousands in industry as standard equipment
3/8-inch square drive sockets and parts. A tremendously popular set in aircraft and automotive factories. Greater strength and balance. "Super-Tuff" steel, scientifically heat-treated and tempered to stand strain of daily use. Socket walls are stronger because metal grain follows socket contour, permits thinner walls for getting into tight places. Fully guaranteed against breakage caused by defects in material or workmanship.
16-piece set includes: seven 12-point sockets (3/32, 7/64, 20, 5/32, 3/8, 11/32, 9/32, and 5/16 in.); three socket extensions (3, 6 and 10 in.); reversible ratchet; 7-3/4-in. slide-bar handle; 16-in. speeder wrench; 10-in. flex "T" handle with croswax; universal joint; heavy-gauge steel tool box, size 17 1/2x9 1/4x5 1/2 in.; rust-resisting machinery-gray finish.
9 C 4397—Shipping weight 8 lbs. $18.25

CRAFTSMAN Midget Wrench Sets . . . 3/8-inch square drive
For ignition, carburetor work, radio, etc.

CRAFTSMAN 11-piece Midget Wrench Set
A A set mechanic should be without when doing carburetor, refrigerator, ignition or radio work. Made from "Super-Tuff" steel, precision heat-treated and tempered to combine strength with hardness. Thin-wall sockets for those close places. Contains all the parts necessary to do a small job in a big way.
11-piece set includes all of the following: seven 6-point sockets (5/32 to 9/32); two 3-point sockets (5/32 and 9/32 in.); two screwdriver bit sockets (5/32, 9/32, and 1/4 in.); two Phillips-type screwdriver bit sockets (No. 1 and No. 2); three clutch head bit sockets (5/32, 9/32, and 1/4 in.); two screwdriver bit sockets (1/16 and 3/32 in.); two Phillips-type screwdriver bit sockets (No. 1 and No. 2); three clutch head bit sockets (5/32, 9/32, and 1/4 in.); two screwdriver bit sockets (1/16 and 3/32 in.).

ROSE TOOLS, INC.
CRAFTSMAN 3/4-inch Square Drive 18-piece Heavy-duty Socket Set

This heavy duty set is constructed to handle the many major jobs mechanics face from time to time, breakdown, assembly work, overhauls, machine installation, etc. When these jobs arise, you'll need tools that will stand the strain and give 100% satisfaction. All parts are guaranteed by Sears against breakage due to defects in materials and workmanship.

3/4-inch square drive sockets and parts. Don't risk the chance of losing a portable heavy-duty repair job for lack of proper tools. This dependable set is constructed and designed for the "big jobs" and makes a valuable addition to any garage or repair shop equipment. Powerful heavy-duty handles and sockets are just the tools needed for repairs and assemblies of trucks, tractors, combines, farm machinery, graders, paving machinery, and industrial machinery.

All parts made of "Super-Tuff" steel, scientifically heat-treated, tempered and finished. Straight-wall sockets are hot-forged for tremendous strength to take the heavy loads. Sockets precision broached for close fit.

GUARANTEE IF CRAFTSMAN Electric Impact Tool above shows any defects in materials or workmanship, we will repair it at no charge to you if returned within one year from the date of purchase.

CRAFTSMAN Electric Impact Tool

Saves 90% of time and hard work required by hand wrenches! Fits all 1/4-inch square drive impact tool accessories. No need to chisel or chisel-off frozen studs and nuts! Delivers 2000 rotary impacts per minute and makes short work of tightening and loosening nuts. Indispensable around your garage, job shop, farm, for all types of maintenance. Compact 110-120-volt, 25-60 cycle universal motor develops 10 to 100 foot-pounds driving torque.

CR"
7 REASONS FOR OUR UNCONDITIONAL GUARANTEE!

1. Sockets in ½-inch and ¾-inch drive sizes are forged for super strength. Precision heat-treated.
2. All parts are “Super-Tuff” steel, properly heat-treated and tempered for strength and long life.
3. All parts are chrome plated, finished and machine polished for protection against rust.
4. FORGED Flex “T” handles with extra-strong roll pin rivet in drive lug.
5. Ratchet wrenches . . . handle and head 1-piece FORGING.
6. Extra-large tension balls on extensions, etc., gives same service as 1-piece tool.
7. CRAFTSMAN socket wrenches are used by airlines, industrial plants, etc. Meet Navy Spec. 41W10 (INT.)

All ½ and ¾-inch Straight Wall Sockets are HOT FORGED

NOT THIS . . . Ordinary Socket
A Ordinary socket walls MUST be thick to stand strain. Straight metal grain sockets are bulkier and heavier. Straight metal grain at points of greatest stress in ordinary sockets often results in costly, damaging breaks. Deeply broached, ordinary ¼-inch, size sockets can’t equal forged sockets for heavy load strain required. The regular socket cannot be used full depth because of space wastaging should there be less grabbing area, more chance to slip off bolt.

BUT THIS . . . Forged Socket
B Forged socket walls are stronger because metal grain follows socket contour. THINNER walls fit tight places. Contour grain of forged sockets adds tremendous strength at points of greatest stress (where base meets side walls). Hot forged CRAFTSMAN sockets stand over twice the load required by U.S. Government Specifications GGG-W-W-401. CRAFTSMAN THIN-WALLED sockets can be used full depth, since space wastaging shoulders are eliminated.

6-PT. SOCKETS are for use on hex nuts, and walls are much thicker; Teeth are more deeply broached for greater effect on nuts with corners rounded off.

8-PT. SOCKETS are for square nuts only (generally found on farm machinery and equipment). Really a "must" for all farm mechanics.

12 PT. SOCKETS are for use on standard hex nuts and cap screws. They allow for a thinner wall section and give you double the positions when turning the nut.

CRAFTSMAN ½-inch Square Drive Sockets. With 12-point openings for use on all standard hex nuts and cap screws. Properly heat treated and tempered for strength and long life. Hot forged; strong, thin walls for getting into tight places.

CRAFTSMAN ¾-inch Square Drive Sockets. Hot forged. 12-point for hexagon nuts, 16-point for traction, trucks, heavy machinery. "Super-Tuff" steel, tempered and heat treated for added strength. Guaranteed against breakage due to defects. See features at the top of this page that make CRAFTSMAN sockets so outstanding.

CRAFTSMAN Flexible Sockets. ½- and ¾-inch square drive. 6-point openings for use on hexagonal nuts. With universal joints that stay in position at any angle; no slipping. "Super-Tuff" steel. Your choice of 7 sizes.

CRAFTSMAN Universal Joints. Compact design; all unnecessary bulk eliminated to permit freedom of movement. Joint swings at any angle up to 90 degrees to reach hard-to-get-at places. Chrome-plated finish is rust resistant.

GUARANTEE
CRAFTSMAN tools are unconditionally guaranteed to be free from defects in materials or workmanship. Any tool that fails to give complete satisfaction will be replaced free of charge.
Make short work of nut-tightening, loosening!

CRAFTSMAN
Flex Spinners...Socket Handles...Extension Bars...Ratchet and Speeder Wrenches

**CRAFTSMAN Extension.** For 1/4-in. square drive sockets, 1/4-in. long, "Super-Tuff" steel. Shockproof clear plastic handle.

**CRAFTSMAN Spark Plug Sockets.** 1/4-in. square drive, 12-point openings. Hot forged, heat-treated. Polished finish.
**CRAFTSMAN “Super-Tuff” Steel Wrenches in Plastic Envelope or Metal Stand**

**Open-End Wrench Sets**

- They are laboratory approved and price competitive. We've seen no better value!
- Handsome chrome-plated finish. Heavier polished heads and panels.
- Balanced, streamlined design. Longer handle gives greater leverage.
- The lowest price we know of for such complete sets of this high-quality steel.
- Drop-forged “Super-Tuff” steel, expertly heat-treated for tremendous strength.
- Larger range of opening sizes... from $ to 1½ in. accurately milled for perfect fit.

**Combination Wrench Sets**

Open one end; other box-end with 12-point opening for hex or square nuts. Accurately broached. Box-end offset at 15° angle. Open end set at 15° angle. Strong, thin tapered heads. Chrome plated, handles, panels.

**Box-End Wrench Sets**

Accurately broached 12-point openings give non-slip fit. Rust resistant chrome-plated finish. Polished heads and panels.

---

**CRAFTSMAN Ratchet and OUNLAP Steel Wrenches... Heat-treated and Hardened for Long Service**

ROSE TOOLS, INC.
Now with greater leverage, holding power

New... Improved Design. Now has greater leverage and greater holding power. Over one-ton bulldog grip! Pressure applied to handle produces over one-ton thrust at jaws. Tested far beyond U.S. Government Specifications GG-P-471a.

Many tools in one. Use as adjustable wrench, pipe wrench, clamp, locking wrench, multi-leverage plier, and portable vise. Also use it for removing cotter pins, broken or rusted studs, stubborn or rounded nuts. As a portable vise it holds work tightly for welding, drilling, sawing, grinding, etc.

Narrow, forged steel jaws get into tight places. Positive gripping, precision-milled teeth... hold any shape securely within jaw capacity. Has spun rivet assembly to increase life of tool. Jaws can be locked into position; or tool can be used as regular pliers. Pressure on bottom lever releases lock. Rust-resistant chrome-plated finish. Available in two jaw shapes—straight jaws or double-curved jaws, as listed below.

A Locking Plier Wrench with Straight Jaws.
- 7-inch size. Jaw capacity 1.1/4 inches. Shipping weight 13 oz. $1.79
- 10-inch size. Jaw capacity 1.1/2 inches. Shipping weight 1 1/2 lb. 8 oz. 1.98

B Locking Plier Wrench with Double-curved Jaws. Holds round stock. 10-inch size. Jaw capacity 1 1/2 inches. Shipping weight 1 pound 8 ounces. 1.98

Our Best CRAFTSMAN Pliers...

- 9 C 4438 — Shpg. wt. 8 oz. $1.29

- 9 C 4557 — Shpg. wt. 6 oz. $1.09

E CRAFTSMAN Long Chain-nose Pliers. Half-round jaws, used for forming wire loops, etc. Ideal for delicate work. See plier features described at top of opposite page. Hose side cutters. Jaws machine-milled. Fully polished. 6 1/2 inches long.
- 9 C 4459 — Shpg. wt. 6 oz. $2.59

F Plastic Plier Grips. Insulate handles of pliers against electric shock, and provide non-slip grip. Amber-colored plastic. Available in two sizes, as listed in table below.
- 9 C 4516 — Please state length wanted.

G Nippers... Cutters... Stripper

- 9 C 4440 — Shpg. wt. 9 oz. 98c

- 9 C 4493 — Shpg. wt. 12 oz. 90c

DUNLAP Bent Needle-nose Pliers. For switchboards, electrical work, etc. Forged steel. Bent handles. 6 1/4 inches long.

Above 9 Great Features!

**CRAFTSMAN** 12-piece Punch and Chisel Set

CRAFTSMAN heavy-duty professional quality...has all nine important features shown at the top of these two pages. Each piece is forged from "Super-Tuff" steel, scientifically tempered and hardened to stand severe strain and long, hard usage. All pieces chrome plated to resist rust. A well-balanced assortment selected to cover all the needs of mechanics, etc.

Complete 12-piece set includes: one 14- in. cap chisel; one 14- in. round nose chisel; one 3/4-in. diamond point chisel; three cold chisels (14-in., 15-in., and 1-1/2-in. sizes); one 3/4-in. center punch; one 1-1/4-in. solid punch; one 7/8-in. drift punch; three pin punches (3/32-in., 1/8-in., and 5/32-in. sizes). Plastic carrying case.

91 C 4308—Shed. wt. 2 lb. 8 oz. $3.65

Work in Extra Comfort with a CRAFTSMAN Creeper

Mechanics, farmers, maintenance men—tired of wriggling and crawling under trucks, tractors, and other machinery to do your repair work? Why not just ROLL under...lying on a CRAFTSMAN creeper? Save your back and clothes while doing auto and machinery repairs! No need to get clothes dirty or damage the floor. A must for all garages, service stations, etc. Paired leatherette full-width headrest keeps head in normal position; resists oil, grease. And it's easy to keep clean, too.

 Rolls easily: pivots in any direction,... even on rough, uneven floors... because it has four plate-type angle rollers; sturdy 2 1/4-in. wheels. Select hardwood body, smoothly finished. Lacquered for easy cleaning and resistance to weather. Creeper bolted throughout with smooth-steel carriage bolts. Measures 36 inches long by 16 inches wide. Satisfaction guaranteed or your money back.

99 C 04548—Shipping weight 13 pounds. $8.95

CRAFTSMAN Close-quartet Hock Saw.

For tight places, ideal for cutting bushes, etc. Center of steel frame in line with blade to avoid binding. Shaped aluminum handle. With one bi-luch blade.

9 8 C 3555—Shop. wt. 1 lb. $7.19

91 C 3562—Shop. wt. 1 lb. 14 oz. $2.09

CRAFTSMAN Safety-grip Hock Saw.

Plastic handle is set at 45-degree angle away from saw for easier grip, better control. Blade adjusts; cuts in 4 directions. Locking feature—holds blade tight. Electrically welded frame; reinforced back. For 10 or 12-in. blades. With 10-in. blade.

91 C 3557—Shop. wt. 3 lbs. $2.59

CRAFTSMAN Tubular Hock Saw.

91 C 3558—Shop. wt. 2 lbs. 3 oz. $2.75

CRAFTSMAN Roll-4, 2 in. 1-Hook Saw Blades. Made of special alloy steel, hardened and tempered, yet extremely flexible. Tooth edge is hard; guaranteed not to strip.

Stake length: 10 1/4 in.

Please be sure to give correct catalog numbers when ordering.

PAGE 17. MECHANICS' TOOLS

[Image of the page with illustrations of tools and product information]
High Quality CRAFTSMAN and DUNLAP Automotive Tools...

- **CRAFTSMAN Cylinder Grinder.** Reconditioning 2½ to 4½-inch diam. cylinders. Removes metal at uniformly high speed, puts mirror-like finish on cylinder walls. Cuts continuously without frequent adjustment, but may be readily moved at any time to check work. Use on trucks, busses, all automobiles except Austin. Self-lubricating -stones, buffer grinding wheel, grinding belt. Includes set of coarse and set of fine stones (2 stones, 2 lubricated pads per set). 2 sets of stone carriers, drive collar, shank, extension. Use with 1½-inch electric drill, drill press.
  - 9 C 4681 - With instructions. Spig. wt. 7 lbs. $54.95
  - 9 C 4681P - Set, 2 fine stones, 2 lubricated pads. $5.50

- **CRAFTSMAN Expansion Hone.** Hoists steel, cast iron, brass, bronze, brass, etc. For piston pin fitting, honing brake cylinders or any internal cylinder bore 1¼ to 1½ in. honing spindle bolt, water pump or steering sector bushing. With 2 sets of fine and coarse abrasive pads or carriers. Use in vase or ¼ to 1½-inch electric drill or drill press.
  - 9 C 4688 - Shipping weight 1 pound 5 ounces. $12.95
  - 9 C 4688P - Shipping weight 1 pound 6 ounces. Set for above. Spig. wt. 6 lbs. $19.98

- **CRAFTSMAN Burnishing Hone.** Removes gage, not the metal. Resurfaces cylinder walls for expansion-type pistons.
  - 9 C 4680 - Shipping weight 1 pound 7 ounces. $10.50
  - 9 C 4680P - Replacement Set of 2 extra-fine stones and 2 pads for above. Shipping weight 8 ounces. $5.30

- **Valve Seat Faceoff Set.** For refacing hard valve seats. Use with speeder handle or electric drill. Replaceable abrasive discs. Repeats most valves up to 2½ inches, except Chevrolet "6." (For Chevrolet, see 9 C 4641 at left.) Set consists of one 30° faceoff and 3 extra 45° faceoffs. (1½, 1¾, 1½, 1¼, 1½, 1¼, and 1½ in.) Price: $1.75 each in Ford V8, crosshead and supply of fine grit abrasive discs.
  - 9 C 4639 - Spig. wt. 6 lbs. 5 oz. $8.25
  - 9 C 4640 - Reamers Disc for Set (2 extra). Spig. wt. $1.75

- **Valve Refacing Tool.** Base can be held in vise or screwed to work bench. Rotor formed for use with all Chevrolet valves. High speed tool steel blades. Rigidly set and held against fixed stops. Blade angle is adjustable for both 30° and 45° faces.
  - 9 C 4709 - Spig. wt. 1 lb. 12 oz. $2.69

- **DUNLAP Reciprocating-type Valve Grinders.** Delivers quick, unbalanced work. Built for use with latest innovative ball thrust bearing on spindle. Heavy steel. With long and short self-locking stems, bit fits all makes of valves, vacuum cup, grinding spring. Length 7 in.
  - 9 C 4704 - Spig. wt. 1 lb. 8 oz. $2.59

Ridge Reamers... Ring Expander and Compressors... Spring Compressor... Valve Lifters and Others...

- **Cylinder Wall Ridge Reamer.** Professional type for service stations and garages, will work in new short-stroke motors with piston in cylinder. Removes ridges in cylinders caused by ring wear—does it easily, quickly and accurately. Automatic lock in position. 2¼ to 4 inch diameter chambered or straight cylinders.
  - 9 C 4712 - Shipping weight 1 lb. 12 oz. $19.05

- **Super Range Cylinder Ridge Reamer.** Cuts ridge in cylinders in cutting range of 2½ to 4½ inch diameter (practically all passenger cars). Also removes ridges on 60 HP Ford carb. Pistons trace out finest alignment possible. Only screwdriver and wrench needed to turn tool.
  - 9 C 4721 - Shipping weight 2 lbs. 6 oz. $4.98

- **Piston Ring Expander.** All-steeet construction. Remove or install piston rings easily without ring damage. Handles all rings from 2¾ to 4¼ inch diameter—no adjustments to make. Jaws grasp side of ring, hooks engage points and ring expands front, back and sideways.
  - 9 C 4661 - Shipping weight 14 oz. $1.50

- **CRAFTSMAN Ratchet-type Piston Ring Compressor.** Professional quality, heavy duty. Self-locking ratchet pawl is an oil-tempered spring steel. For all cars, small trucks. Takes 4 rings at a time; 2½ to 5 inch diameter. ½ in. deep. Takes 4 rings at a time. Automatic tension brake. Empered steel connection bolts. 9 C 4701 - Shipping weight 14 oz. $2.19

- **DUNLAP Piston Ring Compressor.** Ratchets 2½ to 6 inch diameter, ½ in. deep. Takes 4 rings at a time. Automatic tension brake. Tempered steel compression bands. 9 C 4701 - Shipping weight 14 oz. $2.99

- **Magnetic Key Inserter.** For replacing all split valve keys. Permanent magnets held keys in jaws of spring controlled levers of non-magnetic stainless steel. You open the jaws, put keys against magnets, line up keepers and release the handle—simple as that. Strong grip of jaws supports the tool, leaves hands free for other work.
  - 9 C 4671 - Shipping weight 6 oz. $1.98

- **CRAFTSMAN Valve Spring Compressor.** Vertical, lift type valve spring compressor. Strong 9x11 inch steel frame with 1½ inch opening capacity clears exhaust manifold of other obstructions without removing them. No, 1 straight spring—steels fit 90% of all size valve springs and washers; won't slip off springs. Automatic lock holds spring in any position, leaving both hands free. Has pull-out ratchet crank to clear obstructions.
  - 9 C 4691 - Shipping weight 5 lbs. 8 oz. $6.50

- **Offset Replacement Jaws for Valve Spring Compressor above.** Spig. wt. per pair 4 oz.
  - No. 8 Special Offset Jaw. For Plymouth, Dodge, Chrysler and Waukesha motors. 9 C 4699 - Price $1.35
  - No. 2 Special Offset Jaw. For all General Motors cars and Continental Motors. 9 C 4697 - Price $1.00

- **"Little Shorty" Screw-type Valve Lifter.** T-10 for under the distributor on late model L-head cars, trucks with manifold on. Spig. steel jaws; cast malleable iron handle. Parallel lift 1½ in. Upper jaws adjust for any size valve springs. Lifter alcohol on any height. 9 C 4559 - Shipping weight 1 lb. 8 oz. $2.79

- **Valve Lifter.** For nearly all makes of auto engines, including Ford models A and B. Full, comfortable grip, self-locking catch held by spring. Steel, rust resistant finish. 10 inches longs 9 C 4650 - Shipping weight 14 ounces. $9.86

- **Overhead Valve Lifter.** Designed for valve-in-head motors. Heavy-gauge steel, heat treated. Hook, offset pivot pin prevents hooks slipping. Overall length 14 inches 9 C 4558 - Shipping weight 1 pound. $1.65

- **Tappet Adjusting Tool.** Has flat wrench with 12 point openings (½, ¾, 1 inch) on each end for engaging the lock nut, overbuilt screwdriver for actuating adjusting screw. Use for overhead valve tappets on Buick, Chevrolet, Ford V8, Lincoln, Mercury and Nash cars.
  - 9 C 4557 - Shipping weight 12 ounces. $1.55
for Precision Motor Repairs on Cars and Trucks

[Table of parts and prices]

Tire Valve Tools...Brake Tools...Lock-Ring Pliers...Clutch Aligning Tool...Bushing Driver Set

Valve Fishing Tool. Prevents losing inside valve during installation. Threaded valve cap has flexible cable; will not kink or break. Handle swivels for easy use. Handle has valve core remover on one end; tire deflator on other. Made of high grade steel. Shipping weight 4 ounces. 9 C 4718. $0.50

Tire Valve Tool. For removing and replacing tire valve cores and retreading inside and outside of valve stem. Core remover has guide that back out inside when shoulders are broken off. An easy tool to use. Made of high grade steel, hardened and tempered. Shipping weight 4 ounces. 9 C 4720. $0.25

CRAFTSMAN Lock Ring Pliers. Use to spread snap lock rings on brake linings, transmissions, differentials, pedal shafts and clutch shafts. Also for spreading brake keys, as on hydraulic brakes, and parking brake rings. Heat-treated forged steel. 9 C 4737. Shipping weight 6 ounces. $1.98

CRAFTSMAN Brake Adjusting Tools. Professional quality. For two major adjustments: cog screw and eccentric to act as stabilizer. Hammer-forged alloy steel tool, rust-resistant finish. 9 C 4736. Shipping weight 6 ounces. $0.70

CRAFTSMAN Clutch Aligning Tool. Aligns clutch disc and pressure plate with fly-wheel pilot bearing; centers disc and clutch with fly-wheel so clutch shaft enters pilot bearing readily. 9 C 4735. Shipping weight 6 ounces. $0.70

CRAFTSMAN Clutch Aligning Tool. Adjusts clutch disc and pressure plate with fly-wheel pilot bearing; centers disc and clutch with fly-wheel so clutch shaft enters pilot bearing readily. 9 C 4735. Shipping weight 6 ounces. $0.70

CRAFTSMAN Cross-Ring Wrench. Drop-forgecd steel, hardened and tempered, 6-inch arms, 1/4-inch diam. Two 3/4-inch hex openings, one 1/2-inch, one 5/8-inch. Chrome-plated, polished sockets. (See Socket Guide below.) 9 C 4477. Shipping weight 3 pounds. $2.19

New CRAFTSMAN Cross-Ring Wrench. Same as above, but longer 23-inch arms, hardened and tempered. Fits 1/2-inch, 3/4-inch, and 1 1/4-inch hex openings. (See Socket Guide below.) 9 C 4696. Shipping weight 4 lbs. 6 oz. $2.90

DUNLAP Cross-Ring Wrench. (Not shown.) Carbon steel, 14-inch arms, 5/8-inch diam. Two 3/4-inch hex openings, one 1 1/4-inch and one 7/8-inch. (See Socket Guide below.) Rust-resistant finish. 9 C 4473. Shipping weight 2 lbs. 12 oz. $1.15

CRAFTSMAN Forged Steel Hammers... Choices of 3 Handle Styles

**CRAFTSMAN "Headliner" Hammer.** Perfect balance assures right "feel" and easy swing. Steel band reinforces neck to increase handle's strength by 25%. Compression fit of handle to head keeps them tight... handle end sealed with plastic to keep moisture out. Head of drop forged special analysis steel, heat treated; hardened. Head absolutely round, uniform bevel, properly crowned face reduces mushrooming or chipping. Finest grade white hickory handle, with flared rubber tip on end.

9 C 3814 — Curved Claw Carpenter's Hammer, Shpg. wt. each 1 lb. 10 oz. Size 2, 11 oz. head... $3.55
Size 2 1/2, 16 oz. head... $3.55
9 C 3816 — Straight Claw (Rip) Hammer, Shpg. weight 1 pound 10 ounces, Size 1 1/2, 16 oz. head... $3.55
Size 1 1/4, 16 oz. head... $3.55
9 C 3809 — Curved Carpenters Hammer, Shpg. weight 1 pound 14 ounces. Size 1 1/4, 20 oz. head... $3.75

**CRAFTSMAN Magnetic Upholsterer's Hammer.** Finest professional quality, 7 forged alloy bevels. Matching long polished head. One end has driving face, other end has magnetized to hold tacks. White hickory handle; steel wedged to stay tight.

9 C 3803 — Shaping weight 13 oz. $2.95
9 C 4282— each... 35c

**CRAFTSMAN Tack Hammer.** S-cal, forged steel head has driving face end and magnetic end. Black satin finish. Hickory handle.

9 C 3802 — Weight 10 oz. $0.65

**CRAFTSMAN Tack Claw.** Forged steel blade and claws. Strong, light plastic handle. 7 inches long.

9 C 3810 — Shipping weight 4 oz. $0.85

**CRAFTSMAN Bow Saw.** Blade cuts faster, stays longer. Neck is made of special alloy steel. The easy to change blades are made possible by adjustable wing nut tension. Now it's easy to handle because the oval-shaped tubular steel frame is strong, yet light. Handle is designed extra-long for firm, comfortable grip. Red enamelized to resist rust. Saws on forward and back stroke; deep gullets take out saw dust fast.

30-in. size for cutting firewood and fence posts, pruning larger limbs, clearing brush, 36-in. size for bucking, felling, and cordwood, 42-in. size replaces one-man crosscut saw for heavy use and pulpwood cutting. Complete with one blade.

**CRAFTSMAN Lumber Hatchet.** Popular Underhill pattern. Extra thin, keen edged blade. Has deep milled 12-row crowned face. Steel wedge locks head securely to smooth finishing handle. 2 1/4-inch clean cut.

9 C 4827 — Shpg. wt. 2 lbs 2 oz. $4.95

**CRAFTSMAN Axe.** Michigan pattern. 3 1/2-lb. head. Special axe steel; handled and tempered; perfectly balanced. Keen edged bit. Wedge-locked handle, 36 inches long. Will stand over 650-pound strain.

99 C 05037 — Single bit axe, Malleable... $6.15
99 C 05041 — Double bit axe, Malleable... $7.25

**CRAFTSMAN All steel Hammer.** Triple heat treated hammer, building forms, laying floors, etc. One piece, all steel construction eliminates nuisance handles and, swinging hammer heads. Built-in balance for non-ding swing.

These hammers combine strength of steel with "give" usually found only in conventional wood-handle hammers. Tested up to 600-pound pull.

Triple heat treating process gives maximum strength and ductility; leaves any marring and chipping. Head absolutely round, with properly crowned face and uniform face bevel which reduces mushrooming or chipping. Polished head and neck. Head, face and bevel precision machined. Spring neck handles tempered to perfect strength.

16-ounce steel head and steel handle form one compact piece for greater safety. Non-slip laminated leather grip shaped like conventional handle; will last of hammer in ordinary use, curved to true radius for uniform nail pulling, Weight shipped each 1 pound 14 ounces.

Our Best CRAFTSMAN Planes

Honed steel blades, tough plastic handle and machined surfaces—all features of this fine tool!

We compared several leading planes with a CRAFTSMAN Smooth No. 4 Plane (shown above). Our comparison showed that this CRAFTSMAN plane gave smoother, faster, more accurate cutting and longer service—than others tested, regardless of price asked. All four sizes have the same features and the same built in professional quality.

One-piece cutter made of chrome-vanadium steel, heat treated and tempered. Each cutter blade honed to a razor edge. bolsters that end under continual use and requires only occasional touch up to keep sharp. Adjustable cutter blade cuts shaving so thin and close to the surface that it is invisible. Patented lever and screw device gives closest side and depth adjustment. Sides and bottom machined perfectly true. Smooth bottom has 2 in. cutters. Corrugated bottom (corrugated for less friction) has 2 5/8 in. cutters. All these planes have the same features as the Smooth No. 4 (illustrated).

Buy all your tools on Sears EASY TERMS. Pay as little as 10% down on orders of $20 or more, the balance in small monthly amounts. See page 34.
**Famous CRAFTSMAN Hand Saws... hollow ground for easy cutting, less binding**

**CRAFTSMAN Hand Saws... with Plastic Handles.** Handle is better, more comfortable and much stronger than conventional wood or other types of plastic handles. Also weather resistant and won't break in normal use. 26-inch straight back blade is hollow ground. Special saw steel; heat treated, tempered and polished. Expertly set, filed and pointed. Teeth are same gauge entire length of saw. Hole in end of blade for hanging. Shipping weight each 3 lbs.

- 99 C 0361 - Crosscut Saw. For cutting wood across the grain. 8 (coarse) or 10½ (fine) points per inch. Each $4.95
- 99 C 0361 - Rip Saw. For cutting with the grain. 5½ points per inch. Each $4.95

**CRAFTSMAN Heavy-duty Compass Saw.** Use in any one of four different positions. Most useful compass saw we've seen. Makes cuts in tight places or at difficult angles. Blade rotates full 360° and locks in 3 positions (see views above). For cutting wood or metal. With 12 in. wood cutting blade and 9½ in. metal cutting blade. Hard rubber pistol-grip handle and extended comfortable gripping area make it easy to hold while working. Shipping weight 1 lb. 9 oz. Each $2.85

**CRAFTSMAN Coping Saw.** Adjusts for angle cuts. Steel frame: 6¼-in. throat. Bright finish. Sturdy hardwood handle. With 6½-in. extra-long tangential or loop-end blades. (See below for additional blades.)

- 9 C 3541 - Shipping weight 1 pound 2 ounces.

**CRAFTSMAN Coping Saw Blades.** For wood or metal. 6½-in. pin-end type. Shipping weight for 3, 1 oz. for 3, 25c

CRAFTSMAN Tapes . . . 3/8", 3/4", and 3/8" inches wide . . . won't buckle

Three Self-Tightening Pocket Tapes. Features seldom found at these low prices. See total inches, and feet and inches of a tape . . . eliminate figuring! Jet black markings on white baked enamel; bonded to tempered high carbon flex-rigid steel blades.

CRAFTSMAN "Power-Return" Tape. Blade automatically retracts into case by simply pushing button . . . no backlash! Tape speed controlled for fast or slow rewinding. Rewind mechanism acts as positive brake on blade. Also allows you to take measurements and transfer them.

CRAFTSMAN 3/4" Wide Tape. Easier to handle; measures and transfers without bending. Chrome-plated zinc die-cast case with belt clip; adjusting end hook for inside-outside measurements. 10-foot length graduated in 1/16ths for first 6 inches, 16ths thereafter. 12-foot length graduated in 16ths.

CRAFTSMAN 1/8" Pocket Tape. Has the "self-tightening," high readability features of the tapes at left. 3/8" flex-rigid steel blade. Jet black markings on white enamel won't chip or crack. Strong plastic case. Accurate inside or outside measurements.

CRAFTSMAN Steel Tapes . . . Our Most Popular. Professional quality features seldom found at these low prices. Easy-to-read jet black markings on snow-white blade. Won't crack, chip, peel or corrosion. Replaceable 3/8" flex-rigid steel tape with markings in feet, inches and eighths of an inch. Combination hook-end rings and eyes gives you accurate hook-over measurements; ensures one-piece operation.

Double-roller mouthpiece keeps tape from scraping or jamming. Folding handle opened by push-pin; anti-brush chrome-plated tension ring; welded steel case, covered with Dupont® Fibrolite, a tough material like saddle leather. With handy plastic carrying case.

CRAFTSMAN Wall-hung Tool Cabinets

...save space... keep tools SAFE and easy to find!

Either Model Tools not included $250 DOWN $2150 CASH

Carpenters’ Model

A Professional quality. Holds over 75 tools! For home workshops as well as professional woodworking shops. Rugged all-steel construction.

Strong steel doors have cylinder lock with two keys. Permanent brackets inside back and both doors hold numerous tools. Back is perforated to adapt to your own personal tool arrangement. Full length, easy-action piano-type hinges hang extra strong, swing easily, even when door is fully loaded with tools.

Shelves at bottom hold plane, small hand tools, etc. Each small above shows full capacity of cabinet.

99 C 04382L—Shpp. wt. 28 lbs. $21.50
99 C 04363L—Shpp. wt. 28 lbs. $21.50

Mechanics’ Model

B Professional quality. Ideal for storing mechanics’ tools—holds from 75 to 90 pieces! Provides lock-up protection for expensive tools. Storage area for sockets, open-end wrenches, box-end wrenches, etc. All-steel construction. Doors fitted with cylinder-type lock; two keys. Steel tool holders fastened inside back and doors. Perforated back permits any tool arrangement. Full length, easy-action piano-type hinges swing easily, even with door fully loaded. Shelves at bottom hold sockets and small accessories. Small view above shows full capacity of cabinet.

Overall size (closed): 32 in. high, 19 in. wide, 5¾ in. deep. Holes in back of cabinet for hanging on wall of your shop, at home or at work. Finished in rust-resistant machinery gray. Tool holders and cabinet mounting hardware included. Tools not included.

99 C 04382L—Shpp. wt. 28 lbs. $21.50
99 C 04363L—Shpp. wt. 28 lbs. $21.50

All-steel Parts Bin

Take the part right to the job and save both time and steps. Keeps miscellaneous small parts, screws, etc., all together, ready for instant use. No more hunting; and bins cut loss, too. For home workshop, garage, industrial plant.

Twelve detachable and interchangeable bins on steel frame. Frame measures 15¾ inches high, 12¾ inches wide, 7 inches deep. Six large bins (each 3¾x7x2¼ in.) and six smaller bins (each 1¾x6¾x2¾ in.). Rigid frame won’t tip—no need to bolt it down. Gray enamel finish.

99 C 07268—Shpp. wt. 14 lbs. $6.45

See back cover for more Tool Boxes

CRAFTSMAN Carpenters’ Tool Box

Also for plumbers and mechanics who use long tools. Holds full set of carpenters’ tools. Size: 30 inches long, 8¾ inches wide, 9 inches deep. Long design ideal for big hammers, ripping bars, saws, long wrenches, pipe wrenches, etc.

Electric welded construction. 72-gauge steel with heavier 20-gauge end plates. Divided lift-out tray for small tools. Wooden saw clips in both top and bottom hold four hand saws. Slot for carrying steel square. Metal handles on both ends and on top. Full length, easy-action piano-type hinges. Lock and key plus two lever-type latches on front. Rust-resistant machinery gray finish.
