Sears leads the way...

We now Guarantee that every CRAFTSMAN® Portable Electric Tool will unconditionally give you complete satisfaction for 1 year...or we'll replace it FREE!

 Guarantee: CRAFTSMAN Portable Electric Tools are unconditionally guaranteed for one year to give complete satisfaction, or return for free replacement. This service is available by returning tool to any Sears store throughout the U.S.

If these tools weren't made the way they are, we couldn't guarantee them the way we do

DOUBLE INSULATED

Here's what we mean by DOUBLE-INSULATED TOOLS... and why they use 2-prong plugs

The common 3-wire system of grounding a tool with the 3rd wire in the power cord usually requires an adapter to connect the 3-prong plug to most household outlets. But there's no adapter needed with CRAFTSMAN DOUBLE-INSULATED tools... they have a two-prong plug that connects to regular household outlets.

That's because CRAFTSMAN DOUBLE-INSULATED tools have two separate systems of insulation built in to shield electrical conducting parts. Primary insulation (shown in yellow above) protects component parts of a tool as in any well designed electrical product... the secondary or DOUBLE insulation (in red, above) electrically isolates the outer casing and backs up primary insulation. Throughout the system—especially at high current stress points—DOUBLE insulation reinforces the primary system.

So—even if for any reason the primary insulation should break down—there's always the secondary system ready to take over. That's why Sears needs no 3rd wire on DOUBLE-INSULATED portable electric tools (but note that only tools described as "DOUBLE-INSULATED" offer this great modern engineering feature).

CRAFTSMAN® Tools Carry the Seal of the Power Tool Institute

This Seal assures you that the manufacturer's power tools, including the particular tool associated with the Seal, are produced in accordance with applicable standards for Safety of Underwriters’ Laboratories, Inc. and American National Standards Institute (ANSI); that compliance with applicable safety standards is assured by independent inspection and testing conducted by Underwriters’ Laboratories, Inc.; that every motorized tool is inspected under power; that every tool is equipped with adequate instructions and a list of safety rules for the protection of the user; that the tool manufacturer is a member of the Power Tool Institute and is a sponsor of the Institute's Consumer Safety Education Program.
HERE'S COMPACT, PORTABLE POWER!

Of all the electric drills Sears offers, this 3/8-inch, 1/3-HP Drill is our best selling.

With accessories it'll do all these tasks for you.

It's for you—if you now have a drill that's usable but limited... if you're replacing a wornout drill... if this is your first electric drill. Read why this is such a valuable tool.

- Double Insulated... plugs into any standard house outlet... no 3-prong adapter plug needed
- Variable Speeds... plus low, medium, high settings you lock in place for continuous running
- Reversible... just flip a switch, the bit frees itself and backs out... you won't get stuck with this drill

Without bit $39.50

Every home and shop needs this kind of drill. It provides you with a primary source of power for many attachments. With the right accessories (see pages 16 and 17), you can use it as a power screwdriver, a sander, a paint mixer, a circular saw... even lets you thread rods and tap holes. All parts precision made and designed for steady power delivery, size, balance and appearance. Burnout protected motor develops plenty of power for drilling, cutting, polishing.

**Variable-speed reversible 3/8-inch Drill**
for heavy-duty work

**$49.50**

Instant-change variable speed with pressure on trigger plus pre-set speeds of high, medium, low. 100% ball bearing construction

Double insulated...no ground required. Motor develops 3/4 HP. Designed for the professional. You can bore through steel, concrete, wood and plastic with ease. Zips thru jobs shown on preceding page, with attachments. Just apply pressure on trigger to increase speed and torque. No load speed of 0 to 1,000 rpm. Tri-lock control locks drill in 3 pre-set speed settings for continuous running. Reversible...flip switch and back out when bit gets stuck.

9 GT 1138—Shipping weight 5 pounds 7 ounces...$49.50

---

**35-piece Kit with 3/8-inch Drill**

Kit includes double insulated, variable speed, reversible drill 9 GT 1136 described above; chuck key; key holder; spade bit; fishtail; hole square; paint mixer; three metal bits (1/4", 3/4", 1/2"); two boring bits (1/2", 3/4"), 18 sanding discs; two 3-inch back-up pads with Arbor; 6-inch Lamb's wool polishing bonnet; cord lock that stops cord from disconnecting from extension cords used with appliances and electric tools. Also includes a handy Permanox® polyethylene case 9 GT 1451. . .see opposite page.

9 GT 11936—Shipping weight 10 bs. 6 oz...Kit $39.50

---

**30-pc. Kit with 3/8-inch Drill**

Made up of widely-used components. Kit includes double insulated, variable speed drill 9 GT 1143 described above; chuck key; key holder three high-speed metal bits in sizes 1/4", 3/4" and 1/2"; convenient wire paint mixer; 18 sanding discs of assorted grits to meet your needs; two 3-inch back-up pads with Arbor; 6-inch Lamb's wool polishing bonnet; cord lock to stop cords from disconnecting. Also includes a handy polyethylene carrying case.

Shipping weight 6 pounds.

9 GT 11923...Kit $24.99

---

**22-piece Kit with 3/8-inch Drill**

A handy drill kit for homeowners and hobbyists. A good beginner's kit...lets you do a variety of jobs anywhere. Kit includes a variable speed drill 9 GT 1141 described above, plus the following components and attachments: key holder; chuck key; high-speed metal bits with sizes 1/4", 3/4" and 1/2", 3/8"; metal paint mixer; 12 sanding discs with assorted grits; two 3-inch back-up pads with Arbor; washable Lamb's wool polishing bonnet. Shipping weight 4 pounds 4 ounces.

9 GT 11912...Kit $19.99

---

**These Drills and most others...**

**Varible-speed Drills...designed for medium-duty work**

**$29.50**

1 3/8-inch..reversible. Motor develops 3/4 HP. Double insulated...no grounding required. Pressure on trigger increases or decreases speed and torque. Flip switch to back out. With ball thrust...permanently lubricated sleeve bearings. No-load speed 0 to 1,000 rpm.

9 GT 1136—Shipping wt. 4 lbs. 3 oz...$29.50

1/4-inch. As above; but no reversible feature. No-load speed 0 to 1,200 rpm.

9 GT 1132—Shipping wt. 4 lbs. 3 oz...$24.75

9 GT 1143—Shipping wt. 3 lbs. 10 oz...$19.99

9 GT 1141—Shipping wt. 3 lbs. 10 oz...$14.99

---

**Everything you need to polish, drill holes, sand and mix paint in these Kits...**
Sears Electric Hand Tools now Double Insulated!

½-inch Drills with extra torque plus top and rear handles for convenient 2-hand use
- Rigid sectional aluminum housing for lasting strength
- Precision helical gears for long life, double reduction gears for uniform torque
- Trigger lock for continuous operation
- With ½ x 20-threaded spindle

Pernex® Cases for drills, tools
(3 and 4) Double-wall molded polyethylene won't rust, crack, dent. Resist acids, oils, alkalis, impact, abuse. Handle rests flat on cutout top. Stainless steel locking clips.

3 For ¼ and ½-in. drills... $4.69.
4 For ⅜-in. drills... $6.99.
5 For ½-in. drills... $8.99.
6 For power or hand tools... $11.88.

CRAFTSMAN® Drill Stands with tilt tables

5 2-position Drill Stand. Mounting bracket fits all ¾- and ½-inch electric drills (except 94T1138), fits other makes. Use vertically or horizontally. Tilt table for angle drilling. Locking depth gauge with 0 to 2½-inch depth range. With 8½-inch throat depth, 1-inch diameter tubular column 16 inches high. Cast aluminum base 6½ inches. 9 GT 2592 — Wt. 9 lbs. 2 oz. $16.66.

6 Drill Stand for ½-inch drills. Fits ½, ⅜, or ¼-inch "D" grip or pin-on grip handles. Adjustable rack and pinion depth control 0 to 3 in. deep; 6-in. thrust. 7½-in. cast aluminum base. Tilts for angle drilling. 20-in. steel column. 9 GT 25987C — Wt. 18 lbs. $29.88.

7 Bench Stand. Lets you wire brush, sand, sharpen with ease. Acts as guard. For ¼, ⅜, and ½-inch drills. 9 GT 2591 — Wt. 1 lb. 4 oz. $2.45.

CRAFTSMAN® Speed Reducer Kits

Complete Kit $24.88

6 Speed Reducers with aluminum housing and planetary gear train to multiply drill torque 7 times, gets tough jobs done fast. Also includes 3 sockets, ⅜-inch drive adapter, 6 screwdriver bits (2 Phillips and 2 flat), Chuck drive adapter, ⅜-inch geared chuck, key, steel case. Fits spindle or chuck on ¼, ⅜ and ⅜-inch drill with drive adapter. Shipping weight 4 pounds 5 ounces. 9 GT 25654.— Wt. 8 lbs. $25.80.

Basic Kit. Includes reversible speed reducer with aluminum housing, planetary gear train; adapter for ⅜-inch drive sockets. No. 2 Phillips screwdriver bit, flat screwdriver. Fits ⅜-, ⅜-, ⅜-inch drills with drive adapter. Shipping weight 1 pound 10 ounces. 9 GT 25658.— Wt. 1 lb. 4 oz. $14.88.

All features at left plus
- Removable "D" grip rear handle rotates to four positions
- Easily accessible brushes for quick replacement

Rigid sectional aluminum housing with non-glare satin finish. High-impact polymer handles with textured grips. Top handle and 4-position rear handle, both removable. Incl. 8-ft. 2-wire neoprene cord. For 110-120-v., 60-Hz. AC. UL Listed. See Guarantee. Double Insulation page 2. 9 GT 1149 — Shipping weight 8 pounds 13 ounces. $56.99.

With ¾ HP motor. As above. Permanently lubricated ball and sleeve bearings for long, dependable service. Polished aluminum housing. 9 GT 1139 — Shipping weight 8 pounds 11 ounces. $48.99.
You can turn the blade...
Guide this Automatic Scroller with one hand...just apply pressure to the handle and blade turns to follow your exact line of cut

$63 88

- Automatic regulator boosts power to maintain blade speed when the going gets tough...develops 3/4 HP
- You can turn rear-mounted control dial to 12 preset blade speeds...1300 to 3200 strokes per minute

Double-insulated...needs no grounding. Engineered for rugged professional use, yet accurate enough to follow intricate cutting line. Long 1-in. stroke spreads work out for longer blade life. Variable speed range lets you match the speed to the job...makes blades last up to 4 times longer. Trigger locks at top speed. Ball and roller bearings. Base tilts up to 45° right or left, 1-inch level quadrant. Top knob locks in all 90° positions for 2-hand control on straight cuts. Counterbalance drive reduces vibration and fatigue. Sectional, non-glare aluminum gear housing, high-impact polymer motor housing and handles. Built-in sawdust blower. Brushes conveniently located for easy checking.

Includes edge guide and circle cutting attachment, chip shield, 6 assorted blades, 8-ft., 2-wire neoprene cord. 110-120-v., 60-Hz., AC. UL listed. Guaranteed 1 year...see page 2. CRAFTSMAN COMMERCIAL story on page 35.

9 GT 1726—Ship wt. 8 lbs. 11 oz. ...$63.88

Like above except: trigger-control of variable speed, no scimming mechanism, 3 blades.

9 GT 1727—Ship wt. 8 lbs. 8 oz. ...$52.88

1 Side Cutter Attachment. Lets you cut flush to wall. Fits saws above and 9 GT 1726.

9 GT 27715—Ship wt. 6 oz. ...$4.99

CRAFTSMAN Sabre Saw Blades

(7 thru 17) Ground to sharpness. Metal cutting blades made of M-2 high-speed steel. Others of high-carbon steel. Fit most saber saws.

CRAFTSMAN® Sabre Saw Blades

(7 thru 17) Ground to sharpness. Metal cutting blades made of M-2 high-speed steel. Others of high-carbon steel. Fit most saber saws.
CRAFTSMAN® 7-inch Circular Saw develops 1½ HP... no load speed 5200 rpm
$34.60
(1 and 2) Double-insulated... two complete systems of insulation shield you from current. So you can plug saw into any standard 2-prong outlet, without fumbling with adapters or worrying about grounded circuits. Cuts 2x4's at both 90° and 45°. Helical gears transmit power smoothly. Aluminum gear housing; high-impact polymer motor housing and handle. External blade clutch protects motor and user. Retractable blade guard with assist lever. Easy-view bladeport. Built-in sawdust blower keeps the cutting line clear. Motor brushes conveniently located for easy checking. Double-pole trigger switch spring-loaded for positive shut-off. Wrap-around base gives full support. Includes rip fence, 7-in. rip or crosscut blade, blade wrench and 8-ft., 2-wire cord. Runs on 110-120-v., 60-Hz., AC. UL listed. Guaranteed for one year... see page 2.

CRAFTSMAN® 7-inch Circular Saw develops 1½ HP... no load speed 5300 rpm
$44.49

CRAFTSMAN® Circular Saw develops 1½ HP... no load speed 5000 rpm
$19.88

9 GT 27679—Shpg. wt. 10 oz. 1.35

Miter-arm Attachment

3 CRAFTSMAN... Adapts your electric hand saw for jobs normally requiring bench or radial-arm saws. Holds work firmly in place for steady cutting. Saw slides accurately along metal guides. Allows double compound cuts up to 45° right or left. Shows degree marks on easy-to-read rule. Guides adjust to fit CRAFTSMAN saws (except GT 1188C, GT 1187C, former 9-2789). Also fits most other electric circular saws. Shipped by motor carrier or express.
9 GT 1715N—Shipping weight 22 pounds... 119.99

4 Gear Lubricant... Compounded to help keep electric tools working smoothly, 9 GT 2593—Four-ounce tube. Shpg. wt. 9 oz. Tube 94c

5 Portable Saw Guide... Assists you when making angle cuts with your portable electric handsaw or saber saw. Also useful as a protractor. And you can adjust it easily from 0° to 72° right or left. Made of steel.
9 GT 1719—Shipping weight 2 pounds 4 ounces... 13.95

Circular Saw with 7-inch blade develops 2 HP... no load speed 5400 rpm
$59.49
Double-insulated... needs no grounding. So you can plug saw into any conventional 2-prong outlet without grounding adapter. Blade whirls through 2x4's at both 90° and 45°. Precision helical gears for smooth power transmission. Non-glare aluminum gear housing; high-impact polymer motor housing and handle. Auxiliary handle gives firm, two-hand control. Retractable blade guard with assist lever. External anti-kickback blade clutch protects motor and user. Motor brushes conveniently located for easy checking or replacement. Spring-loaded, double-pole trigger switch for positive shut-off. Two-piece, wrap-around base gives full support... sub-base detaches for cutting close to vertical surfaces. Side-ejection sawdust chute. Blower keeps cutting line clear.

Includes rip fence with 4-inch face, 7-inch combination Kromedge blade (rip-crosscut), blade wrench and 8-foot, 2-wire neoprene cord. Operates on 110-120-volt, 25-60-Hertz, AC-DC, 11 amps. UL listed. Guaranteed for one year... see page 2. Also see CRAFTSMAN COMMERCIAL story on page 35.
9 GT 1186—Shipping weight 11 pounds 14 ounces... 59.49
9 GT 1186E—Like above but base doesn't remove. WL 11 lbs. 12 oz. 54.80
Don't wait for the blade to stop spinning... an Electronic Brake on our best Circular Saw stops the 7 1/2-inch blade as soon as you release the trigger.

$74.49
Double insulated... no grounding. Vertical type depth of cut adjustment from 0 to 2 1/4 in. at 90°; 0 to 2 1/4 in. at 45°. Helical gears for smooth power transmission. Dependable 100% ball and roller bearings. Non-glare aluminum gear and motor housings. High-impact polymer handle.

Blade guard covers 85% of blade... up-front discharge guard against clogging. External anti-kickback clutch. Brushes conveniently located for easy checking. Spring-loaded double-pole switch. Two-pc. wrap-around base gives full support... outside backuthes so you can cut close to vertical surfaces. Easy-view bladeport.

Built-in sawdust blower. Includes combination Kromedge blade, wrench, rip fence with 4-in. face and 8-ft. 3-wire neon cord. 110-120-v. 60-Hz. AC. UL listed. Guaranteed 1 year... see pg. 2. CRAFTSMAN COMMERCIAL story on pg. 35.

$89.00
Double insulated... no grounding. Just plug saw into any conventional two-prong outlet. Powerful motor develops 7 1/2 HP, turns blade up to 5500 rpm (no-load speed). Release the trigger and electronic brake stops blade in a split second. Cuts from 0 to 2 1/4 inches deep at 90° or from 0 to 2 1/4 inches deep at 45°.

Select cutting depth by moving saw up or down, not by tilting... so you never have to cramp your arm to reach the trigger. Precision helical gears for smooth power transmission. Ball and roller-bearing drive for long, dependable service. Sectional non-glare aluminum housings with high-impact polymer handles.

Special guard covers 85% of blade. Air flow sweeps sawdust through side-located chutes. Chute located toward front of blade guard, so there's less distance for dust to travel and that means less chance for clogging.

External clutch protects motor if blade jams... protects user by preventing kickback. Two-piece base wraps around entire saw for support. Easy-view bladeport. Sawdust blower clears the cutting line. Remove cap and spring-loaded motor brushes pop out for each checking.

Comes with combination Kromedge blade, wrench, rip fence, 3-in. square. 3-wire neon cord with 4-in. face. Runs on 110-120-v. 60-Hz. AC. UL listed. Guaranteed 1 year... see pg. 2. Also see CRAFTSMAN COMMERCIAL story on pg. 35.

MORE GREAT FEATURES
- Riving Knife... prevents kickback.
- Easy-to-read vertical scales show cutting depth in 1/16ths of an inch and bevel angle in degrees.
- Push-button locks... so you need only one wrench to make quick, easy blade changes.
- Part of 2-piece base detaches... so you can cut close to walls.

CRAFTSMAN®
Permanax Cases
(1 and up) Tough polyethylene cases won't rust, peel, crack or chip, even at 20° below zero. Strong, molded design fits around tools... no need for extra packing or reinforcement. Double wall construction traps a cushion of air to help absorb shock.

1. Saw Case, Holds all Sears electric hand saws except 9871887 and 9871888. Measures 15x12x4.10x4 inches high. 9 GT 1453-WL, 4 lbs. 6.99

2. Conta-axle-style Case, Extra large. Holds 3 tools at once... any Sears electric hand saw plus any Sears sabre saw plus any Sears 1/4 or 3/4-in. drill. Can also hold Sanders. Measures 21x12x4.12x4 in. 9 GT 1456-WL, 9 lbs. 14.49
CRAFTSMAN® Routers and Accessories let you do all these woodworking jobs and more over 50 operations in all

CRAFTSMAN COMMERCIAL

Heavy-duty Power Router Kit
- Motor develops full 1 HP
- Micrometer-type depth gauge
- Chip deflector-eye shield

$78.99

Perform dozens of woodworking jobs you could never do before. Make 33 kinds of joints with correct bits and templates. Trim or bevel edges even on plastic laminates. Double insulated... use standard 2-prong outlet without grounding adapter.

Develops 25,000 rpm. With 100% ball bearings. Trigger switch in contoured handle. Built-in spindle lock for quick bit changes. Collet chuck. Depth gauge with zero re-set adjustments in 36ths of an inch to 15/64 in. deep concrete base and motor housing.

With combination wrench and screwdriver, neoprene 8-ft. 2-wire cord, strain relief. 110-120-v, 25-60 Hz AC. Guaranteed 1 year. see details on page 2 CRAFTSMAN COMMERCIAL story on page 35. Kit includes router guide, edge guide (1), Permanex case (2), one Kromed 1/4-in straight bit and handbook.

9 GT 17385—Shp. wt. 13 lbs. 3 oz. Kit $78.99

Router only, Without zero re-set. Order kits and accessories below and on facing page. Shipping weight 8 pounds 2 ounces.

1 Adjustable Edge Guide only. For straight cutting with routers 9GT1737, 9GT1736, former routers 9-2506 and 9-2507.
Shipping weight 1 pound 11 ounces.

9 GT 25172—$4.99

2 Permanex® Polyethylene Router Case.
Shipping weight 3 pounds.

9 GT 1495—$17.49

Power Routers on these two pages carry the safety seal of the Power Tool Institute. see page 2.

Make precise dovetail joints with 1/2 inch Dovetail Template

$24.95

Gives you exact spacing and depth adjustment for flush and rabbeted dovetail joints. Use on stock up to 12 in. wide, 1/8 to 1/4 inches thick. Channel plate, plastic comb clamps, bit and bushings not included order bushings at right, bit on facing page.

Shipping weight 6 pounds 5 ounces.

9 GT 2671—$24.95

3/4-inch Finger Template. Adapts template above to make 1/4-inch dovetails.

Shipping weight 2 lbs. 2 oz.

9 GT 2674—$7.95

3-section Butt Hinge Template. Use with bushings (7) at right. For square or round-cornered hinges to 5 in. long. Mortises 2 or 3-bolt doors to 7 feet high, 3/4 to 3-1/4 inches thick. Router not included.

9 GT 2563C—Wt. 10 lbs. $29.50

Butt Hinge Template. Set of 2 for 1/4 and 3/4-inch hinges. Use with one-piece 1/2-inch mortising bit 9GT 2555 on facing page and bushings (7) at right (9GT 2566).

9 GT 2576—Wt. 1 lb. Set $3.95

Laminated plastic Trimmer Attachment. Also bevels, Carbide-tipped combination bit, sub-base, micrometer type adjustment for smooth, accurate cutting. Router not included.

9 GT 25732—Wt. 1 lb. $14.95

9 GT 25451—Wt. 3 oz. $4.90

6 Sharpening Kit for 3/4-inch shank bits. Router not included.
Shp. wt. 2 lbs. 10 oz.

9 GT 25169—Kit $14.95

7 Template Guide Bushing. 3 nickel-plated steel guides . 7-1/4, 1-1/4, 3/4 in. Use with templates 9GT 25182, 9GT 2571, 9GT 25452C and 9GT 25733.

9 GT 25069—Wt. 13 oz. $4.95

8 CRAFTSMAN Router Bit Case. Holds 40 pieces, Steel.

9 GT 2550—Wt. 2 lbs. 2 oz. $8.88

9 TAMOOL Point. Cut circles 2-in. to 26-in. diam. Fits routers on these 2 pages, former 9-2506, 9-2507 (not included).

Nickel-plated steel construction.

9 GT 25714—Wt. 13 oz. $4.94
Steel Router Table stabilizes work

1. Use to mold, rabbot, mortise, dovetail. Fits routers 9 GT 1737.
   9 GT 1737, former 9-2506, 9-2507
   (not incl.). 14x5 x 16 1x 411 in.
   9 GT 2516A—Wt. 9 lbs., 9 oz.  $10.77

Rout-A-Form Pantograph

2. Lets router quickly convert pictures, line drawings, shapes and designs into fascinating wood engravings by the size of the original. Simply trace lines of the original with handy stylus. Router not incl.
   9 GT 25181—Wt. 3 lbs., 5 oz.  $9.87

Template Set

   9 GT 25182—Wt. 4 lbs., 9 oz.  Set $9.87

Light Attachment

4. Mounts on both routers on these two pages (not incl.). Independent battery system. Light works even when router is not running. Uses 2 "C" batteries, not included.

Sears Has a Credit Plan to Suit Your Needs
See Big Book or ask for details
FAST!... that’s the way to describe this 1½-HP Belt Sander. A big 24-square-inch continuous belt combines with a speed of 1500 feet per minute to sand down rough surfaces on wood, metal, stone or plastic—gets the job done TWICE as fast as 1-HP sander below.
...and when you buy it with its dust bag, you'll have little to clean up after it!

1 1/2-HP Dustless BELT SANDER

- Double insulated .. no grounding necessary, plugs into 2-prong plug electrical system without adapter
- Handy trigger switch locks for continuous operation .. with safety release for control
- Built-in dust pickup system enclosed in high-impact polymer housing .. keeps working area clean
- Extra-large 24-square inch working surface (4x6-inch area) provides stable sanding even on large uneven surfaces .. guards against gouging
- Designed for professional duty in millwork, cabinet and patterns, shops, display, contractors, trades

With dust pickup $79.49
Without dust pickup $69.49

Tough 100% ball, roller bearings at critical points of wear for long, dependable service. Detachable dust pickup bag supported by stiff wire frame .. swivel mounted to stay out of your way while sanding. Belt tracks easily. Change belt in seconds with quick-release lever. Sands flush to vertical surfaces. Extra-large brushes .. externally accessible for easy maintenance. Sturdy aluminum alloy housing with non-glare satin finish. Locking double-pole trigger switch.

Combination gear and cogged belt drive. Includes 3 assorted aluminum-oxide sanding belts: one fine, one medium, one coarse.

For 1-GT 1178C and 1176C Sanders, Size: 123 x 211 x 123 in. high.
9 GT 1461C—Shipping weight 10 pounds. $34.49

For 9 GT 2242C Sanders, 9 GT 2502 Planer... 174 x 174 x 214 in. high.
9 GT 1454—Shipping weight 3 pounds 6 ounces. $39.49

Permanent® Sonder Case. Blow-molded double-wall polyethylene plastic. Won't chip, dent or rust. Resists acids, oils, alkalis, impact.

PERMANO® Sanders as above, but without the built-in dust pickup.
9 GT 1178C—Shipping weight 18 pounds. $69.49
9 GT 1176C—Shipping weight 18 pounds. $69.49

This Power Planer planes off a swath 1 1/4 inches wide, 1/4 inch deep .. and you can operate it with one hand $39.50

Performs a range of planing operations too delicate for large power planes. You can size, plane, or bevel doors, window shutters, drawer slides, or make clean rabbits cuts when jointing wood. High-speed rotary cutters mow off wood surface at a steady clip. Cuts 1/4 inch deep with every pass.

Motor develops 1/4 HP, up to 25,000 rpm no-load speed. Side-action switch.

Non-clogging chip chute. Incl. 90° and 95° fence, 8-ft. 3-wire cord. UL listed.
For 110-120-v., 25-60-Hz. AC-D. Guaranteed 1 yr.. see above.
9 GT 2502—Shipping weight 6 pounds 10 ounces. $39.50

1-HP Belt Sander with 21-in. continuous belt provides 15 sq. in. of sanding area

A 3x5-inch working surface gets the job done fast $44.49

2 Compact, lightweight, yet built with ample power for continuous work. Takes the hard work out of tedious wood-working. A great unit for the home shop. Use for cabinet work, boat or auto repair and refinishing. Sands wood, metal, stone and plastic.

Incl. 3 aluminum-oxide sanding belts: one fine, one medium, one coarse.

Equipped with an 8-foot 3-wire cord. Operates on 110-120-volt, 60- Hz. AC. Guaranteed 1 year.. see above. Order case 9 GT 1454 above.
9 GT 2242C—Shipping weight 12 pounds. $34.49

Power Planer Cutter Blade and Sharpening Kit

3 Replacement Cutting Blade. For planer above. Steel. 1 1/4 in. wide, 1 1/4 in. dial. Shipping weight 5 ounces. $6.95

These easy-to-use Attachments

Cloth Filter Bag (not shown). Fits over and protects motor of vacs. 9 GT 16967—Shop. wt. 4 oz. $1.69

Paper Filter Bag (not shown). Use over cloth bag for fine dust. Package of 5. 9 GT 16964—Wt. 4 oz. $1.15

NOTE: All attachments except (7). Fit all vacs sold on both pages.

45-gallon (5-bu.) Industrial Vac for dry or wet pickup
With dolly and dry nozzle $99.99

CRAFTSMAN. Use in factories, institutions, schools, construction sites, anywhere heavy-duty pickup action is needed... home basement, workshop, Fast, efficient, rolls on smooth casters that snap on and off. Two powerful bypass motors, each develops 1¼ HP (peak output)... use 1 for regular, 2 for heavy pickup. Direct-line air flow design delivers debris or liquids directly into tank without passing motor... can’t reduce suction, lengthens motor life.

Two-stage suction or blower action. Sealed ball bearings. Molded Permanex™ tank won’t rust, chip, crack, peel; resists acids, solvents, oil. Stands 40½ in. high with dolly, 27½-in. diameter. Drain plug. Lift-off steel cover. Flexible 6-ft. hose, 2½-in. diam. Triangular nozzle. 8-ft. 3-wire cord, filter bags. Beige. UL listed. 120-v. 60-Hz. AC. Attachments below. 9 GT 17831N—Shipping weight 54 pounds. $99.99
Our largest and most powerful Saw. 12 inch size... develops 4 HP... for the craftsman who demands the very best in tools.

- Cuts lumber up to 4 inches thick
- Convenient up-front controls
- Brake automatically stops blade in seconds
- Huge one-inch thick table—29x44 in.

Power—that's what this 12-inch saw gives you. Power enough to take on 4 in. thick hardwoods. Power enough to tackle tough commercial jobs. Muscular motor develops 4 HP on 220-240 volts—rated at 3 HP.

Rugged construction. Strong cast-iron arm, column, column support. One-inch thick table of resin-bonded chipboard resists warping.Ball bearings let carriage move along arm with little friction—reduce wear for long life.

Convenience. Controls, including elevating crank, are up front—no reaching across the table to make adjustments. With arm swung to the side, huge 29x44 in. table doubles as a work bench.

Versatility. Accessory end of shaft accepts many kinds of attachments. Arm swings, motor swivels, and motor tilts to make basic or compound operations. Accuracy. Table is fully adjustable for leveling and squaring to the blade. Scales adjust to maintain precision.

Our 10-inch Radial Saw develops 2½ HP...cuts lumber up to 3 in. thick

- Convenient up-front controls
- Automatic blade brake
- Big 27x40x1-inch worktable
- Built-in worklight

Unmatched versatility—that's what makes the radial-arm saw the most important tool in your shop. Our 10-inch CRAFTSMAN radial arm gives you that versatility and enough power to handle most home woodworking needs. Saw develops 2½ HP (rated at 2 HP) enough to drive blade through 3-inch thick lumber.

Controls (including elevating crank) are up front—no reaching across table to make adjustments. Strong cast-iron arm, column and carriage slides smoothly on sealed ball bearings. Big resin-bonded chipboard table resists warping—doubles as a shop table. Table adjusts for leveling and squaring to the blade for accuracy. Scales also adjust. Overload protector guards against motor burnouts.

Safety features include: Automatic brake that stops blade in seconds; blade guard with anti-kickback/spreader device; push-pull switch with locking key. Built-in worklight illuminates cut line. Ten-inch Kromedite® chisel-tooth blade included. Wired for 110-120 volts but quickly changes to accept 220-240-volt power.

UL listed. Guaranteed one year, see page 26.

Our 9-inch Radial-Arm Saw can perform all the operations our 12-inch can... on a smaller scale

- Motor develops 1¼ HP
- Cuts wood up to 2½ in. thick
- Manually-operated blade brake
- Big 26x32-inch work table

Saw only, without stand $164.00

1 Start a creative woodworking hobby—build a wren house, a bookshelf or a stereo cabinet. This 9-in. CRAFTSMAN radial gives you the versatility (see operations pg. 24, 25) and the power to handle most home workshop projects. Saw develops a maximum 1¼ HP (rated at 1 HP)—power enough to drive blade through 2½-inch thick lumber.

Strong cast-iron column. Cast-aluminum arm and column support. Elevating crank. Arm swings, motor swivels, motor tilts to make basic or compound cuts. Accessory shaft takes attachments to make other operations. Carriage slides smoothly on sealed ball bearings. Big resin-bonded chipboard table resists warping—doubles as a work bench. Table adjusts for leveling and squaring to the blade. Scale also adjust to maintain precision. Overload protector guards against motor burnouts.

Other features include: manual blade brake, blade guard with anti-kickback spreader device; push-pull switch with locking key; nine-inch Kromedge chisel-tooth blade. UL listed. Guaranteed one year, see below.

Make the most of your versatile radial-arm saw with these CRAFTSMAN® Accessories

1. Shaper Fence. Provides adjustable fence when saw is used as shaper. Clamps on table in place of regular fence. Three-inch movement forward or backward. Adjusts up to 45°. Made of cold-rolled steel. Overall size: 10 1/2 x 17 1/2 in. 
9 GT 2954—Shpg. wt. 4 lbs. 3 oz. ...$16.95

2. Hold-down Attachment. Never place your hands in jeopardy. Attachment holds small work for you. Keeps workpiece snugly in position to stop chattering and give smooth cuts. Fits bench saws, radial arm saws, shapers and jointers. Two clamps secure attachment to table. Four holding fingers made of spring steel. Hardware, instructions included.
9 GT 3230—Wt. 2 lbs. 11 oz. ... Set $4.99

9 GT 3279—Shpg. wt. 2 lbs. ... $9.99

4. CRAFTSMAN Key Chuck. Converts your saw for routing and drilling. Just attach chuck to saw and then add drill or router bits you want. Made of hardened steel throughout. Precision-ground. Fits 6 1/2- to 3/4-in. Key included.
9 GT 2900—Shpg. wt. 1 lb. ... $6.99

5. 10-inch Sanding Wheel. Convert your bench saw or radial arm saw to a power disc sander. Flat disc made of rigid, tempered steel. Coarse grit on one side, medium on the other. For 4 1/2 to 5 1/4-inch diameter arbor.
9 GT 2273—Shpg. wt. 3 lbs. 14 oz. ...$4.49

6. 8-inch Sanding Wheel. Made of aluminum casting. One flat sanding surface, one 2° tapered surface. Medium grit on both sides. For 5 to 5 1/2-inch arbor.
9 GT 2274—Shpg. wt. 1 lb. 3 oz. ... $3.49

9 GT 2273—6-in. Wt. 9 oz. ... $9.99
9 GT 2274—10-in. Wt. 12 oz. ... $11.59

9 GT 2952—Shpg. wt. 1 lb. ... $6.99

8. Carbide-tipped Rotary Surface Planer. As above, but with carbide-tipped blades. Stays sharp much longer than ordinary planers. Not for GRT7202N.
9 GT 2953—Shpg. wt. 1 lb. ... $9.95

9. Molding Head/Dado Guard. Made of high-strength, black molded plastic. Fits current and previous CRAFTSMAN radial-arm saws. Not for GRT7202N.
9 GT 2952—Shpg. wt. 1 lb. 1 oz. ... $8.99

Some as (8) above, but fits blades, heads up to 8 inches in diameter.
9 GT 2953—Shpg. wt. 1 lb. 8 oz. ... $9.99

Informative Radial-Arm Saw Book
You get a wealth of information in this fully-illustrated handbook. Complete instructions for over 200 radial saw operations including: dado use, shaping, jointing, planing, carving, routing, drilling, sanding and polishing. Also woodburning data, plans for jigs and workbenches, special woodworking techniques and saw cuts.
9 GT 2938—Shipping weight 15 ounces. ... $3.95

Cut down on clean-up time with this CRAFTSMAN Sawdust Collector Attachment
$13.95

Send sawdust particles directly to your shop vacuum with no sweeping in between. System collects dust in two ways: first, big 9½ x 10-in. shroud attaches to back of table—funnels particles from blade into vac hose; second, flexible 14-in. diam. hose connects shroud to blade guard—sends ejected material to vac hose. Connection for 2½-in. diam. vac hose, on CRAFTSMAN Home-N-Shop Vacs®. Effective in crosscut, bevel, rip, or miter positions. Fits CRAFTSMAN radial saws except GRT7202N and former saws 9-2930, 9-2931.
9 GT 16996—Shipping weight 5 lbs. 6 oz. ... $12.95
12-inch Bench Saw Outfit Includes

MOTOR—Powerful 3450 rpm direct-drive capacitor motor... develops 4 HP on 220-240 volts.

EXTENSIONS—3 included, 2 solid and 1 adjustable... provide large 6x27-inch work area.

BASE—Solid, self-supporting steel legs.

Complete Outfit $369.95

EXACT-1-CUT INDICATOR on 12 and 10-in. Bench Saws is aligned with center of blade. You align cut line with this indicator... helps end trial and error cuts that ruin or damage wood.

Extra power and capacity for most big production and/or commercial applications. Positive locking controls for precision cuts and fast set-ups. Rip fence locks at front and rear... aligns exactly to desired cut... minimizes trial cuts. All controls, including on-off switch located in front for operating speed and ease. Exclusive front-mounted work guide... makes fast work set-ups easy.

Heavy duty cast-iron internal construction. Two permanently lubricated ball bearings. Motor has thermal overload protector and epoxy insulation for longer life. Includes 12 inch Kromedge® combination blade (3/4-inch center hole).

See through plastic guard splitter. Pawls help prevent kickback. Miter gauge with stops at 0° and 45° right and left. Lets you hold small work firmly while keeping your fingers safely away from blade. 8-foot, 3-wire cord. Factory wired for 220-240-volt, 60-Hertz. UL listed. Guaranteed 1 year (see page 26).

9 GT 29938... Shipping weight 240 pounds. $369.95

Dado and Molding Inserts for 12 inch bench saw above... sold separately on page 31. Order Dado Insert 9 GT 29935; Molding Insert 9 GT 29936. Heavy-gauge steel with black oxide finish.

SPECIFICATIONS

- Depth of cut (max.) 3 1/4 inches
- Depth of cut at 45° (maximum) 2 1/4 inches
- Blade type—Kromedge® combination
- Blade size—12-in. diameter (3/4-inch center hole)
- Blade speed—3450 rpm... approximately 10,000 peripheral feet per minute
- Blade tilt... 45 degrees, left
- Distance in front of blade... (at full depth... 13 1/2 inches; at 1-inch depth... 10 1/4 inches)
- Table size—50 inches wide, 27 inches long
- Base size—18 inches wide, 19 3/4 inches long
- Working height... 35 inches
- Over-all width... 52 inches (extended)
- Over-all length... Measures 37 1/2 inches
- Length of fence... 39 1/8 in. (30-inch work face)
- Dado capacity (using 8-in. dado set)... 1 inch wide, 1 1/2 inches deep

the center of even the widest sheets of paneling

CRAFTSMAN® 10-inch Bench Saw

- Exact-I-Cut aligns cut exactly to blade
- Convenient controls give you fast set-ups and adjustments
- Micro-adjustment knob adjusts rip fence exactly to the cut desired

Without motor, extensions or floor base $174.50

1. Given plenty of massive power and capacity for big jobs. You get positive locking controls to hold depth and angle settings, no readjusting for repeated cuts. Level handle can be mounted on left or right side. Belt guard encloses belts, motor pulleys behind saw. Maximum depth of cut 3½ in. Motor, blade, belt tilt together to eliminate belt twisting for positive power transmission. Motor mount floats...belt stays tight.

2. 10-inch solid-tande Table Extension. No openings for material to lodge in. Mounts on either side. Includes bolts, rip fence rack extension. Also fits 9 GT 29911B bench saw sold below.

3. Rugged steel Door Box. For base saw (9 GT 29944) only. Sides and top 18-ga. steel for extra rigidity and accuracy. Feet with rubber pads. Size: 21½ x 23⅜ in. at bottom. Height extends from 21½ in. to 23½ in. Unassembled.

4. 20-inch Adjustable Table Extension. Doubles your saw's working area.

$159.95

SPECIFICATIONS FOR BOTH 10-INCH BENCH SAW ON THIS PAGE

CRAFTSMAN® 10-inch Bench Saw with push-pull safety switch and key lock

Lets you cut through wood up to 3¼ in. thick. Motor, blade and belt tilt together. Handy 20x27-in. work area. Positive locking controls hold depth and angle settings—you don't readjust for repeated cuts. Rip fence locks at front and rear simultaneously. Measures 13 in. from blade to front of table at maximum depth of cut. Positive tilt stops at 45° and 90°. Fine Acme threads for extra precision in adjustment.

With 10-inch Kromedge blade (3½ in. center hole). See-through plastic guard (includ. spreader and anti-kickback pawls), aluminum guide, blade elbow, motor mount, machine, motor pulleys and V-belt. No motor, extensions, stop-rods, hold-down or base. See 1-year guarantee, page 26. 9 GT 29911B—Wt. 139 lbs. $159.95

Above Saw with 1-HP Motor (9 GT 1217C) ... 3450 rpm, sleeve-bearing, capacitor type. Ind. 4-ft. cord. 110-120-volt, 60-Hz. AC. Saw $117.45. Separate price list $256.41. 9 GT 134010—Wt. 165 lbs. $193.00

For Bench Saw Accessories, see page 31.
CRAFTSMAN® 8-inch Bench Saw

Cuts through wood up to 2 1/2 inches thick. Big 17x20-inch work table.

Without motor, base or extensions

$99.95

Arbor tilts, so the table stays flat even on steep bevel cuts. Accurate indicator for separate tilt and depth controls. Rip fence automatically aligns to blade before final clamping. Pick-off type fence removes at any point. Motor (not incl.) rides horizontally on self-aligning mount. No need to lift motor when tilting blade. Comes with blade guard, rip fence, miter gauge, V-belt, machine and motor pulleys. Use min. 1/4 HP, 3450 rpm motor. Guaranteed 1 yr. See page 24. See specs. below.

9 GT 24028A—Shipping weight 80 pounds $199.95

Saw above with CRAFTSMAN 5/8 hp capacitor-start motor. Motor (9 GT 1226C) produces 3450 rpm, Sleeve bearings. Inc, 4-ft. cord. Runs on 110-120-v., 60 Hz, AC.

9 GT 1366282—Shipping weight 104 pounds $134.95

9 GT 29937—Dado Insert, Wt. 1 lb. $3.49

9 GT 29938—Molding Head Insert, Wt. 13 oz. $2.60

Switch for bench tools with motors up to 1 HP (univ. motors to 1/4 HP). Mounts easily. Two 3-prong receptacles—1 controlled by switch; 1 always on. 8-ft. 3-wire cord. Runs on 110-120-volt, AC, 15 amps.

1 GT 12065—Shipping weight 1 lb 8 ounces $57.95

2 GT 24209—Grain type 4 1/2-in. Ext. Wt. 7 lbs. $2.99

3 GT 211C—Adjustable 2-in. Ext. Wt. 12 lbs. $19.30

Steel base for saw above. 15 1/4 x 19 1/4-in. top; 19 1/4 x 24 1/4-in. bottom. Heights—23 1/4 to 26 1/4 in.

1 GT 2256C—Unassembled. Shpg. Wt. 37 lbs. $27.99

SPECIFICATION FOR SAW ABOVE

- Cuts 2 1/2 in. deep at 90°; 1 1/2 in. deep at 45°
- Combination Kromedge® chip-tooth blade (8 in. diameter) with 5/8-in. center hole
- Blade speed 9000-10,000 peripheral ft. per min.
- Distance in front of blade at full depth of cut—10 1/2 inches
- Work table measures 17 inches wide, 20 in. long
- Overall height...11 1/2 in.
- Overall length...22 in.
- Overall width...20 1/2 in.
- Mounting dimensions are 11 1/2 x 13 1/2 inches
- Overall length of fence measures 25 in.; actual work face 23 inches long
- Dado capacity using 6-in. dado set—1/4 in. wide; 1 1/4 inches deep
- Incl. 2 1/4-in. motor and 2-in. machine pulleys
- Blade tilts maximum 45°

CRAFTSMAN® 7 1/2-inch Bench Saw

with built-in 3450-rpm capacitor-start motor...develops 1 HP

Includes motor, two extensions $77.99

Arbor tilts, so you always get a sturdy, flat work table, even when cutting at maximum bevel angle. Ideally designed for the small home workshop and hobbyist. Self-aligning fence clamps to table with a single knob. Cuts through wood up to 1 1/4 inches deep at both 90° and 45°. Ample working area measures 26 inches wide and 14 inches long, including two 6-inch extensions. Kromedge® combination 7 1/2-inch blade tilts up to 45°. Distance in front of blade at maximum cutting depth—6 1/2 inches; at 1-inch cutting depth—6 1/2 inches. Dado capacity with 6-inch dado set—5 1/2-inch wide, 1 1/4-inch deep. Direct drive motor with ball bearings and thermal overload protector. Rip fence measures 18 inches long with an actual 15-inch work face. Overall dimensions measure 14 1/2 x 26 x 9 3/4 in. Guaranteed 1 year...see pg. 26.

Aluminum blade-guard swings away. Handy on-off switch at right-hand side of base. Six-ft. 3-wire cord and adapter. Runs on 110-120-v., 60 Hz, AC, UL listed.

9 GT 2413C—Shipping weight 31 pounds $77.99

9 GT 24212—Molding Head Insert, Wt. 6 oz. $1.70

9 GT 24211—Dado Insert, Wt. 4 oz. $0.85

9 GT 24214—Stop Rods, Wt. 9 oz. $2.28

Sears Has a Credit Plan to Suit Your Needs

See Big Book or ask for details
Heavy, bolted steel frame measures 16¼ x 30 in. Adjusts from 2 3/4 to 31 3/4 in. high. Fits these tools: band saw 9 GT 2420N; belt sander 9 GT 2252L; bench saws 9 GT 24282N, form 9-2218N; forms drill press 9-2075N; 9-2483N; back saw 9 GT 2292N; former jig saw 9-2055N; jointer planer 9 GT 2166L. Two cross-slide rails add stability. All tools (except drill presses and bench saws) need motor mounts. Sent unassembled.

**CRAFTSMAN® Bench Saw Bases**

**Dado and Molding Head Inserts**

**Dado Inserts for bench saws. Made of heavy gauge steel with a black oxide plated finish. Use with dado sets.**

- **Dado Insert for bench saw 9 GT 2993N:**
  - 9 GT 2993N—Shipping weight 1 lb. 10 oz. ........ $4.99
  - For saws 9 GT 2996N, 9-2994N, 9-2996C, 9-2990.

- **Dado Insert for saws 9 GT 24282N, former 9 GT 2428N:**
  - 9 GT 2993N—Shipping weight 1 lb. 10 oz. ........ $6.65

**Gum Remover, Blade-Setter**

- **CRAFTSMAN Gum and Pitch Remover.** Thin coating dissolves pitch, gum on circular or hand saw blades, planer, jointer knives, shaper cutters, other wood working tools. Inhibits rust.
  - 9 GT 4918N—Shipping wt. 1 lb. 7 oz. ... Plat 98c

  - 9 GT 2535—Shipping wt. 14 oz. ... Set $3.49

**Circular Saw Sharpeners**

- **Re-tooths, sharpen, joint.**

- **Circular Saw Sharpeners**
  - **$299**

Save yourself the time and money it takes to have your blades sharpened and reconditioned in an outside shop. Pays for itself in saved service charges. Designed to handle all regular blade sizes up to 12 inches dia. Grinding wheel fits saws with 5/8 and 1-inch, arbore holes. Two index dial, safety guide for your protection.

Use with bench and radial arm saws. Sharpens blades with 3/4, 5/8, 1-inch round holes. Instructions included.

- **9 GT 3532—Shipping wt. 5 lbs. ... $22.99**
CRAFTSMAN® 10-inch Jig Saw... fun for hobbyists of any age

$17.99

So easy to operate it's an excellent way for youngsters to start developing toolworking skills. Of special interest to people of all ages who enjoy arts and crafts activities.

Short, fast strokes leave almost no saw marks so there's little or no sanding. Cuts soft woods, plywood, Masonite, and plastic—very thin aluminum, copper and brass. Magnetic motor needs no oiling. No belts or pulleys. Tempered steel blade return maintains cutting tension. Rubber feet. 1/4-inch grid pattern on table. 6-ft., 3-wire cord, 2 blades, instr. UL listed, 1-year guarantee (see page 34).

9 GT 2478—Shipping weight 9 pounds 6 ounces... $17.99

SPECIFICATIONS

- Throat depth... 10 inches
- Depth of cut (soft wood)... 1 inch maximum
- Motor (built in)... magnetic type, operates on 115-120-V, 60-Hz, A.C.
- Number of teeth per inch...

- High speed stroke... 7200 per minute
- Bearings... 4-inch pin end
- Blades... 4-inch pin end
- Chuck... stationary
- Table... 65-1/8 x 14-1/2 inches long

CRAFTSMAN® Alloy steel Jig Saw Blades

Heat-treated and hardened for long use and fast cutting. All blades below can be used with jig saws. 6-inch plain-end blades can be snapped off to fit machines taking shorter plain-end blades. When cutting metal with blades indicated for metal cutting, lubricate blade with beeswax. Sabre saw blades can be used for heavy work as well as sabre sawing on jig saws. Package of 5.

| Catalog Number | Strength of blade | Type of blade | Use for | Wt. Per oz. | Avg.
|----------------|------------------|---------------|---------|-------------|------

CRAFTSMA® COMMERCIAL

HEAVY-DUTY
18-in. BAND SAW
Cuts wood up to 12 inches thick

- Ruggedly built... powered for industrial loads
- Four blade speeds... 118 to 3550 rpm
- Cuts metal up to 2 inches thick with specified blade below

$639.00 without motor

Cuts to the center of a 36-in. circle in wood 12-in. thick... cuts plywood without splintering. With blade-bearing gear reduction assembly can be used for continuous sawing of big sections of aluminum, brass or iron castings, galvanized pipe or even mild steel girders sections. Excellent for cutting curved or irregular shapes. Operating parts enclosed (except cutting portion of blade). Controls conveniently located. Table tilts to 45° and locks.

Includes: two 11-ft. blades (14-in. metal-cutting, 34-in. wood-cutting), 2 rubber-tired ball-bearing wheels, 2 mitre gauge slots, mitre gauge, 2 pulleys, V-belt for motor (order motor separately on page 34). Guaranteed one full year (see page 34). See CRAFTSMAN COMMERCIAL story on page 33. Saw and rip fence sent from Cincinnati, Ohio factory. No C.O.D.'s... allow extra time for delivery. For saw, pay motor carrier or express charges from factory. For rip fence, pay postage from catalog order plant.

99 GT 2358—Shipping weight 407 pounds... $639.00

SPECIFICATIONS

- Depth of throat... 17 inches
- Throat depth without shroud 16 in.
- Table size... 20 x 17-1/2 in. wide
- Wheel size (each wheel)... 18 in.
- Dimensions overall: Height 76 in., width 22-1/2 in., depth 31 in.
- Motor (not incl.)... minimum 1 HP, 1725-rpm

The FUN MACHINE! With this 12-inch Band Saw-Sander you can cut intricate shapes and scrolls and curlicues...then sand your work glistening smooth on the same machine

- Sawdust is whisked away as you work...
- just connect built-in sawdust ejection system with a Home-N-Shop® vac
- Push-pull on-off safety switch
- Blade-belt tension scale reads from inside or outside
- Micro-adjust upper and lower blade guides
- Spring tension holds guard up during height adjustment
- Sight lines on guides simplify correct setting
- Built-in work light illuminates cutting area
- Skip-tooth blade provides extra-fast cutting
- Easy-to-use sanding attachment with sanding belt

1 CRAFTSMAN. Heavily ribbed 14¼ x 12¾-in. cast-iron work table with calibrated scale...tilts from 0° to 45°...adjustable table stop. Big table insert speeds setup...doesn't move when workpiece is turned. Two wheels with replaceable rubber tires (no adhesive needed) for better blade life and tracking. High-impact plastic wheel cover. 5-in. machine pulley, 35-in. motor pulley, 3½ x 3-in. motor belt, belt guard over pulley. 3-wire cord and adapter. Motor not included...use minimum of 3½ HP, 1725 rpm size.
- Cuts to center of 24-in. circle in wood up to 6 in. thick. Re-sawing capacity 2x 7¾ in. or 6x 1¾ in. Blade speed 2900 ft. per minute. 26x14 x 38 in. high. 1-year guarantee (page 26). Order base, rip fence, miter gauge below.

2 Band Saw Rip Fence. Use for ripping planks and boards evenly at predetermined widths. Locks at front won't slip. Fittings included. Use 1½-in. blade. Tilts to 45° left.

3 CRAFTSMAN Miter Gauge. For saw above and most other saws with 3½ x 3½-in. miter slots. Stops at 0° and 45° left and right.

SAVE $154.95 without rip fence, miter gauge, base or motor

SPECIFICATIONS
- Distance blade to column...12 in.
- Table size...14¼ x 12½ in.
- Table tilts and locks in any position from 0° to 45°.
- Length of blade...80 in.
- Width of blade (takes 3½- to 3½-in. width)
- Blade speed...2900 ft. per minute
- Belt-bearing thrust rollers

4 Steel Floor Base. Height adjustable from 27½ in. to 30½ in. 24½ in. wide, 20 in. deep. Leveling feet with rubber pads to guard against creeping. Motor mount included. Bent unassembled.

5 Replacement Sanding Belt for (1) 1½ x 80 in. long. Package of S. Shipping weight 10 ounces.

6 Band Saw Replacement Blades

CRAFTSMAN professional-quality endless blades fit most band saws. Use for cutting wood, brass, nonferrous metals and steel. Every blade set and filed for its recommended use. Made of tough alloy steel, heat-treated and hardened for long wear and sharpness. Precision ground for maximum life. All blades tensioned to provide weld strength.

</table>

(1) Fine-tooth for minimum splintering and smoother finish cuts. (2) 3-screw bolted.
These CRAFTSMAN 15½-inch Drill Presses can do more than mere drilling when you add accessories at right.

Sears offers you 8 speeds... instead of the usual 4... more than any other 15½-inch drill press. Select slow speeds for metal... high speeds for precise smooth wood and plastic cuts.

1 and 2) To change speeds for the job at hand, simply lift hingetype motor mount and switch belt on the two 8-step cone pulleys. Up-front chart shows correct drill size and speed for precision work. Powerful torsion spring installed in head—provides positive quill return. Micro-adjust pointer on depth gauge. Streamlined 1-pc. cast iron head. Cast-iron work table. Fully enclosed belt guard. Permanently lubricated ball bearings on pulleys and spindle. Use minimum ¾-HP motor. See below for guarantee and specifications.

Industrial quality for day-in day-out heavy-duty service

BEST BECAUSE: It handles close tolerances to 1/32 of an inch plus exclusive chart with correct drill size for tapping plus extra large 14x14½-in. work table.

1 Designed for close tolerances and extreme accuracy for tool and fly die work, commercial drilling and other industrial applications. With attachments (on facing page), unit will mortise, dovetail, rout, shape, carve or plane. Pinion backlash take-up and pre-loaded double-row lower spindle bearing to minimize quill drop and prolong drill life. Push-pull safety switch. Split head with take-up adjustment to compensate for wear. Work table with "T" slots and oil troughs. Spindle diameter is ¾-inch. Without motor.

9 GT 2461N—Shipping weight 200 pounds. $239.95

With CRAFTSMAN (9 GT 1213C) ball-bearing motor. 1725-rpm capacitor-start. Strong, moisture-resistant windings. Overload protector. 110-120 or 230-v., 60-Hz. AC. UL listed. 4-foot cord.

9 GT 24612N2—Shipping weight 222 pounds. $279.95

For the home workshop

2 With depth scale in ¼-inch graduations. Built-in work light and power switches, both within fingertip reach—work independently. Lock-out key on push-pull power switch. Diagonal slots in 10x12½-inch work table—slotted to hold vises, fences and other fixtures. Parallel edges for clamping workpieces to table. Use minimum ¾-HP, 1725rpm motor.

9 GT 2131N—Shipping weight 182 pounds. $185.95

With CRAFTSMAN ½-HP (9 GT 1214C) sleeve-bearing motor. 1725-rpm capacitor-start. 110-120-volt, 60-Hertz AC. UL listed. With 4-foot cord.

9 GT 21311N2—Shipping weight 203 pounds. $219.95

GUARANTEE

During the first year, upon return, we will repair your CRAFTSMAN bench and floor power tools, free of charge, if defective in materials or workmanship (first 90 days for non-CRAFTSMAN). Return product to any Sears store in the U.S.A.

Enjoy scores of drill press uses with these precision accessories

2 Mortising Chisel Housing. Holds low carbon chisels below (3). Fits CRAFTSMAN drill presses with 1 1/4-inch or 1 3/8-inch diameter quill. Mounts on quill.

3 Hollow Chisels. Square bit holes to make mortises. For former 9-2644, 9 GT 2463 described above. Shipping weight each 4 oz.

4 Dowelling Attachment. Makes accurate dowelling hardware in joints where you want strength and neatness. Clamp holds workpiece at 90°; cuts both at same time. Hardened-steel slotted comb controls spacing and depth of cut. End plates, comb, screw fittings, clamps, wood parts all included. Use with 1/4-inch dowelling bits (not inc.—see 9 GT 25531, page 11).

5 CRAFTSMAN Shaper Fence Attachment. Designed for use with drill press at facing page. Converts the drill press into a shaper. Forms support for making picture frames, sashes, moldings, trimmings. Hardwood fences open 1 to 3 inches. Each adjusts separately. Micrometer-type adjustments with 1/4-inch maximum forward and backward travel.

7 (and 8) Drill Press Vises. Sturdy cast iron. Jaws are of all steel, one face is grooved, one plain. 7 General purpose Vise. Precision steel adjusting screw holds jaws firmly for accurate use of your drill press. Fewer errors. Less wasted materials. Jaws open to 3 1/2 in. Built to hold curved or tapered pieces, free, long, and withstands lugs. No bolts. Heavy-duty construction. Wt. 6 lbs. 2 oz. 9 GT 2571.

8 CRAFTSMAN Angle Vise. Fast, accurate, without use of clamps or wedges. Adjust 0° to 90° or use horizontally. For magnetic clamps, too. 2 1/4 in. jaws open 2 1/4 in. in long. Cast iron. Wt. 8 lbs. 4 oz. 9 GT 2754.

9 Drill Press Work Holder. Cast-iron base—10 1/4 in. long, 2 1/4 in. cast-iron jaws open 3 1/2 in. max. Extra cast-iron jaws—1 for irregular work; 1 for tapered.

11 Rotary Table. CRAFTSMAN. With cross slide. Use for layout and indexing, as rotary milling table. For drill presses, milling machines, surface grinders, shapers, eight-inch diameter table rotates 360°. Rotary dial calibrated in 3-minute intervals. Dual cross feed, 2 1/4 in. on each side, 4 1/4 in. overall. Dials in 1000ths. Vises jaw included. Removable jaw set 2 1/2 in. wide, 5 in. high. 9 GT 24756—Wt. 9 1/2 lbs. $14.99

12 Tilt Table. CRAFTSMAN. With cross slide. Use for layout and indexing, as rotary milling table. For drill presses, milling machines, surface grinders, shapers. Eight-inch diameter table rotates 360°. Rotary dial calibrated in 3-minute intervals. Dual cross feed, 2 1/4 in. on each side, 4 1/4 in. overall. Dials in 1000ths. Vises jaw included. Removable jaw set 2 1/2 in. wide, 5 in. high. 9 GT 24290—Wt. 9 1/2 lbs. $14.99

13 Collet Chuck with holding collar. For wood working. Wt. 2 lbs. 9 oz. 9 GT 24720—Shipping weight 10 ounces...

14 Collet Chuck with holding collar. For wood working. Wt. 2 lbs. 9 oz. 9 GT 24720—Shipping weight 10 ounces...

15 Column Collar. Prevents head from falling when rotating. Fits 3/4-in. collets. Wt. 6 oz.

16 Heavy duty Cutter with 1/4 in. shank. Cuts holes 1/4 to 1 1/4 in. in steel, brass, aluminum, wood or plastic. 9 GT 3640—Wt. 14 oz....

17 Cutter with 1/4-inch shank. Cuts holes 3/4 in. to 4 in. diameters in wood, brass, plastic. 9 GT 3645—Wt. 7 oz...

Sears Has a Credit Plan to Suit Your Needs
See Big Book or ask for details

Look for this label... it means top quality

- A specially designed tool to meet the exacting requirements of industrial use
- Extra heavy duty to stand continuous operation
- Superb precision construction for extra accuracy
- And a Sears price that makes it an outstanding buy for the professional and the home craftsman who demands the very top quality in tools
CRAFTSMAN® Belt-Disc Finishing Machine
- Combines the benefit of power sanding with the stability of a bench tool
- Features belt and disc dust traps that curb build-up of sanding dust

$113.95
$144.95

1 Sander without motor. Anyone who has sweated over a hand sanding job can easily recognize the advantage of power sanding. This tool gives you over 100 square inches of sanding surface. As with any bench tool, you feel the work to the machine—a method that gives more control, accuracy than with portable tools. To curb choking dust, this tool comes with belt and disc traps that connect to Home-N-Shop® vac. see page 22.

For bevel work, work table tilts from horizontal to 45°. Table mounts under either belt or disc sander. Miter gauge slot in table (order gauge, page 32). Backstop holds work on belt sander. Overall cast-iron frame. push-pull switch with lock-out device. Drive shaft and idler pulleys run in sealed ball bearings. Screws adjust belt tension and tracking. Motor is balanced and guarded. V-belt, 9-inch sanding disc, 648-inch sanding belt, included. Recommended motor, 3/4 HP, 3450 rpm. See one year guarantee on page 26.

9 GT 22521—Shipping weight 68 pounds...... $113.95
9 GT 22521L2—Shipping weight 87 pounds...... $144.95

2 Steel Floor Base. See description on page 39. Sent unassembled.
9 GT 2224C—Shipping weight 35 pounds...... $28.99

CRAFTSMAN® High-speed Shaper puts satin-smooth decorative touches on cabinet work

$119.75
$142.73

3 Shaper without motor. You can shape an unlimited variety of designs on straight, irregular, or curved work pieces. Shaper reaches speeds of about 9000 rpm for cuts that they need little sanding. Big 27½x19-inch work table gives you wide support for increased accuracy. Table made of polished, ground semi-steel. Slot in table for miter gauge (order on page 33). Each shaper fence is individually adjustable from left to right and front to rear. Adjustable spring hold-downs hold small work for you.

Easy-to-reach control for spindle height adjustment—adjusts 1½ inches. Solid spindle turns in sealed, permanently lubricated ball bearings. All parts precision machine to limit vibration at high speeds. Takes cutters 5½-16 bore and up to 2½ inches high. Included: Belt/pulley guard; hardened collars, nuts, washers; machine and motor pulleys; V-belt. Recommended motor, 3/4 HP, 3450 rpm. Guaranteed one year, see page 26.

9 GT 23944—Shipping weight 87 pounds...... $119.75
9 GT 23942N—Shipping weight 106 pounds...... $142.73

4 Steel Floor Base. See description on page 39. Sent unassembled.
9 GT 2224C—Shipping weight 35 pounds...... $28.99

Alloy-steel Shaper Cutters

Precision machined for professional quality work. All cutters 1 inch high with 3/4-inch bore, except (12) 9 GT 3288 which is 5/8 inch high and (14) 9 GT 3287 which is 3/4 inch high. For use with drill press, use 9 GT 24832 adapter described on page 35.

Sash and Door Cutting Kit

$6.95

Makes the intricate cuts used in door and window frames. Use with shaper above or former 9-2392.

9 GT 2407—Kit $6.95
9 GT 2367Z—Set $3.59

Shaper Collars

5-piece set. Use above or below cutter to provide bearing surface for portion of workpiece edge which is not to be shaped. Makes it possible to do free-hand edge shaping of curved workpieces. Steel collars fit 1/4-inch spindle. Shpg. wt. 8 oz.

36 Sears COPIES ONLY
Shape and design beautiful bowls, legs, lamps... almost anything round... on this CRAFTSMAN® Wood Lathe

Turn wood pieces up to a foot in diameter and over a yard long

1. Lathe without motor. Probably the home craftsman’s most fun tool to operate. Even beginners can make intricate and beautiful designs. Yet this tool is accurate enough to meet the needs of professionals. You get four-speed control—875, 1350, 2250, and 3450 rpm. Hand levers quickly and securely lock tool rest, tailstock, and ram into position. Convenient hand wheel adjusts ram up to 15½ inches. Safety features include hinged back guard and push-pull, lock-out switch.

Special index pin in headstock helps you get equal spacing for fluting work. Head and tailstock made of rugged cast iron. Precision-ground, steel tubing, 45½ inches long. Spindle supported by two ball bearings. Included: Spur and cup center, (No. 1 Morse taper); 4-step machine and motor pulleys; speed chart; V-belt; and instruction manual. Overall dimensions: 47½ x 21¼ x 20 inches high. Garanteed one year, see page 26.

9 GT 2389—Shipping weight 64 pounds.

$99.95

2. Lathe with motor. As described above with CRAFTSMAN 5HP, 1725-rpm motor (9GT2116C, page 54). Split phase; sleeve bearings; Four-foot cord. Operates on 110-120 volts, 60 Hertz, AC.

9 GT 23852N—Shipping weight 84 pounds.

$119.95

COOPER PLASD
**CRAFTSMAN®** Planer-Molder for carpentry shop

- Turns hard or soft lumber into moldings, trims, flooring, etc.
- Planes and molds in a single pass or does either separately
- Planes to 12¼ inches wide, 6 inches thick

**$394.00**

**Without motor or stand**

**Thickness Planer**, As left but 18-in. bed, no molding feature.
- F9 GT 23394N — Shipping wt. 201 lb. — $379.00

**5 Steel Stand** for either F9 GT 2339N or F9 GT 23394N. 22¾ inches high, 24¼-inch square bottom. See Note, left.
- F9 GT 23395N — Shipping weight 82 lb. — $34.99

**Molding Cutter Bits.** Set of 3, each pattern. For F9 GT 2339N.
- F9 GT 23395 — 4-inch radius
- F9 GT 23396 — Window, door stop
- F9 GT 23397 — Glue joint
- F9 GT 23398 — 90° miter
- F9 GT 23399 — Base mold
- *Shipping weight set 3 ounces.*

**Tongue and Groove Molding Cutter Bits.** For F9 GT 2339N.
- F9 GT 23302 — Set of 6. (Shipping weight 6 oz.) — Set $6.49

*Sent postpaid from factory near Kansas City, Mo. Allow extra time. No C.O.D.'s.*

---

**CRAFTSMAN®** Jointer-Planer

- 6¼-inch Jointer-Planer cuts edges so smooth and square that glue joints become nearly invisible

**1 Jointer-Planer without motor.** This tool not only can square edges, it can bevel edges to any angle. You can surface warp out of a board or plane it to desired thickness. Make simple rabble cuts or make complex leg-tapering cuts. You can handle stock up to 6-in. wide with one pass.

A convenient handwheel controls cutting depth (up to ¾ in.) of the three steel cutter knives. Accurate depth scale and niblett-width scale provided. Hand knob locks cast-iron fence at any angle. Fence tilt scale provided with stops at 45° and 90°. Safety features include cutter guard, belt and pulley guards, push-pull switch with key.

**9 GT 2059N — Shipping weight 126 lb. — $198.95**

**Jointer-Planer with motor.** As above with 5¾ HP, 3450-rpm CRAFTSMAN motor (9 GT 2126C, page 34).

Capacitor-start, 110-120 volts, 60 Hertz AC.

**9 GT 2065182 — Shipping weight 145 lb. — $229.95**

**Extra Cutter Knives.** Fits jointer above. Pkg. of 3.
- 9 GT 22536 — Shipping weight 15 oz. — Pkg. $6.99

---

Cut true edges on pieces up to 4¼ inches wide with this CRAFTSMAN® Jointer-Planer

**2 Steel Floor Base.** Provides steady, level support for jointer-planer above. Top size: 37½x 13½ in. wide. Adjustable height from 27½ to 30½ inches. Leveling feet with rubber pads to prevent slipping. Motor mount included. Unassembled. Shipped by motor carrier or express.

**9 GT 22296N — Shipping weight 42 lb. — $28.99**

---

Shipping weight 62 pounds.

**9 GT 2186L — $94.50**

---

**Knife-setting Gauge Set**

- Use to install jointer blades after sharpening. Sets all blades at identical cutting heights so all blades do equal cutting. Machined, cast-iron gauge with micrometer adjustments. Blade touch-up stone included.

**9 GT 2647 — Shipping weight 1 lb. 10 oz. — Set $13.89**

---

**4 Power feeds at 12 feet per min.** 42-in. long bed. Maximum depth of cut, 3¼-in. Three-knife ball bearing cutterhead; 3¼-in. diam. With 3½-in. machine pulley. Face or edge mold up to 6 in. wide — order cutter bits at right. Use 1 to 5 HP motor for 4000 rpm head speed. With stand (33), takes 3-in. motor pulley and 36-in. V-belt for 2 HP 3450 rpm motor. Motor, stand, motor pulley, V-belt not included. Guaranteed 1 year — see page 25.

**F9 GT 2339MN — Wt. 220 lb. — $394.00**

---

**Note:** For planers and stand pay motor carrier or express charges from factory near Kansas City, Mo. Allow extra time. No C.O.D.'s.
CRAFTSMAN® Stands give strong, stable support for power tools

1 Pedestal Stand. For CRAFTSMAN and other electric grinders. Heavy-duty construction with steel post and cast-iron base. Tubular 2¾-inch diameter post measures 32½ inches high. Base bolts to floor (bolts not included). Platform (71½ x 9¾ inches) pre-bored to fit CRAFTSMAN grinders.
Shipping weight 33 pounds.
9 GT 29646 — $25.30

2 thru 6 Steel Floor Bases. Rugged bases made of stamped steel. "A" frame design (except 3) provides rock-steady support and great strength. All bases except (3) adjust in height 3 inches: 27½ to 30½ for (4), (5), (6), and 23¼ to 26½ for (2). Rubber feet stop creeping to keep tool in place. Sent unassembled.
2 Fits most CRAFTSMAN 8 and 10-inch
Bench Saws. Top size: 153¼ x 19½ in.
9 GT 2226 — Shpg. wt. 27 lbs. — $27.99

3 Fits most CRAFTSMAN 8, 9, 10-inch
Radial-Arm Saws. Top: 25½ x 13½ in.
32½ in. high. See pg. 27 for door, drawers.
9 GT 10381 — Shpg. wt. 52 lbs. — $29.99

4 Fits most CRAFTSMAN 6½-in. Jointer-Planers. Top size: 37½ x 15¼ inches. Shipped by motor carrier or express.
9 GT 22296 — Shpg. wt. 42 lbs. — $29.99
Belt guard for former jointer 9-2062
9 GT 22296 — Shpg. wt. 2 lbs. — $2.45

5 Fits CRAFTSMAN Belt/Disc Sanders, Shapers, 12-in. Band Saws. Top dimensions: 19½ x 15¾ inches.
9 GT 22246 — Shpg. wt. 35 lbs. — $28.99
Belt Guard for former band saw 9-2429
9 GT 22242 — Shpg. wt. 1 lb. 15 oz. — $2.49

6 Fits CRAFTSMAN 4½-inch Jointer-Planer, Jig Saw, Power Hacksaws. Top size: 25½ x 13¼ inches.
9 GT 22232 — Shpg. wt. 35 lbs. — $28.99
Belt Guard for former band saw 9-2116
9 GT 22232 — Shpg. wt. 1 lb. 4 oz. — $2.49
Belt Guard for former jig saw 9-2072
9 GT 22232 — Shpg. wt. 1 lb. 10 oz. — $2.49
Belt Guard for power hacksaw 9GT2292N
9 GT 22233 — Shpg. wt. 1 lb. 2 oz. — $2.64
Belt Guard for power hacksaw 9GT2294L
9 GT 22234 — Shpg. wt. 1 lb. 2 oz. — $2.58

CRAFTSMAN® Steel Frames
... use as tool stands or add a table for use as a workbench

7 16¾ x 30-inch. Heavy-duty, bolted steel frame. Adjusts in height from 23½ to 29½ inches. Two steel cross slides adjust to tool width and maintain rigidity. Legs are punched to accept wheels (9 GT 2244 at right).

Fits most CRAFTSMAN band saws, belt sanders, bench saws, drill presses, huck saws, jig saws, and jointer-planers.
Hardware, instr. incl. Unassembled.
9 GT 10525C — Shpg. wt. 28 lbs. — $19.50

8 26 x 26-inch. Heavy-duty, bolted steel frame. Adjusts in height from 22½ to 31¼ inches. Two steel cross slides adjust to tool width and maintain rigidity. Legs are punched to accept the wheels (9 GT 2244 at right).

Fits most CRAFTSMAN radial-arm saws, bench saws, and shaper. No motor mount needed with these tools. Hardware and instructions included. Unassembled.
9 GT 1071C — Shpg. wt. 39 lbs. — $26.50

Brighten that work area with this flexible 18-inch Bench Lamp

$9.25

9 Good light is essential to good work. To provide the best light for tool operation, mount a lamp right on the machine. Flexible goose neck, 18 in. long. Upper shield helps keep ventilated outer shield cool. On-off switch. Bracket for mounting on benches, pedestals, accessory bracket for mounting on wall. Six-ft., 2-prong cord. UL listed. 110-120 v. AC. Bulb not included. Black.
9 GT 2480 — Shpg. wt. 4 lbs. — $9.25
24-in. Light. As above with longer neck.
9 GT 2481 — Shpg. wt. 4 lbs. — $10.25

10 Rubber Wheels. Fits (7) and (8) stands at left. Let you move stand and tool with ease. Hard rubber wheels roll smoothly and resist grease and oil. Box of 2 wheels.
9 GT 2244 — Wt. 1 lb. 12 oz. — $2.19

11 Swivel Motor Mount. Use on stand (7) at left. Necessary with band saw, belt sander, huck saw, jig saw, and jointer-planer. Maintains V-belt tension. Made of steel. Fastens motor base to top rail or cross slide of bench.
9 GT 2730 — Shpg. wt. 1 lb. 9 oz. — $1.87

Sears Has a Credit Plan to Suit Your Needs

Don’t let lack of space keep you from having a home workshop...
Compact, low-priced Power Tools set up almost anywhere... even in a spare closet... let you perform most operations of bigger, more expensive tools.

8-inch Bench Saw without motor $39.99

A real space saver. Cuts up to 2¼ in. deep. Arbor lifts to 45°, still cuts through 2x4’s... locks securely at any height or angle. 10¼x13-in. ground cast-iron table with right and left miter slots, removable insert. Tilt scale, miter gauge.

With knowledge blade, motor mount, machine pulley, metal blade guard. 5¼ inches in front of blade at 1 inch deep, 4½ inches at maximum depth of cut. Use 4-inch motor pulley, 5½x29-inch V-belt (not included, see page 56). Order motor below.

9 GT 2412—Shipping weight 26 lbs. $39.99

½-HP Motor for all tools on this page. (Shown and described on page 54.)

4½-in. Jointer-Planer

2 With 3 hardened steel cutter knives, chip breakers on each knife. Makes rabbit cuts up to 4½ in. of an inch deep. Ground cast-iron table with push-pull adjustment to vary depth of cut. Fence tilts to 45°, Spring return guard. Precision sleeve bearings.

Table measures 21¼x4½ inches. 24 inches long overall. Recommended cutter speed 3800 rpm. Includes 3½-inch machine pulley. Use 4-inch motor pulley, 5½x29-inch V-belt (not included, see page 56). Order motor 9 GT 1212C at left.

Shipping weight 19 pounds. $39.99

Belt and Disc Sander

3 For finishing most woods, soft metals, plastics, composition materials. Handles large, flat surfaces, end grain sanding, outside or inside curves. Work table adjust from horizontal to vertical position, tilts to 45°.

Removable disc... spindle takes standard ¼-inch shank accessories. Takes standard 6-inch sanding disc and 4½x16-inch sanding belt (1 of each included). Use 2-inch motor pulley, 5½x29-inch V-belt (not incl. see page 56). Order motor 9 GT 1212C at left.

Shipping weight 17 pounds. $38.20

Wood Lathe

4 Full 12-inch swing over bed. Handles pieces up to 36 inches long. Double-tube bed design holds tool rest firmly in position during operation. Three-speed pulley, Ball-thrust cup center. Precision-ground ¼-inch head spindle. Machine-milled "V" way in headstock and tailstock. 49½ inches long. Use 4-inch 3-step motor pulley, 5½x29-inch V-belt (not incl., see page 56). Order motor 9 GT 1212C at left.

Shipping weight 28 pounds. $39.99

Crafter Has a Credit Plan to Suit Your Needs See Big Book or ask for details
Craftsman® Adjustable Dado

$2499

Use to plough, dado, lap, groove, joint and rabbet. Precision-cut, adjustable hub lets you dial width without removing dado from saw. Calibrated in 1/4th of an inch. Maximum depth of cut 2 inches. Most dado is set, following cut will not vary. Tough 7-inch tempered, selected tool steel blade. Eight precision-ground carbide-tipped teeth. Befell ground on face for free cutting on plywood, cross-cutting on all hard and soft woods. For use on Formica® laminated plastic, laminates and sensitive materials. 1/4-inch arbor, with 1/8-inch bushing for use on 9, 10, 12 and 14-in radial-arm or bench saws. (Use proper dado insert or guard.)

1. For use with 7/8-in. bench saw, 8-in. radial-arm sau 9GT2922 or any radial-arm saw with universal motor.
9 GT 3267—Wt. 2 lbs. 12 oz. $24.99

Craftsman® Dado Sets with Kromedge Blades

1. Professional-quality satin-cut Dado Sets for radial-arm and bench saws. Our best... even cut fine veneers and other sensitive materials with little or no splintering... gives straight even sides. Can also be used on plywood. Outside cutters taper-ground for proper clearance and accurate tooth alignment. Two 3/4-inch outside cutters, four 3/8-inch chippers, one 1/8-inch chiper. Dados to 1 1/4 inches deep. Maximum width of cut is 1 1/2 inches. Fits 1 1/4-inch arbor on radial-arm or bench saws.
9 GT 3257—1 1/4-inch Set. Shpg. wt. 4 lbs. 12 oz. $27.99
9 GT 3253—8 1/2-inch Set. Shpg. wt. 5 lbs. 8 oz. $29.99

8 1/2-inch flat ground Set. For extra tough jobs on bench, radial-arm or wing saws. Use for dadoing, grooving, rabbeting. Includes six 1/4-inch chippers, two outer cutters 1/4-inch thick. Fits 1/2-inch round arbor. Fiber washers are included, give you fine width adjustments. 1/4-inch maximum width of cut is 1 1/4 inches. Order Dado Inserts, page 31.
9 GT 3268—Fits 1/2-inch arbor. Wt. 3 lbs. 2 oz. $15.31
9 GT 3269—Fits 1/2-inch arbor. Wt. 3 lbs. 4 oz. $15.63

Craftsman® Dado Set for electric hand saws

$1295

3 1/2-inch Set. Even cut fine veneers and other sensitive materials. Kromedge blades. Two 3/4-inch chippers, one 1/2-inch chiper. Two 1/2-inch outside cutters. Width of cut 1/2 to 3/4 inch. Maximum depth of cut 1 inch. Includes mounting hardware. Shpg. wt. 1 lb. 8 oz.
9 GT 3268—Set $12.95

Craftsman® Molding Heads with Kromedge® Bits

Let you make up to 20 decorative cuts with your radial-arm or bench saw...or combine different bit sets to create even more designs.

$1999 $2999

4 3/4-inch cutting diam. For 8, 9 and 10-in. bench saws. 21-piece Set. With triple-cutter head. Copy designs or make your own. Includes 18 bits (six 3-piece sets). Also wrench, spacer-washer, bushings, instructions, plastic case. Fits 1 1/2, 1 1/4 or 1 1/4-in. arbor. Not for use on 7 1/4-in. bench saw or 8-in. radial saw 9GT2922.
9 GT 3221—Shipping weight 2 pounds 4 ounces... Set $19.99

Cutter head only. As above, but without bits (bits below).
9 GT 3200—Shipping weight 1 pound 7 ounces... $16.94

7-in. cutting diam. For 10, 12-in. radial and bench saws. 27-piece Set. With triple-cutter head. Includes 24 bits (eight 3-pc. sets). With wrench, spacer-washer, bushing and plastic case. Fits 5 1/2 and 5 1/4-in. round arбор.
9 GT 3217—Shipping weight 4 lbs. 3 oz. $29.99

Cutter head only. As above but without bits (bits below).
9 GT 3214—Shipping weight 2 pounds 10 ounces... $17.99

Kromedge® Cutter-bit Sets. Tool steel. 3 in each set.

Single Cutter Head...21-piece Set lets you cut all the patterns shown except (G) and (V)...18 patterns in all

$25.50

5 3/4-inch cutting diameters. For bench or radial saws (except 8-in. radial 9 GT2922). Fits other saws with 5 1/4-inch round arbor. 18 single Kromedge bits let you make 18 different kinds of trim, molding and joints. Bits can't turn in cutter head... stay in perfect alignment at all times.

Set includes cutter-head, 18 bits, wrench, spacer-washer, bushing and instructions. Complete with sturdy plastic storage case.
9 GT 3215—Shipping wt. 3 lbs. $25.50
CRAFTSMAN® Circular Bladcs fit Sears, Black & Decker and SK1 Saws
Kromedge® Blades fortified with chromium armor for extra hardness...stay sharp longer than other blades

Cabinet maker's blade...for fine-finish crosscuts, rips or miter cuts in hardwoods, plywood, even furniture stock.

1 Deep hollow-ground blades spin freely—all through the cut. Expansion holes and slots add to the quiet, freewheeling action, even when cutting tough woods or plastic. Extra-heavy centers make blades run true...cut so smooth, you won't have to sand before gluing joints. Teeth need no set.

For crosscuts, miters on hard or soft woods; also rips on furniture woods.

2 Taper-ground for fast, precise, smooth cutting. Heavy center adds stability, accuracy...minimizes vibration and wobble. Tempered, tensioned and ground for balance.

For rips on all solid woods

3 Heavy centered blade taper-ground for fast, accurate cutting. Also tempered and tensioned for balance.

CRAFTSMAN® Shop-tested Kromedge flat-ground and thin-rim Saw Blades

4 Cabinet Combination. Extra-thin gauge. Almost invisible joints. No teeth marks. For 7 to 10-in. bench saws.

5 Molding Saw Blades. Flat-ground. All-steel. Also for lumber salvage. Crosscuts, rips. With 3/4-16-inch hole.*

6 Chisel-tooth Combination. Flat-ground. Specially ground beveled teeth. Crosscuts and rips.

8 Fine-tooth Crosscut Blade for plywood. Cuts Celotex, veneers, Flat-ground. For electric hand, radial-arm and bench saws. Use 4-inch blade for 5/8-inch saw, 3/4-inch electric drill attachments. 6-inch blade with 5/4-16-inch round*. 15-inch square and diamond-shaped hole.

9 With 6 1/2-inch diameter. Not CRAFTSMAN. For framing cuts on timbers, 2x4's, etc. With 24 teeth. Tempered 17-gauge body. Arbor—3/8-inch. Can't be reset or filed. Shipping weight each 11 ounces.

9GT32512—Each $1.25...5 for $5.45...40 for $42.80

With 7-inch diameter. As above but with 26 teeth.

Shipping weight each 15 ounces.

9GT32513—Each $1.25...5 for $5.95...40 for 46.80

NOTE: Round center-hole knockout shank for arbor size listed.

*NOTE: Round center-hole knockout shaped for arbor size listed.

Chrome-nickel-molybdenum steel blades—tempered, tensioned, precision ground for perfect balance, then hardened with chrome-plating to resist rust and gum or pitch build-up.

**These Kromedge® Blades armed with Tungsten Carbide Tips**

Tungsten carbide, one of the hardest metals made by man, stays sharper and lasts far longer than steel. It’s a balanced blend of cobalt and tungsten steel... heat-treated for hardness, then diamond-ground to a keen edge. Projecting tips cut with more control. Each tip projects the same distance above blade edge, so each tip takes a smooth, equal bite.

Alternately ground tips make fine-finished cuts in almost any material, even sensitive plywood or soft metals.

**Fast cutting blades with 4 times as many tips as blades at right. Alternate beveling means each tip removes less material per bite than flat-ground tips, so you get a smoother cut. Expansion holes and slots help blades run freely... guard against warping and heat distortion. Excellent blades for the pro and the home craftsman. Make smooth rips, crosscuts, miters and bevels in these materials: hardwoods, plywood, laminates, plastic, Formica®, Masonite® and other hard-to-cut materials, even soft metals. (Not for ferrous metals, masonry.)**

**Alternately ground tips make fine-finished cuts in almost any material, even sensitive plywood or soft metals.**

8-inch diameter \$39.95 with 32 teeth

Identically ground tips cut smooth... great for general-purpose woodworking.

6¼-inch diameter \$8.15 with 8 teeth

Fast cutting blades with 4 times as many tips as blades at right. Alternate beveling means each tip removes less material per bite than flat-ground tips, so you get a smoother cut. Expansion holes and slots help blades run freely... guard against warping and heat distortion. Excellent blades for the pro and the home craftsman. Make smooth rips, crosscuts, miters and bevels in these materials: hardwoods, plywood, laminates, plastic, Formica®, Masonite® and other hard-to-cut materials, even soft metals. (3 thru 5) Protect you against flying chips, sawdust, dust particles, pesticide mist, paint spray. Impact-resistant polycarbonate window.

4. 9 GT 1850—Shipping weight 0.5 oz. $3.95
5. 9 GT 1852—As (4), but with mesh side shields. Wt. 0.5 oz. 4.39

9 GT 1859—Fit over regular glasses. Shpg. wt. 7 oz. $1.55
9 GT 18591—Replacement lens for (5). Shpg. wt. 3 oz. 57c

**Hearing Protectors**

Low $3.85

(6 and 7) Protect you against harmful effects of noise caused by power equipment, farm machinery, aircraft engines, drills and air compressors, firearms, chainsaws, muff-type multi-position. Adjustable to be worn over head, behind head or under chin.

6. For high noise levels.

9 GT 1868—Wt. 1 oz. $9.85
7. For moderate noise levels.

9 GT 1869—Wt. 1½ oz. $5.85

---

**Respirators**

Low $2.95

9 GT 18571—Shipping weight 1 pound 3 ounces 7.45
9 GT 18572—Replacement Filter for (8). Pkg. of 2. Wt. 8 oz. 1.95

9 GT 1871—(Not to be used as gas mask.) Shpg. wt. 10 oz. $5.45
9 GT 18762—Replacement Filter for (9). Pkg. of 6. Wt. 5 oz. 1.45

Dust and Mist Respirator (not shown). For dust, pollen, grains, cotton, wood.

9 GT 18564—Shipping weight 9 ounces 4.89
9 GT 18565—Replacement Filter for 9GT1855. Pkg. of 6. Wt. 5 oz. 97c

9 GT 1872—Shipping weight 5 ounces 2.95
9 GT 1873—(Not for use with ammonia.) With cartridge. Wt. 1 lb. 1 oz. $8.35
9 GT 18574—Extra Cartridge for 9GT1857. Pkg. of 2. Wt. 8 oz. 2.95

**Welding Body Protectors**

9 GT 1329—Shpg. wt. 2 lbs. 10 oz. $12.95

9 GT 13277—Shpg. wt. 4 oz. 1.47

9 GT 13278—Shpg. wt. 4 oz. 2.45

9 GT 13291—Shpg. wt. 7 oz. 57c

9 GT 1320—Shpg. wt. 2 lbs. 1 oz. $3.95

No. 5 filter plates. Wide 2½×4½-in. window.

9 GT 18536—Shpg. wt. 9 oz. $4.45
15. Replacement Filter Plates for (13). Wt. 4 oz.

9 GT 13274—No. 4, up to 1-in. 1.47
9 GT 13275—No. 5, up to 1½-in. 1.47
9 GT 13276—No. 6, up to 2-in. 1.47
9 GT 13277—No. 6, over 2-in. 1.47

9 GT 13279—Shpg. wt. 4 oz. 97c

9GT1323—Med. (37-40). Wt. 3 lb. 14 oz. $22.75
9GT13239—Large (44-46). Wt. 4 lb. 2 oz. $22.75

9 GT 13232—Medium (37-40). Wt. 1 lb. 7 oz. $5.99
9 GT 13233—Large (41-44) 9.99
Set the cut you want and leave it... either of these Power Hack Saws cuts accurately by itself

- Saws adjust to make straight cuts or angle cuts up to 45 degrees
- Powered with 1/2-HP motor, saws cut any shape steel, cast iron, brass or aluminum quickly.

Endless-blade Band Saw... cuts 3x6-inch pieces 10 times faster than reciprocal saw

9 GT 22928—Saw only. Shipping weight 76 pounds .......................... $139.50
Saw with CRAFTSMAN 1/2-HP capacitor motor (9GT2114C) . . . 1725 rpm.
Sleeve bearings. Single phase. 4-ft. 3-wire cord. 110-120-v., 60-Hz. A.C.
9 GT 22922R—Shipping weight 97 pounds ........................................ $170.17

2. Steel Base. Fits all power hack saws on this page. Measures 20x30x14 inches at base. Height adjusts from 275/4 to 303/8 inches. Unassembled. 9 GT 2223C—Shipping weight 35 pounds .......................... $28.99
Guards (not shown). Enclose machine pulley and belt above table.
9 GT 2223A—For 9 GT 22928. Shipping weight 1 lb. 7 oz. .............. $6.24
9 GT 2223H—For 9 GT 22928H. Shipping weight 1 lb. 2 oz. ............ 2.58

Extra Blades for cutting metal. For hack saws on page. Shp. wt. 6 oz.
9 GT 22926—10 teeth per inch. Cut over 1 inch. Each $3.95
9 GT 22927—14 teeth per inch. Cut 3/4 to 1 inch. Each 3.95
9 GT 22929—24 teeth per inch. Cut up to 1/4 inch. Each 3.95

HACK SAW GUARANTEE
During the first year, upon return, we will repair CRAFTSMAN power hack saws, free of charge, if defective in materials or workmanship. Simply return the saw to any Sears store throughout the United States.

Reciprocal-type Hack Saw cuts 3-1/2x4-inch thick pieces

Without motor, base or guard $99.50

Cuts any shape metal. Heavy cast-iron vise locks quickly and easily... anchors stock solidly in place. Adjusts for angle cuts from 90° to 45°. Big 3-1/2x4-inch maximum capacity. Blade lifts on backward stroke. Takes any standard 12-inch power hack saw blade (1 included).
Arm length extended ... 29 inches; not extended ... 26 inches. With 5-inch stroke... operates at 60 strokes per minute at 400 rpm. With 6-1/2-inch machine pulley, single groove. 2-inch motor pulley and 1/2-inch wide x 42-inch long V-belt. Saw only. Without motor, base or guard. Order base and guard above.

9 GT 2294L—Shipping weight 61 pounds ........................................ $99.50
Saw with CRAFTSMAN 1/2-HP motor (9GT2114C) . . . 1725 rpm split phase. With sleeve bearings. Includes 4-ft. 3-wire cord. 110-120-v., 60-Hz. A.C.
9 GT 22942R—Shipping weight 79 pounds ........................................ $124.50
9 GT 65888—14 teeth per inch. Shipping weight 5 ounces. Pkg. $2.28
9 GT 65889—18 teeth per inch. Shipping weight 5 ounces. Pkg. 2.28

SPECIFICATIONS
Capacity of cut (maximum). 3-1/2x4 in.
Angle cuts .................................. 90° to 45°
Bearings .................................. porous bronze
Machine pulley, single groove .......... 6-1/2 inches
Motor pulley .................................. 2 inches

Motor recommended (not included). 1/2 HP, 1725 rpm
Base size .................................. 6x24 inches
Mounting size .................................. 20x55 inches
Stroke .................................. 5 inches
60 strokes per minute at 400 rpm.
Doing precision wood or metal turning?

This versatile 6-inch Lathe with 16 speeds and 4 feeds can put profit in your pocket and fun in your hobby.

For a wide selection of Lathe Accessories, see pages 48 and 49

These are some of the products you can make or work on with proper attachments

WOOD
METAL

Without motor $285.00

CRAFTSMAN® back-gear lathe can expand your skills to new, wider fields of interest. Whether you're a toolmaker, model builder, inventor or hobbyist, you can do more jobs of a mechanical nature with this lathe and attachments than with a dozen other costly tools. Turn, mill, drill, grind and bore iron or steel. Shape wood, plastics, alloys and soft metals into form. Wind springs and electrical coils. Cut precision threads of all shapes and sizes. It's even perfect for home projects and machine repair.

Be as fancy as you feel... create intricate wood or metal spindles for railings, furniture, room dividers. Design your own brass candle sticks. Efficient back gears reduce spindle speeds for heavier cuts and large diameter work. And it's pre-tested to cut steel to within 1/1000 of an inch. Compare other features and specifications below with other metal-turning lathes in this price range. Comes with instruction manual described below left.

Accessory group includes: 2-step motor pulley, 4-step machine pulley, 4-step quick-change countershaft, two 60° centers, 9 threading gears, 5/8 inch tool bit, 1-inch lathe dog, 543° inch combination wood and metal working faceplate, "V" belt, two hex wrenches, two standard wrenches (1 combination, 1 open end). Use at least 1/4 HP, 1725 rpm motor (not included). See motors pg. 54, 55. Guaranteed 1 year... page 26. $285.00

FEATURES and SPECIFICATIONS

- Timken tapered roller bearings absorb both radial and thrust loads...
- Help keep friction at a minimum level for long, accurate service.
- Thread dial simplifies thread cutting... shows you the exact time to engage half-nuts for each successive cut.
- Micrometer graduated feed screw collars with locks for quick dialing.
- Sixte-five indexing mechanism equips lathe for such dividing operations as fishing, reeding and serratting.
- Semi-steel bed cast in 1 piece... ways align to within 1000 of an inch.
- Overall size 16x24x43-1/2 inches; mounting dimensions—45x27-3/4 inches.
- Four porous-bronce back gears with a ratio of about 65:1.
- Capacity: 6-inch swing over bed; 6-inch swing over saddle wings; 3-1/2-inch swing over cross slide; 18 inches between centers.
- Carriage: hand wheel for hand operation; power feed for reversible automatic longitudinal feeds; 45/8-inch cross slide travel; 54-inch diameter feed screw with Acme thread; 15-inch compound rest travel. 1/4-inch slot in tool post takes 1/8-inch bits or holder for 1/8-inch bits.
- Headstock: 1-3/8-inch hole through spindle; 7-3/8-inch collet capacity; 1-inch diameter spindle nose with 10 pitch NS thread; No. 2 Morse Taper.
- Tailstock: 3-1/2-inch diameter spindle bored for Number 1 Morse Taper; 1/4-inch spindle travel; 1-1/4-inch tailstock setover for taper turning.
- Feeds: 0.0004-inch, 0.0009-inch, 0.0408-inch, and 0.0078-inch.
- Speeds: 54, 82, 122, 140, 167, 267, 317, 481 rpm in back gear drive; 365, 560, 820, 940, 1250, 1925, 2125, 3025 rpm in direct drive.
- Cuts 8 to 96 Standard threads per inch, right or left hand.
- Base of compound rest swivels 180°... locks in any position.

Complete Manual of Lathe Operations

Beginners and experienced machinists find this instruction manual helpful. Offers valuable hints on lathe care, operations and attachments. Includes machinists' tables, photographs, drawings and diagrams. Attractively paper bound with index tabs. 238 pages. $3.99

9 GT 2925—Shipping weight 1 lb. 4 oz.
Precision 12\(\frac{1}{4}\) inch Metal Turning Lathe gives you 16 speeds, 54 feeds
CUTTING ACCURACY TESTED TO 1/1000 OF AN INCH

Precision-ground bed with thick ways . . . braced with ribs every four inches

FEATURES AND SPECIFICATIONS
- Timken tapered roller bearings absorb both radial and thrust loads . . . help keep friction at a minimum for long, accurate service.
- Threading dial shows exact time to engage half-nuts for successive cuts.
- Micrometer graduated feed-screw collars with locks for quick dialing.
- Sixty-hole indexing mechanism for dividing operations like fluting.
- Semi-steel bed cast in 1 piece . . . ways align to within 1/1000 of an inch.
- 12 pitch back gears at 6 to 1 ratio, oil-impregnated bearings.
- Capacity: 12\(\frac{1}{2}\) inch swing over bed; 12\(\frac{1}{2}\) inch swing over saddle wings; 7\(\frac{1}{4}\) inch swing over cross slide; 36 inches between centers.
- Carriage: reversible power cross and longitudinal feeds; 6\(\frac{1}{2}\) inch cross slide travel; 6\(\frac{1}{2}\) inch diameter feed screw with 8 Acme threads per inch; 2\(\frac{1}{2}\) inch compound rest travel; 5\(\frac{1}{2}\) inch slot in tool post takes 3/4inch bits or holder for 3/4-inch bits.
- Headstock: 9\(\frac{1}{2}\) inch spindle bore; 3\(\frac{1}{4}\) inch collet capacity; 1\(\frac{1}{4}\) inch spindle nose with 8 threads; No. 3 Morse Taper with No. 2 reducing sleeve.
- Tailstock: 1\(\frac{1}{2}\) inch diameter spindle bored for Number 2 Morse Taper; 2\(\frac{1}{2}\) inch spindle travel; spindle graduated in \(\frac{1}{6}\)ths of an inch from 0 to 3 inches; 3\(\frac{1}{2}\) inch tailstock setover for taper turning.
- Feeds: gear box quickly selects 54 feeds from .0042 to .250 inch.
- Speeds: 28, 45, 70, 83, 112, 136, 211, 345 rpm in back gear drive; 164, 266, 418, 500, 668, 805, 1270, 2072 rpm in direct drive.
- Cuts 4 to 240 Standard threads per inch, right or left hand.
- Base of compound rest swivels 180° . . . locks in any position.

Without Cabinet
$638.50

With Cabinet
$819.00

This back geared screw-cutting lathe could be the “heart” of your machine shop. Turn engineers’ plans into new tools for modern industry. Work metals, woods, plastics. Wind coils, cut threads, repair machine parts. And with attachments turn out a whole range of turning operations, even at a production pace. Shift instantly to 1 of 54 feeds or threads. And by varying gear train with extra change gears, you get hundreds of additional feeds, including all standard metric threads from .25 to 7mm.

Includes 4-step machine pulley, 2-step motor pulley, “V” belt, two 60° centers, tool post, 6-inch face plate, reducing sleeve for headstock centers, wrenches and manual. (Chuck, bit not included.) Use at least 5 hp, 1725 rpm motor (not included). See motors on pg. 54, 55. Guaranteed 1 year—pg. 26.

Without Floor-model Cabinet. Horizontal countershaft with quick-release lever for speed changes. Countershaft mounted behind headstock, free of bed. Lever releases both belts at once. Motor mounts, 57 in. long. 9 GT 28918—Shipped wt. 34 lbs . . . $638.50

With Floor-model Cabinet. Rigid pedestal of \(\frac{1}{4}\) inch plate steel. Built-in chip pan with drain outlet. Underneath drive. Column encloses motor and countershaft (motor not included). Both the countershaft and belt handles extend outside of cabinet.

Lever release for quick speed changes. Measures 62\(\frac{1}{4}\) inches long. Pay motor carrier or express charges from factory in Kalamazoo, Michigan. Allow extra time for delivery. No C.O.D. orders. F9 GT 28998—Shipped wt. 505 lbs . . . $819.00
Take the guesswork out of welding...

CRAFTSMAN® AC Arc Welder with exclusive Color-matic continuous control lets you weld almost like a pro

Just pick the color-coded rod right for the job (see instruction manual), turn the heat selector dial to the color and size of the rod...and you're ready to weld

- Infinite selection of heat ranges...can lock holds settings
- Aluminum-wound transformer with fiber glass insulation lets you operate welder at 100% duty cycle in more heats than any other welder we sell
- Color-coded instruction manual to simplify work

$127.90  
$137.00

1 You don't have to be a technician to operate this super-simplified arc welder. Technical calculations converted into an easy-to-understand system...lets you do most types of welding without prolonged training. Weld, cut, solder, braze, heat and bend metal. Good for auto and farm machinery repair, construction equipment maintenance, even metal sculpture.

Cabinet size: 16x16x22½ inches high. Cooling fan. UL listed. With 18-foot electrode cable, 12-ft. ground cable, cable storage hanger, input cable with plug, wall receptacle, electrode holder, ground clamp and helmet. Base can be mounted on wheels (see kit 9 GT 20681 below). Runs on 220-240-v., 60-Hz AC. See specification table (opposite page) for further information.

180-ampere. Maximum current draw
37 amps. Primary voltage 230 volts.
Shipping weight 130 pounds.
9 GT 20245N  
$127.90

230-ampere. Maximum current draw
55 amps. 230-v. Higher heat, faster with larger rods than 180-amp unit.
9 GT 20125N  
$137.00

1 Wheel Assembly Kit. Two 3-inch rubber tires with axle kit. Fits all Sears Welders except former numbers 9-2097 and 9-20996.  
9 GT 20481—Shipping weight 1 pound 14 ounces.  
Kit $4.85

2 Cable Extension for ground or electrode cables. Long 25-foot coil with copper connectors. No. 2 gauge copper wire, rubber covered, insulated. Use on all CRAFTSMAN arc welders except gasoline-powered type.  
9 GT 20696—Shpg. wt. 8 lbs. 2 oz. Coil $20.99

CRAFTSMAN® ARC WELDER GUARANTEE: During the first year, we will repair the CRAFTSMAN Arc Welder free of charge, if defective in material or workmanship. This guarantee service is available by simply returning the welder to any Sears store throughout the United States.

Now at Sears...a CRAFTSMAN® 225-amp. AC Arc Welder with continuous control and 12 heats, to handle almost any repair job...for under $100

$97.00

Repair farm machinery, construction equipment. Weld small pieces in your home workshop. Cut metal, solder, braise. All with one low-cost welder. Does almost all the jobs welder above does, but for shorter periods (20%), duty-cycle.

Handy bi-directional switch switches around to change from high to low heat ranges...gives you a wide selection of heats with an easy-to-read selector dial. Push switch down to select proper welding heat from 40 to 225 amps. Release switch and positive indexing locks it in position...won't turn until pushed down again...guards against accidental change of setting. Good arc stability at all settings...harsh arc and spatter kept to a minimum.

See CRAFTSMAN Arc Welder guarantee above. Also see power requirements and specifications on table on facing page.

9 GT 20791N—Shipping weight 91 pounds.  
$97.00

For Welding Rods and Accessories, see page 52

Sears Has a Credit Plan to Suit Your Needs
See Big Book or ask for details
CRAFTSMAN® 295 ampere AC Arc Welder

Best for use on thicker steels. 24 heats—45 thru 295 amps—give higher temperatures needed for tough jobs: weld, braze, solder, cut, pierce, bend, harden, temper

$214.50

Designed for heavy-duty service requiring high heats such as in maintenance shops and on the farm, also for welding cast iron. Rebuilt in retrace function increases open circuit voltage on all heats for easier arc maintenance. Down-draft fan exhausts through cabinet bottom; cools double-insulated coils to keep welder operating at high efficiency. Control panel also built-in. Big dial on top, easy to get to in a hurry. Fan motor permanently lubricated. Recessed panel protects controls.

Many other applications such as: Building tailor-made items like boats, wagons, racks, benches and table frames; Rebuilding farm equipment such as worn cutting edges on plow shares, sweeps, teeth on spike harrows; Repairing items around the house such as garden tools, appliances, lawn equipment, as well as gears, sprockets, wheel rims, cars, trucks, trailers, etc.

Cabinet measures 16 inches wide x 16 inches deep, 22½ inches high. Base can be mounted on wheels (see kit 9 GT 20481 on facing page) so welder can be moved easily to any point.

Operates on 30-arc volts. NEMA rated. Includes 18-ft. electrode cable, 12-ft. ground cable, electrode holder, heavy-duty ground clamp, industrial flip-front helmet and two cable hangers. Convertible hand grips in front for lifting or moving from cart to bench. See specifications below and guarantee on facing page.

9 GT 201538—Shipping weight 155 pounds

BEFORE ORDERING READ THESE SPECIFICATIONS CAREFULLY

Specification Note: Check voltage, cycle, phase and capacity of your line with you electric utility company or localREA office.

180-amp AC Welder/Generator

Buy a continuous-duty portable generator and a rugged AC welder for one low price

120-240-volt induction generator...

Shipping weight 155 pounds...

Shipping weight 12 pounds...

$710.00

$620.00

3 CRAFTSMAN. A 180-amp AC welder and generator capable of delivering 5000 watts of either 120 or 120/240-volt, AC current on a continuous duty basis. Power by a 12 HP OXON gasoline engine. Use AC power and weld at the same time. Handles 1½ through 1½-inch AC electrodes including low hydrogen rods and most other electrodes. Rated at 25 arc volts at 90% duty cycle. Measures 2x24x30½ in. long. Guaranteed on facing page. Pay motor carrier or express charges from factory.

Push-button battery start module. With 120/240-volt generator... Mounting tray, 12-volt battery...

Manual-start models: Rope pull start...

5 Accessory kit for 3 above. With 18 foot electrode cable, 12 foot ground cable, holder, clamp...

$35.00

$35.00

You too, can weld metals such as aluminum, bronze, nickel, stainless steel... also metals of very light gauge and up to 1½-inch thick. Process floods molten steel with a non-combining inert gas (usually argon)—prevents oxidation and embrittlement of weld. No preheating. 3 collets (1½, 1½, 1½-inch) included. Use both units to connect AC or DC welders.

1. Arc Stabilizer (only). For easier starts with AC or DC welders in stick electrode process. 1½x18¼x3½ inches wide. Use 230-volt outlet or wire into welder circuit.

Shipping weight 17 pounds.

CRAFTSMAN®
All-purpose Mild Steel Arc-welding Rods

Now packed in handy plastic tubes or money-saving 25-lb. packages.

Contact type...so easy to use you'll think you're a blacksmith...just touch rod-tip to metal for a smooth, surge-free arc.

These general-purpose electrodes start on contact—hold a steady arc...long as they touch metal—and restrike on contact. Metal core melts faster than powdered metal coating, so there's always a flux to keep rod from sticking to workpiece. Deposit a smooth, low contour weld...ideal for fixture welding where appearance is important. For sheet metal fabricating, production welding and tacking. Slag coverage peels off when weld cools. Use AC or DC.

Check quantities and prices in charts below...see how much you save with 25-pound bulk packages.

Weld from any position, even over dirty, rusty metal with these deep-penetrating rods.

These general purpose electrodes weld in any position—horizontal, vertical or overhead. No need to wait for cleaning—a new arc penetrates rust and dirt to deposit a strong, dependable weld. Ideal for repair of auto, farm equipment, structural steel or pipe tanks. Leaves little slag on all types of ferrous metals. Use AC or DC.

CRAFTSMAN® Specialty Rods
A selection of rods for almost any arc-welding job.

2. Machinable Cast-Iron Rod. Uses nickel core wire to weld cast iron to steel, nickel alloys, copper...no preheating needed. Great for auto repair. 1/8¾ in.

5. Sheet-metal Rod. Tipped for quick starts. For home repair, metal sculpturing. About 64 rods in package.

Arc-welding Accessories

2. Twin Carbon Torch. Use with any arc welder. Flame similar to gas welding torch. Bends, solder or heat metals for bending, hardening and tempering. Two cored carbons and 4-foot cables included. Large insulated fiber grip handle. Measures 1¼ in. long.

3. Cored Carbons for Twin Carbon Torches above.

Gas welding or brazing rods and Accessories

7. Copper-coated Gas Welding Rods. (Not shown.) Measure 18 inches long. Approximately 140 in package.

12. CRAFTSMAN Brazing and Welding Flux. 50 lb. container. Contains 278 pages. Can 1.55

CARRYING CASE FOR WELDING OUTFIT

CARRYING CASE FOR WELDING OUTFIT

Also works as 2-wheel handtruck.
Heavy-duty Oxy-acetylene Outfit

You can cut, weld, braze and heat...an excellent outfit for home, body shop or farm repairs

CRAFTSMAN® Welding and Cutting Attachments

TWO-STAGE OUTFIT $155.00
- Dual regulation maintains a constant gas pressure at torch...so you won't have to make adjustments as cylinder pressure drops
- Oxygen valve on cutting torch locks in place for long, clean cuts
- Stainless steel valve stems for sensitive flame setting and long life; needle type shutoff valve seals tight...won't chafe or score

Both regulators pressure-tested. Solid brass welding torch and cutting attachment—both individually flame-tested. Drop forged Naval-bronze goose neck holds up to 600°. Non-flush mixer with double "O" rings for leak-free connections. Outlet includes 3 swaged pure copper welding tips (AA-1, AA-3, AA-5) and a B-3 cutter. See tip capacities at left. Also includes 50 feet of 1/8-inch diameter. Siam-ee hose with solid brass fittings; full-view vinyl facemask; spark lighter; combination wrench; hand book. Welds ferrous metal to non-ferrous metal with oxy-acetylene; welds non-ferrous metals with oxy-LP®. Brakes, heats, cuts, bends with oxy-acetylene or oxy-LP®. See CRAFTSMAN COMMERCIAL story on page 35.

CRAFTSMAN® Single-stage Outfit $124.50
Same as above except no two-stage regulators. Uses single-stage regulators (not shown). Shipping weight 26 pounds...Outfit $124.50

CRAFTSMAN® Single-stage Oxy-acetylene Outfit
So sensitive you can cut, weld or braze metal sculpture $97.50
Solid forged aluminum torch body...light enough for continuous use, yet durable. Stainless steel valve stems for delicate flame settings. Needle shutoff valve seals tight. Front mounted valve wheels for easy adjustments. Outlet includes 3 tips (D1, D3, D4) for welding steel 1/8", 1/4" and 1/4" of an inch thick respectively and 1 tip (E2) for cutting steel 1/4" inch to 1/2" inch thick. See extra tips and capacities below.

Also includes 12-1/4 ft. of 1/2-in. diameter Siam-ee hose, full-view vinyl facemask, lighter, wrench and handbook.

Welding Tips for above. Use with oxy-acetylene gas only.
Shipping weight each 4 ounces.

Cutting Tips for above, Use with oxy-acetylene gas only.
Shipping weight each 3 ounces.

CRAFTSMAN® Exclusive anti-splash triangular grill
Rugged CRAFTSMAN Medium-duty Motors.

1/4 to 1 1/2-HP size for tools, fans, blowers

- Standardized bases...
- Simple application on machines with standard mounts
- DuPont Mylar® polyester insulation...
- Makes windings extremely moisture resistant
- All-position operation...
- Even sleeve-bearing motors mount at any angle

Capacitor-start, 3450-rpm Motor for high-speed tools...
bench saw, jointer, shaper, planer

1 Rugged, continuous-duty motor with rigid base—1/4 HP, 43/4-in. mounting size. Reversible rotation. Double-end shaft, 1/2-in. diam. end with 7/16-in. square keyway, 1/2-in. diam. end with 7/16-in. deep flat. Ball-bearing motors only are permanently lubricated and have quick-connect terminals. Single-phase, 60 Hz. AC, 4-wire cord with adapter. NEMA 56-frame dimensions. See Note and 1-yr. Guarantee on facing page.

Capacitor-start, 1725-rpm Motor for hard-starting tools...
band saw, drill press, metal lathe

2 Also a fine motor for pumps and compressors (ball bearing motors only). Sleeve-bearing motors have resilient bases. Ball-bearing motors have rigid bases. Reversible rotation. Overload protector (except on 9T1214C and 9T1227C). Mounting size: 3/4-in. Run on 110-120 or 230 v. except 9T1214C which runs only on 110-120 v. Single-phase, 60 Hz. AC. All except 1/2 HP motor have 4-wire, 3-wire cord and adapter. NEMA 56-frame. See Note and 1-yr. Guarantee on facing page.

CRAFTSMAN® Flexible Shafts

4 and 5 Transfers power from stationary motor to hand-held tools—points, cutters, discs, wheels. Lets you operate tools in hard-to-reach places. Fits 1/4 or 5/16-inch shafts. Wire cores.

4 7/16-in. Heavy-duty Shaft 3/4-in. core.

9T 2655552—Ship wt. 13 lbs. | $54.50

5 50-in. Medium-duty Shaft 5/16-in.
Screw-down coupling, Steel fittings, 1/2 HP capacity.

9T 26337—Ship wt. 7 lbs. 6 oz. | $29.90
36-in. extension for (5) above.

9T 26343—Ship wt. 3 lbs. 2 oz. | $9.50

Accessories

9 Floating Motor Rail. For motors up to 1 1/2 HP. Provides proper belt tension. Rail, with motor attached, can be lifted from clips for use with other tools. 2 3/4 to 5 in. between centers. Fasteners, two clips incl.

9T 26265—Ship wt. 13 oz. | $3.99
9T 2556—Two clips. Wt. 6 oz. | Pkg. 67c

10 On-off Rocker Switch. For bench tools not fitted with switch. For motors up to 1 HP (universal motors to 1 1/2 HP). Two 3-prong receptacles... one controlled, one always "on", 8-ft., 3-wire cord. 110-120 v., 15-amp.

9T 2605—Ship wt. 1 lb. 8 oz. | $7.95

54 Sears Home Improvement Buy-in
Our husky, heavy-duty CRAFTSMAN Motors... ½ to 7½-HP size for handling big farm equipment

GUARANTEE: During the first year we will repair the motor, free of charge, if defective in material or workmanship. This guarantee is available by simply returning the motor to any Sears Store in the U.S.

This open-frame Motor gives heavy-duty performance in a compact, lightweight package

Capacitor-start motor with plenty of power for farm or workshop use. Use on compressors, sprayers, augers, or tools. Small size and light weight makes this motor more portable than others. Ball bearings handle heavy loads and give long service. Motor has high starting torque. Overload protector resets manually. Rugged steel housing and base. Electrically reversible rotation. Mounts in any position. Operates on 110-120 or 230 volts, single-phase, 60-Hertz AC. Guaranteed for one year, see above. See Information Note below left.

Capacitor-start, open-frame Motor

for pumps, compressors, crop dryers, fans, freezers

Capacitor-start, totally-enclosed Motor for use where dust, dirt, or weather may be a problem...

grain augers, silo unloaders, feed mixers

4 Internally fan cooled. Exceptional starting and overload capacity. Permanently lubricated, grease-sealed ball bearings. Manual-reset overload protector prevents burnouts. Electrically reversible... no need to twist belts to change rotation. Motor can be mounted in any position. Single-end shaft. No switch or cord. Operate on single-phase, 60-Hertz AC power. Motors through 2 HP run on 110-120 or 230 volts, larger sizes run on 230 volts only. Guaranteed 1 year, see above. See Notes and dimension chart below before ordering.

Compact-size, heavy-duty Motors...

totally-enclosed against dust, dirt

1 and 2 Totally-enclosed motors designed for applications where dust, dirt, or splashing liquids could enter motor and damage parts. Capacitor-start to handle tough-starting loads, 1725 rpm. Sealed ball bearings assure quiet operation and eliminate need for re-lubrication. Fan delivers cooling air over motor to guard against overheating. Electrically reversible rotation. Single-end keyed shaft. All except 2-HP model equipped with manual-reset overload protectors. Provide in-line protection for 2-HP motor. Motors can be mounted in any position. Dual-voltage operation on 110-120 or 230 volts, 60-Hertz AC. No switch or cord. See one year guarantee above. See Notes below.

As described above with steel housing and frame.

1 As described above with steel housing and frame.

NOTE: NEMA frame sizes are given for all CRAFTSMAN Motors. The National Electrical Manufacturers Association is an organization that sets strict standards for motors—one of which governs motor dimensions. The advantage to you is that any motor of a certain NEMA frame size is interchangeable with another of the same frame size, important dimensions such as base mount and shaft height will be the same.

Make sure your motor will fit...check size

"A"—length of housing (excluding shaft). "B"—distance from bottom of base plate to top of housing. "C"—bottom of base plate to center of shaft. "D"—maximum width of housing. Dimensions given in inches.

55 Sears
CRAFTSMAN® precision-machined V-pulleys

(1 thru 3) Scientifically designed to give you top working performance. Grooves machined to maximum accuracy...helps eliminate belt slipping, power loss. All bores reamed to exact size.

To determine motor pulley diameter—multiply the diameter of the machine pulley by the machine rpm wanted. Divide this figure by the motor rpm for the motor pulley diameter needed.

To determine machine pulley diameter—multiply the motor pulley diameter by the motor rpm. Divide this figure by the machine rpm you want.

NOTE: All the diameters given in tables are for outer edge of pulleys only.

By MEASURE BELTS

Measuring width: Measure across broadest (outside) surface of belt being replaced (see sketch “A” above).

Measuring length: Measure around outside edge of both pulleys, not in groove (see sketch “B” above). Use steel tape. Check manufacturer’s number on your old belt.

How to Order from this Catalog

YOU CAN ORDER ANY ONE OF FOUR WAYS

1. Catalog Sales Office or Sears Authorized Catalog Sales Merchant—It's easy to order through your nearest Sears Catalog Sales Office. A copy of this catalog is available in each office for reference.

2. Retail Store Catalog Sales Department—Each Sears Retail Store has a Catalog Sales Department where trained sales people will help you make a selection and write your order.

3. Shop By Phone—You'll be pleased at the ease and convenience of ordering from Sears by telephone. So call today—it's the easiest way to shop. Phone your Easy Payment and Sears Revolving Charge Account orders.

4. Shop at Home by Mail—List all the items on a Sears order blank or any plain piece of paper. Print plainly your full name and mailing address. Be sure to include all catalog numbers and description of wanted items. Mail order to the Sears plant nearest you (see list at bottom of page).

CREDIT TERMS—See Sears Big Book or any Sears Retail Store Catalog Selling Unit for information on Sears Credit Plans

HELPFUL INFORMATION ABOUT YOUR SEARS CATALOG ORDER

C.O.D. MAIL ORDERS—WE STRONGLY URGED YOU NOT TO ORDER C.O.D.—SUCH ORDERS INVOLVE HIGH EXTRA CHARGES TO YOU

When ordering by mail, it is to your benefit to send a money order, check, or use Sears Credit Terms. See Sears Big Book for details on extra charges involved on parcel post and freighted orders. We do not ship C.O.D. orders for live animals or birds, perishable goods or for merchandise cut, engraved, printed or made to order; for merchandise shipped direct from factories or shipped to foreign countries or to anyone other than the person sending order.

YOU ALWAYS GET OUR LOWEST PRICES

Whenever any Sears catalog item is reduced in price in a Sears sale book or value supplement which is current with the catalog you are using, your order will be filled at that reduced price. Prices in this catalog apply only to orders placed by mail, telephone, telegraph or placed in person at a Sears Catalog Sales Office, Authorized Catalog Sales Merchant or at a Catalog Sales Department in a Retail Store, Retail Catalog Store or a Sears Affiliated Store.

Except where stated otherwise on specific items, prices quoted in this catalog do not include charges for transporting goods from our distribution centers to a Sears selling unit for pick-up, or for delivery to your home.

SHIPPING INFORMATION

Catalog numbers ending with "N" (as F9 GT 61234N) are sent by motor freight or express. Shipping and delivery charges are based on distance, weight and classification. Other easy-to-install Shelf Accessories

Sears 59
Shelving styled to accent room decor, home or office

Steel Standards and Brackets with walnut-look trim... just install and add Shelves... adjust to meet your needs

1 and 2) CRAFTSMAN®. This decorative shelf hardware plus the shelves below gives you at least 5 important benefits:
(a) It brightens and beautifies your walls. (b) It saves a surprising amount of floor space. (c) It keeps frequently-needed items close at hand. (d) It saves time in storing and finding those items. (e) It greatly simplifies keeping a room or office neat and tidy.

Ultra-modern steel wall standards and brackets are richly trimmed in walnut-grained vinyl that looks and feels like natural wood. Jet black or mellow bronze finish accentuates the walnut-grained pattern. Beveled sides of standards fit flat against the wall.

Install standards, brackets and any type of shelves (order shelves separately) in any arrangement you prefer... rearrange whenever you wish. Standards have bracket slots at one-inch intervals to give you a wide variety of shelf positions. Order matching wall standards and brackets from the tables at right. Order screws or hollow-wall anchors for standards from the preceding page.

### 1. Wall Standards with walnut-grained trim and choice of bronze or black finish.

3. **CRAFTSMAN Reversing Chain Pipe Wrench.** Ratcheted style... reverse or take new bite without removing wrench from work. For tight places, irregular shapes, spin-type oil filters, pipes, etc. Capacity up to 4-in. O.D. * 12-in. handle, 15-in. chain.

   9 GT 55713        |  Shipping weight 1 lb. 12 oz.  |  5.15

4. **Angle Tapered Seat Wrench.** "L" shaped for just the right angle to remove or insert all types of faucet seats. One leg 6 in. long, tapered to a 1/4-in. square at end. Other leg 7 in. long, tapered to a 1/4-in. square at end. 1/4-in. shank diameter. Cadmium-plated steel for resistance to rust.

   9 GT 55682        |  Shipping weight 13 ounces  |  3.99

5. **CRAFTSMAN Basin Wrench.** Self-adjusting forged steel jaws with return spring. Extra-long 11-inch handle... squared for a firm wrench-grip.

   9 GT 55683        |  Shipping weight 1 lb. 4 oz.  |  3.27

6. **Big Strap Wrench.** Designed to guard against damage to finish of nickel or chrome-plated pipes and tubing. With 12-in. cast-iron handle. Nylon strap with 3500-lb. break strength. 14 to 2-in. capacity.

   9 GT 55707        |  Shipping weight 2 lb. 4 oz.  |  3.79

7. **Adjustable Slip and Lock-out Wrench.** Sliding jaws shaped for slip-nuts on "F" or "S" sink traps, lock-out spuds and bonnet caps. Adjusts from 3/4 to 3 in. Cadmium-plated forged steel. 10-1/2 in. long.

   9 GT 55685        |  Shipping weight 1 lb. 8 oz.  |  5.60

---

**CRAFTSMAN® Flaring Tools...**

**cut, bend, flare, join tubing**

8. **9-pc. Flaring Tool Set.** For copper, aluminum, brass, thin-wall tubing. Includes items (9), (11), (13) and case.

   Shipping weight 6 lbs. 12 oz.  
   9 GT 55271        |  Set $11.50

9. **Flaring Tool.** For 7 sizes: 1/8 to 1/4-in. O.D. * Yoke has swivel cone and slide-bar handle.

   9 GT 55371        |  Wt. 2 lbs. 4 oz.  |  $8.29

    9 GT 55461        |  Shbg. wt. 3 lbs.  |  $13.77

    9 GT 55411        |  Set $5.59

12. **Close-quarter Tubing Cutter.** Capacity from 1/4 to 1/2-in. O.D. * tubing. For small areas where standard cutters cannot operate. Needs only 1/4-in. clearance. Alloy steel cutting wheel.

    9 GT 55560        |  Shbg. wt. 6 oz.  |  $11.97

13. **Tubing Cutter.** With alloy steel cutting wheel and 2 facing rollers. Big easy-grip feel knob. Cuts tubing up to 1-in. O.D. * Slide-lock safety reamer.

    9 GT 55533        |  Shbg. wt. 1 lb.  |  $12.39

14. **Heavy-duty Tubing Cutter.** Two alloy steel cutting wheels; 2 facing, flake groove rollers. Cuts cleanly with little bursting. Capacity up to 1/2-in. O.D. * Slide-lock, retractable safety reamer. Large easy-grip feel knob. Enclosed feed design.

    9 GT 55513        |  Wt. 1 lb. 2 oz.  |  $27.75

15. **Tubing Cutter.** For tubing with 1/4 to 1/2-in. O.D. * Use minimum pressure. No distortion. Thin wheel, zinc frame.

    9 GT 55528        |  Wt. 2 lbs. 5 oz.  |  $43.50

   *O.D. means outside diameter,

THE "HOT ONES"...a new family of easy-lighting Propane Torches and Kits

New patented flow regulator will not let liquid fuel reach burner, so you can tip, shake, even turn torch upside down and you'll still get a steady, sputter-free flame.

A. Now you can switch burner heads as quickly as you can pull one off and push another on...expansion ring grips burners firmly, yet releases with a gentle pull. And you won't have to buy or fiddle with orifice...torch includes a built-in orifice plus our patented 20-micron filter.

B. Only the "Hot Ones" regulate gas flow with a porous metal pellet. Tiny channels equalize flow-rate with burn-rate...so you get a steady temperature and flame, even when the cylinder's half empty. Pellet also acts as an extra filter, yet won't clog. And no moving parts to break down.

C. Press instant-action lever for immediate flame...release and flame goes back to pilot.

CRAFTSMAN®
13-piece Kit with Instant Action Torch

$12.50 KIT

Twelve pieces (excluding case) separately total $14.55. Hot tip torch heats to over 2300°F. Instant action lever controls fuel for quick, easy starts, so you won't waste a lot of fuel while using the torch. Thirteen-piece kit includes: fuel-saving torch (with pencil-flame burner and cylinder), extra propane cylinder; utility burner; spark lighter; 6 extra flints for lighter and a handy plastic case. Plus you get a small soldering tip and flame spreader that fits the pencil-flame and utility burners respectively. Both burners pull off and push onto torch quickly.

9 GT 54285—UL listed, Wt. 6 lbs. 8 oz...... Kit $12.50

9 GT 54281—UL listed, Wt. 2 lbs. 13 oz...... $6.99

Regular action Torch only. Like above but no lever.
9 GT 54285—UL listed, Wt. 2 lbs. 12 oz... $4.99

6-piece Torch Kit $10.39

CRAFTSMAN® kit (including case) separately totals $12.37. Hot tip torch heats to over 2300°F. Patented flow regulator produces a steady flame. Exclusive 20-micron filter built into torch. Case hardened needle valve for positive shut-off. Includes regular action torch (with pencil-flame burner and cylinder); utility burner; spark lighter; flame spreader; small soldering tip and plastic case. UL listed.

9 GT 54261—Ship. wt. 3 lbs. 13 oz........... Kit $10.39
Propane Torch Accessories

For the new “Hot Ones” only

For former Torches we’ve sold only

1. Replacement Propane Cylinder. Fits Sears torches and most other makes.
   Holds 14.1 oz. by weight. 26.7 fl. oz.
   Shipping weight each 2 lbs, 1 oz.
   9 GT 5491—Each $1.09, 2 for $2.08.

2. Spark Lighter. Protective cap shields you from spark. Includes one flint.
   9 GT 5460—Shpg. wt. 4 oz. $1.25.

3. Extra Flints for lighter 9 GT 5440 above.
   Comes in handy slip-over package of 6.
   9 GT 5440S—Shpg. wt. 2 oz., Pkg. 60c.

4. Flame Spreader. Fits the “Hot Ones”
   9 GT 54289—Shpg. wt. 5 oz. $1.49.

5. Utility Burner. For general purpose work.
   Use with the “Hot Ones”. Less concentrated flame than pencil-flame burner.
   9 GT 54287—Shpg. wt. 5 oz. $1.95.

6. Soldering Tip. Use with the “Hot Ones”.
   Fits over pencil-flame burner.
   9 GT 54288—Shpg. wt. 5 oz. $2.27.

7. Flame Spreader. Use with former torches we’ve sold. Fits utility burner (5).
   9 GT 5417—Shpg. wt. 3 oz. $1.25.

   9 GT 5461—Shpg. wt. 3 oz. $2.37.

   9 GT 5443—N-4-in. diam., Wt. 1 oz. $2.27.
   9 GT 5444—4-in. diam., Wt. 1 oz. 2.37.

    9 GT 5426—Shpg. wt. 1 oz. $2.47.

11. Pencil-flame Burner. (Not shown.) Similar to burner (10) but different flame pattern. Designed for use in hard-to-reach places.
    9 GT 5415—Shpg. wt. 5 oz. $2.37.

12. Orifices for burner 9 GT 5415 above.
    9 GT 5405—Pkg. of 2, Wt. 3 oz. Pkg. 67c.
    9 GT 5406—Pkg. of 2, Wt. 3 oz. Pkg. 67c.

13. Orifices for burner 9 GT 5462 above.
    9 GT 5405—Pkg. of 2, Wt. 3 oz. Pkg. 67c.

15. All brass replaceable pump, self-lubricating for lasting service. One-piece cast-bronze burner with 3/4-in. opening delivers a 2300°F F. flame.
    Wire needle automatically keeps orifice clean for a strong, steady flame. Seamless solid brass tank holds a quart of gasoline.
    Shpg. wt. 4 lbs, 8 oz. 9 GT 55425. $21.50.

Jumbo Propane Cylinder...a great fuel source for camping accessories

Sturdy tank holds 16.4 ounces by weight, 31.1 fluid ounces. Gives you longer periods between cylinder changes than regular size. For lanterns, stoves, etc.
9 GT 54512—Shipping weight 2 pounds 6 ounces. $1.29.

GUARANTEE: PROPANE TORCHES, BLOW TORCH, PLUMBER’S FURNACE

CRAFTSMAN Propane Torches are covered by same guarantee as mechanic’s tools...see page 131. If our CRAFTSMAN Blow Torch or Plumber’s Gasoline Furnace on this page fail to operate properly due to defects in materials or workmanship during the first year, they will be replaced without charge.

High-quality Plumbing Tools and Accessories

Air-Acetylene Outfit for light brazing and soldering

$37.50

9 GT 5419—Shipping weight 3 pounds 6 ounces. $73.50.
2-heat Soldering Guns
Change heats fast for jobs such as...

- Squeeze on/off trigger for "HI" or "LO" heat
- Takes dents out of wood
- Sits upright when cooling

Electric Soldering Irons

1 CRAFTSMAN 200-watt. Industrial type for continuous use. Precision-wound element for extra heavy-duty. A ¼-inch tapered chisel style, plated-copper tip. Hardwood handle. UL listed. 120-v. AC-DC. 9 GT 53832 - Shipping weight 2 lbs. 1 oz. $9.77

Replacement Tip. For 9 GT 53832 and former soldering iron 9-53831.
9 GT 53835 - Shipping weight 12 ounces. $2.17

2 Pencil-type. For intricate jobs. Nichrome element. Copper-screw-on, ¼-inch wide chisel tip heats to 800° F. Rated at 40 watts input at 125 volts. With polycarbonate handle. 110-120-v. AC-DC. UL listed.
9 GT 53511 - Shipping weight 8 ounces. $4.99

3 Dual Heat Pencil-type. "Coasts" at about 52° at 15 watts - press button to almost instantaneously elevate heat to 920° at 47 watts. Ideally suited for jobs requiring low heat or jobs with high initial heat and/or low soldering heat. Use high heat only when necessary. 110-120-v. AC-DC. UL listed.
9 GT 54082 - Shipping weight 12 ounces. $2.99

9 GT 53792 - Shipping weight 14 ounces. $3.47

CRAFTSMAN® Soldering Iron Kit for TV technicians

42-watt soldering iron, stand, wire stripper, 3 copper tips ¼ to 1 inch, chisel ¼ to 1 inch, pyramidal. UL listed.
9 GT 56513 - Shipping weight 9 oz. Kit $5.55

Replacement Element. For 9 GT 55313 and former soldering iron 9-55312.
9 GT 55615 - Shipping weight 4 ounces. $2.50

9 GT 53516 - Shipping weight 3 oz. Pkg $7.7c

Built-in pre-focused worklight

Light-Duty Kit

$867

Heavy-Duty Kit

$1107

Designed for fast, professional type operation with minimum effort. Just squeeze combination trigger to select heat setting (HI or LO) and turn gun on at same time. Heats up fast... ready to use in seconds. Delivers steady flow of heat until you release trigger which automatically turns gun off. Long, slim, extra-strong copper tip for working in tight places.

Compact, modern, effort-saving design... so perfectly balanced you simply hold gun instead of gripping it. Simply slip gun on convenient flat and when not in use - keeps hot tip up, avoids burning surface on which gun is placed. No need to wait for gun to cool before setting it down.

High-impact plastic housing. UL listed. 110-120-volt. 60-Hz. AC-6-foot cord. Kit includes durable plastic storage case.

Kit with 100-140-watt Gun (9 GT 52841 below), 2 soldering tips, 1 plastic-cutting tip, 1 heat-seal tip. Coil of solder. Plastic storage case.
9 GT 52841 - Shipping wt. 4 lbs. 9 oz. Kit $28.6

100-140-watt Gun only. Use only LO heat for small intricate jobs. HI heat for general soldering around the house or shop.
9 GT 52841 - Shipping wt. 2 lbs. 2 oz. $28.6

Kit with 150-230-watt Gun (9 GT 52891 below), 2 soldering tips, 1 plastic-cutting tip, 1 heat-seal tip. Coil of solder. Plastic storage case.
9 GT 52895 - Shipping wt. 5 lbs. 1 oz. Kit $61.0

150-230-watt Gun only. Use only LO heat for general soldering. Use HI heat for heavy-duty jobs needing more heat than from soldering gun 9 GT 52841 above.
9 GT 52851 - Shipping wt. 3 lbs. 10 oz. $61.0

Replacement Tips for above, WL 3 oz.
9 GT 52826 - General-duty.
9 GT 52827 - Heat-sealing.
9 GT 52828 - Plastic-cutting.

"Not recommended for cutting asphalt or plastic film tile.

877 Sears Catalog No. 695

Pkg. 77c
**Dual Compression Stapler for every stapling job**

Just press this release button and you're ready for standard or heavy-duty jobs.

**Single Compression Staplers**

(1 and 2) Sturdy stamped steel with rust-resistant baked-enameled finish. Built-in staple extractor. Bottom opens for easy loading of staples. Hook locks handle down flat for easy carrying or storage...can be released with one hand.

- **1 Standard-duty**
  - **$4.99**
- **2 Heavy-duty**
  - **$9.43**

**Extra Staples**

For staplers 9GT6847 and 9GT6848 on this page and former stapler 9-2645. Divergent point. Made of .050 high-carbon steel wire. 1/8 inch wide.

**Steel Stud Driver**

- **$3.60**

For carpenters, masons, electricians, etc. Fasten furring strips, drywall brackets, shelves, and peg boards to brick, concrete, cinder blocks. Set fastener in concrete with a few blows of 2-lb. or larger hammer. Protective grip helps guard against hitting hand. Hardened steel driver set in shock-absorbing vinyl.

**CRAFTSMAN® Squeeze-type Riveting Tools**

**Manual Rivetter**

- **$3.97**

Standard-duty unit. Stamped steel frame. 30 assorted rivets, 10 backup plates, plastic pouch. Use rivet below. Sliding nose makes changing rivet sizes fast and easy.

**Steel Drive Studs**

**Austempered steel with washer.**

**Heavy-duty Hydraulic Riveter**

Self-contained system. Takes 30% less pull than manual unit.

- **$24.50**

Commercial-quality unit. Compact, lightweight. Rugged cast-aluminum housing. Self-contained hydraulic system makes it possible to rivet gridwork mounts to joists for suspended ceilings with one hand. Easily hand for other heavy-duty jobs in shop or home. Longer gripper life than manual riveter at left. Uses all rivets at left; 1/8-in.; 3/32-in. and 1/16-in. nose pieces included. Shpg. wt. 2 lbs. 3 oz. **9 GT 7477.** **$24.50**

 Hickory handle

$6.39  $6.39  $5.29

Lightweight fiber glass handle
- Balanced for easy swinging
- Hollow core handle distributes weight evenly, reduces vibration

Sears Best

$6.39

1. Our Best Hammer. An excellent tool for home-owner or professional carpenter. Handle made of continuous parallel fiber glass strands. Hollow core inside handle concentrates weight in eye and neck section, where strength is needed. Head and handle locked together with strong epoxy bond and steel wedge, inserted with 3,000 lbs. of hydraulic pressure. Keeps handle permanently tight. Forged steel head triple tempered for durability. Machined face crowned and beveled to reduce chipping, increase striking power. Inner bevel on claws grips nails firmly. Neoprene grip designed for added comfort.

2. With tubular steel handle...stronger than hickory, absorbs more shock than solid steel. Internal pre-shrunk hickory plug extends back from head handle to add strength and absorb vibration. With curved claw, not straight claw as shown. Forged steel, 16-oz. head. Neoprene covered grip.

Shipping weight 1 lb. 13 oz.

Scale for other angles between 45° right and left. Guide 111/4 inches apart for accuracy. One-piece back and bed of zinc-ally. Precision-milled back 191/4 inches long. Cuts to 91/4 inches wide at 90°, 61/4 inches at 45°, 4 inches maximum depth. Two adjustable work stop, clamp assemblies. Steel legs 4 inches high with mounting holes. Length gauge clamps wood to back. Saw 4 inches wide. Shipping weight 2 pounds 20 oz. 9 GT 36302C—Shipping wt. 13 lbs. 3 oz. $14.50

3. CRAFTSMAN® Miter Box with 16-inch CRAFTSMAN Saw. Cuts all angles between 45° right and left. Most-used angles marked with "V" notches. Adjustable saw guides of aluminum alloy. One-piece back and base of precision-milled cast iron with replaceable cutting board. Two adjustable work stop, clamp assemblies. Steel legs 4 inches high with mounting holes. Cuts up to 31/4 inches wide, 31/4 inches deep. Bed measures 173/4 inches long. Saw 31/4 inches wide. 9 GT 36315C—Shipping wt. 13 lbs. 9 oz. $29.50

Hardwood Miter Box $1.35

Sides and bottom constructed of 3/4-inch oak. Slotted for left and right miters at 45° and right angle cutoffs. Bed measures 151/4 inches long, 6 inches wide, 5 inches high. Use with hobby, bandsaw or back saw. 9 GT 3643—Shipping weight 2 pounds 12 ounces...

Accessories to repair or rebuild your saw

4. Handsaw Handle. Fits most blades. 26 in. or longer. Finished hardwood. Not bored. Order screws below. 9 GT 3616—Shipping wt. 1 oz. $1.29

5. Saw-handle Screws. Nickel-plated to resist rust. Package of 4. 9 GT 36282—Shipping wt. 3 oz. Pkg. 79c

6. Handsaw Jointer. Trues-up uneven tops of teeth before filing. 3/4-inch aluminum frame. 31/4-inch file. 9 GT 4881—Shipping wt. 7 oz. $1.49

7. Handsaw Filing Guide. For easier, more accurate filing. Steel and die-cast metal. Two angle, pitch adjustment. 111/4 inches, 6-inch file. Shipping weight 1 pound 2 ounces. 9 GT 4872—Shipping wt. 2 oz. $2.49

8. Handsaw Set. Gives you uniform set on any handsaw with 2 to 16 points per inch. All-metal body and handles. With hardened steel plunger and rotary anvil. Lock nuts on anvil screw. With numbered indicators. 9 GT 4883—Shipping wt. 1 oz. $2.99

9. Saw Horse Brackets, Legs

9 and 10 Brackets. Hinged steel. Painted to resist rust. Boards not included. Come in package of two. 9 GT 28981—Weight 4 lbs. 12 oz. Pkg. $3.90

9 Light Duty. Flanged nail holes. 9 GT 28982—Weight 2 lbs. 6 oz. Pkg. $2.06

11 Saw Horse Legs. Steel sections 30 in. long. Baked enamel finish. Fold up for storage. Package of 2. 9 GT 28884C—Weight 17 lbs. Pkg. $9.79

Back Saws, Coping Saws, Keyhole Saws and Blades

12 CRAFTSMAN® Back or Miter Saw. Fits any standard size miter box. Kromedge spring-tempered steel blade. Expertly set teeth—11 pts. per inch. Laminated wood handle. 16 x 31/4-in. blade. 9 GT 36183—Weight 1 lb. 13 oz. $7.29

Like (12) but 24 x 4-in. blade. 9 GT 36186C—Weight 6 lbs. 14 oz. $17.95

14 CRAFTSMAN® Hobby Saw, 12 teeth per inch. Kromedge spring steel blade with braced back. With shaped hardwood handle. 9 GT 36181C—Weight 12 oz. $3.90

15 Coping Saw, Cadmium-plated. 61/4-in. blade included. Use 61/4-in. pin or loop-end blades. With 5-inch throat depth. 9 GT 35363C—Shipping wt. 8 oz. 69c

16 CRAFTSMAN® Coping Saw, 61/4-in. blade. Use 61/4-in. pin or loop-end blades. 61/4-in. throat. Hardwood handle. 9 GT 3541—One blade incl.) Shipping weight 12 oz. $1.57

CRAFTSMAN® Coping Saw Blades. 61/4 in. long. Pkg. of 3. Pin-end. 15 teeth per inch. 9 GT 3544—Weight 2 oz. Pkg. 37c

Lock loop-end, 20 teeth per inch. 9 GT 3542—Weight 2 oz. Pkg. 37c

As above but each 1 of 10, 15, 20 teeth per inch. 9 GT 3543—Weight 2 oz. Pkg. 37c

17 CRAFTSMAN® Nest of Saws. With 3 tempered steel blade (12-inch wood cutting, 6-inch multipurpose, 61/4-inch metal cutting). Die-cast aluminum saw handle with exclusive adjustable lock. 9 GT 3511—Shipping weight 14 oz. Pkg. 11.99

18 CRAFTSMAN® Keyhole Saw, Our best. 10-in. Kromedge tempered steel blade. 10 teeth per inch. Patented slot-lock holds blade securely. Plastic handle. 9 GT 35319—Shipping weight 8 oz. $1.99

19 Low-priced Keyhole Saw, 10-in. blade. Plastic handle. 9 GT 35195—Shipping weight 8 oz. $0.99
Medium-duty Brace

$3.99

Don't let the low price fool you! This is a well-made, dependable brace designed to handle all except the heavy-duty jobs which require our professional-quality brace at right. Sturdy 3/4-inch frame. Hardwood head reinforced with steel. Hardwood center grip. Full 10-inch sweep.

Two-jaw chuck holds both round and tapered-shank bits. Semi-boxed ratchet release and reverse with a knurled ring shift. All exposed parts nickel-plated.

Made in Japan. Wt. 2 lbs. 8 oz.
9 GT 42402 $3.99

Hand Drills, Push Drills

1.2 Steel, three-jaw chuck clamps onto round-shank bits up to 1/4-inch diameter. CRAFTSMAN Hand Drill. Professional quality. Drill fast or slow with 2-position handle. Pinion gears for smooth, sure torque. Includes 8 drill bits (1/16 to 3/16 inches) in a wood handle. 11 1/2 inches long. 9 GT 4231—Wt. 1 lb. 9 oz. $6.69

3 CRAFTSMAN Professional-type Push Drill. For wood or plastic. Ball-lock chuck holds drill points firmly... loads and unloads quickly. Internal bronze gear. Black acetal handle with aluminum cap stores the drill points (1/16 to 3/16 inches) included. Hex hex nut helps prevent drill from rolling. 8 1/4 inches long. 9 GT 4221—Shop wt. 13 oz. $7.09

4 CRAFTSMAN Replacement Push Drill Points. Notched. Set of 4. 1/16 to 1/16-inch. Shipping weight 3 ounces. 9 GT 4219 $1.20

5 Set of 8. 1/16 to 1/16-inch. 9 GT 4216—Wt. 3 oz. = $2.14

Our finest CRAFTSMAN Heavy-duty Brace

All exposed metal parts nickel-plated to resist rust

Head rotates on ball bearings for extra-smooth operation

$12.95

9 GT 4240—Shipping weight 4 pounds $12.95

CRAFTSMAN Auger Bits

6-piece $8.35

9 and 10 Solid-center Auger Bit Sets. Professional-quality, wood-boring bits for use with hand braces. All bits wood-tested and approved. Heat-treated and tempered carbon tool steel. Precision-milled and polished. Accurately centered, starting screw points. Rate twists uniformly around to close tolerances for clean, precision cutting and smooth action without binding.

9 GT 4156—Shipping weight 1 lb. 12 oz. Set $8.35

13-piece Set without caps. Same professional-quality bits as in 6-piece set above but without plastic caps. Sizes 1/4, 1/4, 1/4, 1/4, 1/4, 1/4, 1/4, 1/4, 1/4, 1/4, 1/4, 1/4, 1/4, 1/4, and 1-inch diameter. Conveniet plastic pouch included.

9 GT 4172—Shipping weight 3 lbs. 2 oz. Set $19.25

Individual Solid-center Auger Bits with caps. Same professional-quality bits as in sets above. Tips covered with removable protective plastic caps.

Wire Brushes with hardwood handles

5 thru 8 Use to clean power tools, metal parts and fittings. Remove rust, paint, dirt and grease from wood, metal and stone surfaces. Protective sleeve covers bristles.

7 Straight back. 6 rows of 19 tufts 1 1/2 in. high. Measures 10 in. long. 2 1/2 in. wide. 9 GT 3653—Shipping weight 14 ounces... 1.09

8 Down-curved back. 4 rows of 16 tufts 1 1/4 in. high. Measures 10 in. long. 1 1/2 in. wide. 9 GT 3669—Shipping weight 9 ounces... 87c

Expensive Bits. One bit cuts holes of many sizes.

11 Expensive Bits. One bit cuts holes of many sizes. Two interchangeable, tempered tool steel cutter blades with graduated 1/4-in. settings. To change setting, just loosen hold-down screw and position cutter blade for size of hole desired (see hole sizes below). Professional quality. Standard Clark pattern. Tapered square shank fits hand braces securely. Comes complete with plastic case.

9 GT 4194—Cuts 3/16 to 3/16-inch holes. Wt. 6 oz... 3.62

9 GT 4193—Cuts 3/8 to 3/8-inch holes. Wt. 10 oz... 4.22

12 Screwdriver Bits. For positive driving of slotted screws. Forged steel with tapered square shank that fits hand braces. Meets Federal Specifications GGG-B-376. 5 inches long. Shop wt. each 4 oz.

9 GT 41001—1/4 inch wide... Each 99c

9 GT 41002—1/4 inch wide... Each 99c

9 GT 41003—5/32 inch wide... Each 99c

13 Countersink Bit. Designed for use on wood. Forged steel. 7/16-inch dia. 1/4-inch combination shank fits hand drills; electric drills.

9 GT 4205—Shipping weight 3 ounces... 75c

Sears 87
CRAFTSMAN® Levels with barrel-shaped monovials

Tip 'em or turn 'em to any angle—a full 360°, and you'll still get pinpoint accuracy for plum or level readings...a feat no level with ordinary vials can perform.

Acrylic cases absorb shock, guard against vial breakage, and you can adjust or replace them quickly.

   - With frame 1½ x 2½ x 4½ inches long. Five vials—2 level, 3 plumb. 9 GT 39985 — Allow 10 pounds postage per parcel regulations...$21.50
   - With frame 1½ x 2½ x 4½ inches long. Three vials—1 level, 2 plumb. 9 GT 39984 — Shipping weight 3 pounds...$14.50
   - With frame 1½ x 2½ x 4½ inches long. Vials without window glass covers. Built with 2 vials—1 level and 1 plumb. Open-end design. 9 GT 39841 — Shipping weight 12 ounces...$2.99

2. Levels with extruded aluminum frames. Rigid, yet lightweight 1-beam construction. Smooth-finished hand holes. Each level contains 3 vials—1 level, 2 plumb. Plastic vials snap into place...need no screws,...protect vials from dust. Frame 1 in. thick x 2½ in. wide.
   - With frame 28 inches long. 9 GT 39980—Weight: 2 lbs. ...$6.70
   - With frame 24 inches long. 9 GT 39982—Weight: 1 lb. 8 ozs. ...$5.65
   - With frame 18 inches long. 9 GT 39981—Weight: 1 lb. 2 ozs. ...$3.35

3. Torpedo Level with extruded aluminum frame. Three monovials for level, plumb and 45° miter angles. Two convenient V-groove edges fit over pipes, shafts, etc. Handy 9-inch length lets you keep level in pocket or tool box. Vials held in place by one-piece plastic trim. Black finish plastic on aluminum frame. Frame measures 5½ inches thick by 2½ inches wide.
   - Shipping weight 7 ounces. 9 GT 3988...$13.19
   - As (3), but 1 edge magnetized for holding level to iron or steel. 9 GT 3989—Shipping wt. 7 ozs...$13.90

Easy-to-read Automatic Protractor
CRAFTSMAN®. Precision-made for accuracy. Large 4-inch diameter dial face calibrated to read within plus or minus ½ degree. Direct readings at any angle. With smooth magnetic base, so you can use it with a steel carpenter's square. Measures 4½ inches wide by 5 inches high. 9 GT 3999—Weight: 10 ozs. ...$6.80

18-in. Wood Level. One-pc. vial mounting. 3 vials—plumb, level, 45°. Vinyl covers. 9 GT 39744—Measures 18 x 14 in. Weight: 1 lbs...$2.49

Magnetic Protractor Level. With monovial. For plum or level readings. Reads within plus or minus ½°. Scale for pitch readings. 9 GT 3990—2½ x 2½ x 4½ in. Weight: 4 ozs...$1.99

1½ inch Circular Level. Reads in all horizontal directions at once. Outside circle reads 1°; pitch for drain pipes, counter tops. 9 GT 3981—Plastic case, 3 ozs...$0.60

5-inch Pocket Level. Aluminum frame. V-groove bottom. Not monovial. 9 GT 3978—Shipping weight 4 ozs...$1.49

3½-inch Line and Surface Level. Monovial. 9 GT 3979—Shipping weight 3 ozs...$0.80

Punches, Glass Cutters, Compasses and Marking Tools
9 Revolving Punch. For leather, canvas, rubber, plastics, cardboard. With 6 punches: 3/4, 5/8, 9/16, 5/16, 1/4, 3/16 inch. Made of nickel-plated steel. 9 GT 3954—Shipping weight 12 ozs...$2.69

with **FIXED Lens**

*Our most popular! Transit Level*

**Without tripod** $124.50  **With stiff-leg tripod** $142.50

- Sensitive scope vial eliminates relleveling of instrument when making repeated readings.
- Instrument levels easily and quickly even with telescope in transit position.

Use for work under 100 feet. Location of precision vernier scale on the horizontal circle makes easy leveling of instrument even with telescope in transit position. Just match two lines to get accurate readings in minutes and degrees.

Sharp 18-power, 11-inch telescope focuses with 4 feet to infinity. With 26mm objective lens. Expanded vernier on 3½-inch horizontal circle reads to 15 minutes; 7½-inch scope vial, 8 minutes per 2mm division, protected by rotating metal sleeve against rough handling, bad weather.

Plate level vial, 1½ inches, with sensitivity of 14 minutes per 2mm division.

**Tilting Level**

**Without tripod** $106.95

For shots under 100 feet. Low-cost multi-purpose instrument designed to check and set off horizontal angles, determine grades, plumb vertical surfaces, run straight lines. Telescope tilts from 40° below to 40° above horizontal, locks into position for level. A 12-power, 11½-inch telescope focuses 4½ feet to infinity. Big focusing knob. Detailed 3½-inch horizontal circle reads to single degree... in 90° quadrants. Extra-sturdy 1-pc. "U" type yoke frame; low friction axis bearings. A 2½-inch level vial with sensitivity of 8 minutes per 2mm division.

**Level only, without tripod.**
9 GT 46171C—Shpg. wt. 9 lbs. $106.95
9 GT 46173C—Shpg. wt. 19 lbs. $124.50
9 GT 46173C—Shpg. wt. 17 lbs. $106.95

**Non-tilting Level**

**Without tripod** $75.99

For light duty work under 100 feet. Given accurate readings. Ruggedly constructed, yet economically priced. Great for general use around the farm, also for landscaping. An 18-power, 11-inch telescope with standard cast in one piece for remarkable strength and stability.

Sights in horizontal plane. Easy-to-read level vial, 2½-inch in. long, sleeve protected. Sensitivity 8 minutes per 2mm division. A 3½-inch diameter horizontal circle with vernier reads directly to 15 minutes (¾ degree). Focuses 4½ feet to infinity. Incld. 4-screw level vial, head, plumb bob, sunshade, case, manual. See Surveying Instrument Guarantee on the opposite page.

**Level only, without tripod.**
9 GT 4615101—Shpg. wt. 8 lbs. $75.99
9 GT 461502C—Shpg. wt. 18 lbs. $91.40

19. **9GT4606—4½ inch long. Shpg. wt. 11 oz. $15.09**
21. **9GT4624—Shipping weight 13 ounces. $7.39**
Instant reading on CRAFTSMAN Surveying Instruments
Features like these spell Accuracy and Dependability

Chromatic lenses... precision ground and polished to exact curves for clarity.
Our rack-and-pinion focusing gives accurate line of sight thruout entire range.
Telescope bored... precision bored to rifle-barrel accuracy... dustproof fittings.
Sleeved level vial... precision machined to avoid backlash, side play and binding.
Fine motion parts... precision ground with uniform sensitivity throughout its range.
Extras. with every level you get a sturdy hardwood fitted case and an illustrated manual.

Just turn zoom ring on eyepiece to change from 18 to 34 power—no refocusing necessary. Good for use in adverse atmospheric conditions.

with zoom Lens

Builders' Dumpy Level
$209.95 without tripod
$265.95 with built-in plummet
For shots over 125 feet. With variable power zoom lens. Just turn the eyepiece ring to change from 18 to 34 power. Makes it simple to compensate for lack of light, bad atmospheric conditions and type of work without having to refocus. The 12-inch, one-piece cast aluminum alloy telescope focuses from 4.5 to infinity. Double vernier on a 360° horizontal circle reads to 5 minutes (1/12°) Qual. construction.

Precision ground 4.5-inch vial with a 110 second per 2mm division. Fine motion leveling and clamp screws for accuracy in sighting and holding an accurate setting. Four leveling screws with shifting center for setting over reference point. Includes plumb bob, sunshade, case, manual. See Guarantee at the right.

Level only, without tripod. Order 9GT46094 or 9GT46095C tripods sold on facing page.

6 adjustments. 2-inch jaw span. 12-inches long. Extra-long handles. Drop forged, hardened steel. Not Crafstman. Japan. 9 GT 30724—Shipping weight 1 lb. 6 oz. $3.69
CRAFTSMAN®
Locking Plier-Wrench
10-inch size gives over 2 tons of gripping power

Holds like regular pliers...
locks like a vise...

$2.24

(13 and 14). Does the work of seven tools: pliers, clamp, gripping tool, pipe or locking wrench, adjustable wrench and portable vise. Stills the strongest ever tested in our lab. Exceeds Federal Specifications* more than 100% for terminal strength. Handy fingertip release; slight upward pressure on release lever unlocks plier jaws. Jaws of 10-inch variety to full two inches. Serrated jaws give solid grip. Cold-forged steel jaws shaped to get into tight places. Span-rivet assembly for strength and rigidity. Nickel-plated finish resists rust.

23 Carpenter's Leather Work Apron
- Heavy-duty apron with 11 pockets and 2 bags
- Made of soft glove leather in split-leg-design

$17.80

Carpenters' Leather Work Apron

- Made of soft glove leather in split-leg-design

$17.80

Keeps nails and tools close at hand to save you time. You get two large nail bags and two medium-size nail pockets—keep different sizes and types of nails separated. Two side pockets hold medium-size tools. Four nail set slots. Pockets for steel tape. Holster of aluminum and leather combined pocket. Loop for hammer on both sides. All pockets are leather bound and rivet reinforced for long service. Adjustable web belt with nickel-plated hardware. Split-leg design allows more freedom of movement and is less cumbersome than full-front aprons.

Note: 6 and 12-inch parts not interchangeable.

CRAFTSMAN
Machinists' Combination Square

With protractor and center head
$25.99
Machinists' Vises... precision machined, built to endure extra heavy loads without losing alignment

$60.55 4-inch jaw

- Built with rugged, malleable iron castings... practically unbreakable... twice as strong as heavy-duty vises below
- Replaceable "T" section steel jaw faces slip on and off... pinned to jaws to eliminate screw holes in work face
- Self-lubricating bronze bearing reduces friction... keeps wear and end play to a minimum
- Extra long back jaw for precision alignment

Our finest Vise. Built to withstand many years of rough use. Malleable iron castings heavily reinforced at major stress points. Finely machined and back jaw keyway. Graphite-bronze bearing takes all the thrust of steel screw. Large, Malleable iron base... converts quickly to 360° swivel base with kit at right.

Front jaw beam completely encloses and protects durable cold-rolled steel screw... keeps dust and filings out of threads. Steel ball-ends of handle forged from solid handle stock... can't loosen. Meet Federal Specifications GGG-V-410A for strength and precision. CRAFTSMAN COMMERCIAL story... page 35.

9 GT 5190C - 4-inch jaws, open to 6 inches. Shpg. wt. 39 lbs. $60.55
9 GT 5194L - 4½-inch jaws, open to 7 inches. Shpg. wt. 52 lbs. $71.00

Swivel-base Kit
Convert stationary-base vise to swivel-base. Swivels a full 360°. Tapered gear-like lock bolt locks... tight in any position. Includes malleable iron swivel base plate, center bolt, nut and handle, plug for one hole. Fits both Machinists' Vises at left.

9 GT 5196 - Shpg. wt. 8 lbs. 7 oz. Kit $13.00

COMPANION
Light-duty Vise
$8.55
For the home or small industrial shop

Steel handle, screw and lock nut nickel plated... give lasting rust-resistant service. Cast body reinforced at major stress points. Sturdy anvil takes lots of heavy pounding. 165° swivel-type base can be locked securely in any position. Jaws 3½ in. wide with a 4¼-in. capacity. Jaw faces replaceable. Not CRAFTSMAN. Japan.

9 GT 5178 - Wt. 11 lbs. $8.55

Woodworking Vises

3½×3-inch jaws (2) $16.19

4½×10-inch jaws (4) $34.90

CRAFTSMAN® Heavy-duty Bench Vises
- Cast iron body with malleable iron nut
- Built-in pipe jaws

$17.30 3½×1½ inches

A useful tool in any workshop. Fast-acting, Acme-threaded steel screw seated in replaceable nut. Heavy-duty steel channel completely encloses screw... protects it from chips or filings. Jaws can't wobble sideways or up and down. Vise body reinforced at major points of strain for added strength.

Permanently cast, interlocking pipe jaws hold pipe or round stock securely. Zinc-plated handle, screw and lock nut. Steel ball-ends on handle forged from handle stock... can't come loose. Extra large anvil and anvil horn. Hardened and tempered replaceable jaw faces. Positive locking swivel base with slip handle lock nut... swivels 165°. Attractive red finish.

Portable Vises set up quickly where the work is

5 CRAFTSMAN Vacuum-base Vise. To attach, apply slight pressure to top of vise and push lever down... holds firmly in any position, on any smooth, nonporous surface. To release, just lift the lever and it's off. Sturdy casting with 2½-inch V-groove steel jaws... open to 3½ inches. Base 4½ inches high. Protective slide-on rubber jaws for handling fragile parts.

9 GT 5174 - Wt. 2 lbs. 12 oz. $29.99

6 CRAFTSMAN Clamp Vise. Clamps to benches up to 2½ inches thick. Jaws 3 inches wide... open to 2½ inches. Front jaw guides keep jaws aligned. Shipping weight 3 lbs. 7 oz. $44.99
Tempered alloy steel Kromedge Taps and Dies
Stay sharp longer than ordinary cutters
Extra hard chrome plating resists rust and reduces friction to give you smooth cutting action. You can depend on CRAFTSMAN®

59-piece Set with round and hex dies...use with wrenches and sockets

$7399

CRAFTSMAN® Hack Saw

CRAFTSMAN® Hack Saw

Front-end grip and tension wheel combine to fight all blade twist and wobble.

$4.87

Other HackSaws to do a variety of jobs

CRAFTSMAN® Fluted Saw with full handle, Cuts in all directions, Special blade keep handle from twisting, Sharp, smooth, polystyrene grip for comfortable cutting, Accurate cuts every time, 9 GT 5588 - Shipping weight 2 lbs.

$2.70

Pickup Tools and Magnets

Pickup Tool, Push button to open steel jaw, release button to close jaw, 9 GT 41333 - 12 in. long. Wt. 5 oz.

$1.08

Flexible Magnetic Pickup Tool, Colored spring steel, Permanent magnet head, Plastic handle, Bends around corners, Nickel-plated, Length 17/16 inches, 9 GT 4178 - Shipping weight 5 oz.

$1.69

Magnetic Pickup Tool with Extension, Extends 15 in. long, L. up to 8 inches, Head moves at any angle, Double ball and socket joint, Fits into any size tool, 9 GT 41337 - Shipping weight 9 oz.

$2.27

CRAFTSMAN® 3-in. Permanent Horsehead, 9 Mag. Head, Lead weights up to 10 pounds, 9 GT 4003 - Plastic frame, Wt. 4 oz.

$2.79

Ahico Permanent Magnet, With keeper, 9 GT 4032 - Shipping weight 9 oz.

$2.79
Sears has a Specialized Catalog for you!

Accessories for Mobile Homes and Recreational Vehicles Catalog. (39 GT 7500) 48 pages of equipment and accessories to provide your Mobile Home, Pickup Camper or Camper Trailer with comfort and convenience living. Available after 1-15-73.

Fishing and Boating Equipment Catalog, (39 GT 7560) 52 pages. Complete tackle assortment for the fisherman plus a wide selection of marine needs for the boating enthusiast.

Imported Car Replacement Parts and Supplies. (39 GT 7510) 48 pages. Accessories and parts for most imported cars.

Replacement Parts for Jeep® Utility Vehicles and Jeepsters. (39 GT 7520) Parts, maintenance needs plus accessories.

Allstate Deluxe Homeowners Insurance gives you more protection at less cost than similar policies from many other companies.

Allstate Deluxe Homeowners Insurance is a package policy that protects you against loss from a great many hazards your home faces every day.

More protection than from many others—that’s good news.

You may be underinsured.

There’s a good chance that your home has increased in value. If you haven’t matched this increase with more insurance, and your house burns down—you pay the difference.

So talk to an Allstate agent. You can probably get the increased coverage you need for very little more than you’re paying now simply by switching to Allstate.

Available in most states. Standard rates in Texas.
Tune-up Kit

Our finest Engine Analyzer plus DC Timing Light, Compression Tester, Combination Vacuum Gauge, Fuel Pump, PCV Valve Tester, Remote Starter Switch... everything you need to test engine yourself

$129.00

1 Kit includes Engine Analyzer (28 GT 21032C) that's portable, self-powered, performs 52 tests. Also includes: DC-powered Timing Light (28 GT 2115 described on next page) with bright, pre-focused light—tests 6, 12, 24-volt systems; Compression Tester (28 GT 2140) with easy-to-read 2½-inch dial—tests up to 300 psi; Combination Vacuum Gauge, Fuel Pump and PCV Valve Tester (28 GT 2144) with big 3½-inch dial—shows 0 to 30 inches of engine vacuum and 0 to 10 lbs. of pressure for fuel pump test. Also, a time-saving Remote Starter Switch (28 GT 2108) is included. Each component in kit is also sold separately in this catalog. Check separate listings for more complete information.

28 GT 2106C—Shipping weight 20 pounds

Kit $129.00

2 Portable Steel Stand for analyzer in kit above and sold below. 30 inches high.

28 GT 2101C—Shipping weight 16 pounds

Engine Analyzer $84.95

Selector switch keyed by color and number. Does 52 tests. D'Arsonval movement; solid-state circuitry. For 4, 6, 8-cyl. engines. Tests transistor, magneto, conventional systems. Uses 3 "C" batteries (incl.). Tests points dwell, diode, battery, condenser. Checks alternator-generator, voltage regulator, Scales inc. 0-1200, 0-6000 rpm; 0-60° dwell; 5-0-90 amps; 0.50 KV spark output; 0-2000, 0-400 ohms; 3.2, 0.16, 0.32 volts; point resistance, diodes.

Battery adapter; ammeter, test leads; jumper wires; domestic and imported car spark plug adapters. 11½x8½x4 in. deep.

28 GT 21010C—Shipping wt. 1 lb. 11 oz. $84.95

12-volt portable Diagnostic Oscilloscope $299.00

3 You can use scope in daylight. Automatic focus—size adjusts automatically to fill screen. Tests polarity; coil output; secondary resistance; spark plug voltage; voltage under load; point dwell and variation; point bounce; misalignment and resistance; shorted coil; condenser; secondary insulation leakage; distributor cap. Includes function selector, 2 pattern controls for sequence testing. 12½x1½x7 in. wide.

F28 GT 2137—Shipping weight 16 lbs.

$299.00

4 Stand for oscilloscope. 42 in. high. Unbraced weight 14 lbs.

F28 GT 2137—Shipping weight 14 lbs.

$22.95

5 Alternator Test Adapter. Must be used with oscilloscope.

F28 GT 2153—Shipping wt. 1 lb. $10.95

Intermediate Tune-up Kit $45.95

Includes 5 tune-up devices: Dwell Tachometer (28 GT 2198); AC-powered Timing Light (28 GT 2150); 2½-inch Compression Tester that checks pressure to 300 psi. Plus Remote Starter Switch (28 GT 2108) and 2½-inch Vacuum Gauge that shows 0-25 inches engine vacuum, 0-7 lbs. pressure for fuel pump test. Compression Tester and Vacuum Gauge not sold separately in this catalog. Metal carrying and storage case. Instructions.

28 GT 21049—Shipping wt. 6 lbs. 13 oz. Kit $45.95

Basic Tune-up Kit $11.99

Includes pistol-grip Neon Timing Light (28 GT 2125) with built-in remote control starter switch plus 2½-inch Compression Tester and 2½-inch Vacuum Gauge. Compression Tester tests pressure to 300 psi. Vacuum Gauge shows 0-25 inches engine vacuum, 0-7 pounds pressure for fuel pump test. Compression Tester and Vacuum Gauge not sold separately in this catalog. Each component has complete test instructions.

28 GT 2130—Shipping weight 2 lbs. 12 oz. Kit $11.99

Tune-up Accessories

6 Penske Flexible-drive Compression Tester. Gets into combustion chamber of engine without adapters or extensions. Use 14mm, 18mm spark plug holes. Handy side release valve. Oil gasoline and hot exhaust manifolds will not harm flexible part of tester. Dia. 3½-inch diam. 0-300 lbs. 16-in. hose. All chrome-plated case. Instructions in screw-in type adapter included.

28 GT 2149—Shipping wt. 1 lb. 4 oz. $11.99

28 GT 2114—Shipping wt. 1 lb. 10 oz. $56.49

8 Compression Tester. 0-300 psi. 2½-inch diameter dial; chrome-plated metal housing; brass stem, screw-off head. 3-inch beveled lens.

28 GT 2119—Shipping wt. 1 lb. $59.99

9 3½" Stem Adapter. Use with (8) for testing most V8 engines.

28 GT 2116—Shipping wt. 1 lb. $13.99

10 Current Indicator. Hold yoke over coil to check for field current. For 6, 12 or 24-volt systems. Starter scale 400-0-400 amps; generator scale; 75-0-75 amperes. Instructions.

28 GT 2145—Shipping wt. 4 oz. $14.99

11 Remote-control Starter Switch. Crank engine from outside.

28 GT 2108—Shipping wt. 12 oz. $11.99
Compact Engine Testers...slimline design lets you lay tester on its back or on car fender while you work...meter is easy to read...both hands free

**Alternator Tester** $10.98
- Tests generator, regulator, voltage regulator, etc.
- Checks output, voltage, detects field coil problems. Range: 0-6, 0-12, 0-24 V.
- Shipping weight: 4 lbs.

**Ignition Tester** $11.98
- Pinpoints defects in ignition circuit. Checks contactor, distributor, or coil systems and outboard motor systems. Tests resistance, coil, contacts, spark plug wires. D'Arsonval movement. 54x4x54 in. deep. Instruct. Shpg. 1 lb. 1 oz.

**Dwell Meter** $12.98
- Check point spacing for easy starting, quick acceleration. For 6 and 12-v. systems. Ranges: 1-16. Instruct. 54x4x54 in. deep. Shpg. 1 lb. 3 oz.

**Dwell Tachometer** $19.98
- Checks: point dwell for quick starts, fast acceleration, high rpm, and other tests. For 4, 6, and 8-cylinder engines. Shipping weight: 1 lb. 4 oz.

**PENSKE High-performance DC-powered Timing Light** $26.95
- Use anywhere. Intense white light can be seen on brightest days. Precise focus. Adjustable brightness. Includes accessories. Shipping weight: 1 lb. 4 oz.

**Exhaust Gas Analyzer** $71.95
- Make fast, accurate carburetor or adjustments; detect combustion trouble; check and set pollution-control systems. Includes carburetor test head, exhaust pipe, 20-ft. lead wire to instrument for instant response to changes in combustion readings. Shipping weight: 6 lbs.

**Dwell Analyzer** $49.95

**Neon Timing Lights**
- With pistol grip
- Low as $3.98
- For all 6, 12, and 24-volt systems. Operates from ignition, switch case. Replaceable neon indicator. Adjustable adapters for domestic and imported cars. Instructions included.

**PENSKE Quality Products**
- Precision-built hand-size solid-state Testers

**Sears + Best**
- 103
Portable Hydraulic POWER Unit
A ready source of power designed to push, stretch, straighten or lift...for any repair job that requires a compact source of powerful pressure.

Basic Set...professional in every sense. Powerful hydraulic unit and work-saving attachments make quick work of bent frames or heavy lifting jobs...liftable, move or straighten almost anything. Set has hydraulic power unit; 3, 5, 10, 18 and 22-inch extension tubes; wedge head; 90° V-base; serrated pedal; ram toe; 25°-inch flexible head; male swivel connection between 4 and 10-ton hydraulic head; flexible hose; return spring recalled by hand with foot pedal.

Accessories for a ton Unit. Order tubing length according to your use.
(2) F8 GT 1292—Coupling for 4-ton tubing. Postpaid. (Wt. 6 oz.)
(3) F8 GT 1293—10-inch Heavy-duty Tubing. Wt. 2 lbs.
(4) F8 GT 1294—10-inch Heavy-duty Tubing. Wt. 2 lbs.
(5) F8 GT 1295—18-inch Heavy-duty Tubing. Wt. 3 lbs.

Wide-angle Wedge Attachment
Rubber pressure pads automatically adjust (0° to 90°) to odd angles and contours...spreads the load evenly. Pushes up frames, unitized body sections.

Attachment for 4-ton Power Unit.
F8 GT 1244—Shipping weight 4 pounds...
F8 GT 1245—Shipping weight 6 pounds...
F8 GT 1246—Shipping weight 8 pounds...
F8 GT 1247—Shipping weight 10 pounds...

Heavy-duty Industrial Winch
For those big lifting or towing jobs, get a Sears all steel winch. Bolts anywhere to garage wall, truck bed, trailer body. 3000-lb. capacity. Self-locking pawl; 10-in. handle. With grab hook, 30 ft. of 3/4-in. wire rope (can hold up to 100 ft.). Two ratios: 3 to 1 and 8 to 1. 13x7x7-in. Size. Wt. 28 lbs.

Tire-handling Equipment

16 and 17) Tire Changers. Quickly break beads, demount and remount rings. Handle all sizes for cars (including import models) and most farm equipment. No special adapters needed. Ideal for shops, farms or fleets.

16 Manual Tire Changer with 7-to-1 lever action head breaker. Table revolves to free bead progressively. Wrist action provides leverage to bead. Measures 40 inches high, 15-inch diameter base. See "Shipping Note" below.

17 Air-operated Tire Changer. Conveniently-positioned air source. Direct-thrust cylinder supplies instant power. Built-in tool rack. Includes hubber for the mount-demount tool and a special holder for lubricant dispenser (not included). Unit measures 38 inches high with a big 18/14-inch diameter base for stability. Unit requires a working area 62 inches in diameter. Instructions see "Shipping Note" below.

Tire Gauges and Pumps

9 Pocket-size Air Pressure Gauge. Reads 8 to 40 lbs. pressure in 1-bar markings on 4-sided bar. 5½-in. long. $1.65

10 Service station-type Air Pressure Gauge. Professional size...reads 10 to 150 lbs. pressure in 1-bar markings on 4-sided bar. Chrome-plated brass. 12½-in. long. $4.39

11 Dial-type precision Air Pressure Gauge. Dial reads 6 to 50 lbs. pressure in 1-bar markings. Indicator needle stays on reading until released by reset button. Tough nylon body. Brass, steel and neoprene internal mechanism lifetime lubricated. Vinyl carrying case. $1.65

12 Spark plug-type Pump. Let your engine do the pumping. Fits into spark plug opening. Pumps clean air. Pumps up to 120 lbs. pressure, 16-½ ft. hose, connecting pressure gauge. Use on 4-cycle gasoline engines of 2 or more cylinders.

13 Double-turrup Pump. 15-in. dia. metal barrel. 15 in. high. 18½-in. rubber hose. Screw-on connector. Check valve. $3.49

14 Heavy-duty double-turrup Pump. Pumps air faster than pump above. 18 inches high. 15 in. dia. metal barrel. 22-in. rubber hose. Snap-on connector, chuck valve. $5.49

15 Foot Pump. Pumps faster, easier than a hand type pump.

16 Accessories for 4-ton Unit. Order tubing length according to your use.
(2) F8 GT 1292—Coupling for 4-ton tubing. Postpaid. (Wt. 6 oz.)
(3) F8 GT 1293—10-inch Heavy-duty Tubing. Wt. 2 lbs.
(4) F8 GT 1294—10-inch Heavy-duty Tubing. Wt. 2 lbs.
(5) F8 GT 1295—18-inch Heavy-duty Tubing. Wt. 3 lbs.

Spreader Ram Attachment for power unit above

Attachment for 4-ton Power Unit.
F8 GT 1290—Shipping weight 4 pounds...
F8 GT 1291—Shipping weight 6 pounds...

Attachment for 10-ton Power Unit.
F8 GT 1292—Shipping weight 8 pounds...

18 and 19) Mechanical pivot-point type Wheel Balancers. Spring-loaded tapered cone and balancing head automatically center wheel immediately. Free-moving volute level checks wheel balance in all directions. Cast-aluminum cone, head, base; cone is anodized. For all American or foreign cars with conventional wheels with hub holes from 2 to 4½-in. diam. Instructions included.

18 For bench mounting. Lightweight, portable aluminum base. Must be bolted to a bench.

19 With heavy-duty cabinet. Adjustable leveling feet. 18½x613x2½ in. High storage space. $12.00

18 GT 1110—Shop. 6 lbs. 12 oz. Set...$7.65

SHIPPING NOTE: Power Units and their attachments listed above come from Sears, Metal Products Division with "N" (as F8 GT 1064N) from Maineville, Ohio factory. Pay postage from c.o.p. plants. No C.O.D.
Commercial-type Battery Charger for heavy-duty use

This 100-amp. Charger with 200-amp. boost rolls to the job...and it's so powerful it can start your car even with a dead battery!

$137.95

Designed for continuous heavy-duty use. Lets you charge 6-v. batteries at 30, 70 or 100-amp. rate with 200-amp. boost; 12-v. at 15, 30, 50, or 60-amp. rate with 150-amp. boost. 180-min. timer shuts charger off automatically.

Ammeter calibrated 0 to 200 amps. Polarity indicator prevents alternator burn-outs. High-output fan-cooled transformer. Full-wave selenium rectifier stack. Built-in chart shows charging rate, operating instructions.

28 GT 7144—Shpg. wt. 61 lbs. ...$137.95

Our Best Booster Cables

Heavy-duty no-twist type. Thick 12-ft. cables of 4-gauge copper...spark-proof ABS plastic handles. Color-coded clips indicate correct polarity. Acid, grease and oil-resistant. For 6 and 12-volt batteries. Set of two cables.

28 GT 7113—Shpg. wt. 6 lbs. 8 oz. ...$8.45

NOTE:
Chargers on this page are UL listed for 110-120-volt, 60-cycle AC.

Our most popular Home Charger 6-ampere for 6 or 12 volts

...delivers full 7½-amp. initial surge* then charges at regular 6-ampere rate. Tapers to 3 amperes as power builds in battery

$18.99

28 GT 7131—Shipping weight 10 pounds. ...$18.99

*Surge charge is initial boost given to run down battery for fast charging.

Fully automatic 8-ampere Charger for 12-volt batteries

Red pilot light indicates correct battery connections to avoid damage to alternator

$31.95

Can be left unattended without risk of overcharging. 10-amp. initial surge* automatically tapers to keep battery fully charged. Automatically turns on and off to replace power loss. Solid-state circuitry gives instant performance, guards against shorts, wrong connections, and it's all silicon-controlled, full-wave rectifier run cool and silent. Scaled ammeter.

28 GT 7197C—Shipping weight 11 pounds. ...$31.95

Quick-charger type 10-amp. Charger with 50-ampere Booster

Red pilot light indicates correct battery connections to avoid alternator damage

$36.95

for 12-volt batteries

28 GT 7195C—Shipping weight 16 pounds. ...$36.95

Accessories for handling and checking batteries

1. Battery Carrier Strap. Eases the strain of handling your battery. For regular size batteries. Measures 18 inches long, white vinyl.

28 GT 7150—Shpg. wt. 6 oz. ...66c

2. Battery Terminal Lifter. For lifting cables off of badly corroded terminals on your battery.

28 GT 7158—Shpg. wt. 10 oz. ...$3.89

3. Wire Brush for battery terminal.

Clean terminals...helps you improve battery connection for super starts. Small enough to fit in your pocket. Includes convenient metal case for storage.

28 GT 7078—Shpg. wt. 7 oz. ...$1.79

28 GT 7134—Shpg. wt. 8 oz. ...$1.99

28 GT 7133—Shpg. wt. 3 oz. ...99c

Sears Anti-freeze and Coolant Testers 99¢

6. Floating ball-type visual tester. For checking both anti-freeze and summer coolant. Just count the number of balls to get reading. 9 in. long.

28 GT 7137—Shipping weight 2 ounces. ...99c

28 GT 7196—Shipping weight 15 ounces. ...$5.69

Sears Has a Credit Plan to Suit Your Needs

See Big Book or ask for details
Our most powerful, efficient Sprayer-Compressors
2-cylinder electric units give you up to 150 PSI for heavy industrial jobs

- Operates 2 spray guns at once... also operates most industrial air-powered tools
- Heavy-duty motor starts load-free; manual overload protector helps prevent burnouts.
- Big air storage tank means you cut compressor running time, lengthen service life

Deliver air power for garages, factories, construction sites.
Operate grease guns, impact wrenches, big staplers, nailers.
Spray paint, lacquers, weedkillers, insecticides; inflate tires, toys, object, etc.
从来不 mention machinery. Safety valve and belt guard. Air tank meets American Society of Mechanical Engineers' safety code. Spray gun has fluid and fan controls; 1-quart cup; type, internal or external mix, pressure or siphon feed. Hooks up with paint tank to speed up big spraying jobs.

Unit includes such great features as: vertical fins to help cool compressor for greater operating efficiency. Rugged smooth-operating ductile-iron crankshaft. Sturdy needle bearings for longer life. Check and safety valves; line and tank gauges; pressure regulator. Also include wrench, air chuck, 25 feet of 1/4-inch air hose, how-to-power-spray book, 10-inch semi-pneumatic tires. Run on 60-c. AC. Need 15 amp. electric supply. Size 42x19x30 inches. Choose either 3-HP, 2-HP or 1 1/2-HP models below.

3-HP Model. Delivers 9.5 CFM at 40 PSI. Maximum 125 PSI. 15-gallon air storage tank.
30 GT 15587N—Shipping weight 235 pounds. $439.95

2-HP Model. Delivers 7.8 CFM at 40 PSI. Maximum 100 PSI. 20-gallon air storage tank.
30 GT 15587N—Shipping weight 186 pounds. $339.95

1 1/2-HP Model. Delivers 7.3 CFM at 40 PSI. Maximum 150 PSI. 20-gallon air storage tank.
30 GT 15587N—Shipping weight 180 pounds. $319.95

See "Compressor Facts" below

2-cylinder Sprayer-Compressor for light commercial use
3-HP Gasoline or 1-HP Electric

- Delivers 6.4 CFM at 40 PSI. 100 PSI maximum
- Operates spray guns and many air tools

Both these models are great for home, estate, farm or shop. You’ll find dozens of uses: Spray paint small jobs in minutes; even spray paint your home; quickly spray insecticides and weed killers with high-pressure air; inflate tires and toys. Spray gun has fluid and fan controls; 1-quart cup; bleed or non-bleed type, internal or external mix, pressure or siphon feed. Hooks up to paint tank to speed up spraying jobs.

Features include: Vertical fins to help cool compressor for greater operating efficiency. Rugged smooth-operating ductile-iron crankshaft. Sturdy needle bearings for longer life. Check and safety valves; line and tank gauges; pressure regulator. Also include wrench, air chuck, 15 ft. of 1/4-in. air hose plus how-to-power-spray book, 10-in. semi-pneumatic tires. Run on 60-c. AC. Need 15 amp. electric supply. Size 42x19x30 inches. Choose either 3-HP, 2-HP or 1 1/2-HP models below.

3-HP Gasoline Model. Powered by rugged Briggs & Stratton® engine.
30 GT 15578N—Shipping weight 142 pounds. $529.95
30 GT 15514N—Shipping weight 10 pounds. $329.95

30 GT 15554N—Shipping weight 146 pounds. $329.95
30 GT 15599N—Shipping weight 138 pounds. $249.95
30 GT 15513NC—Shipping weight 10 pounds. $129.95

NOTE: Belt guards for Boston customers sent from Philadelphia. Allow extra time for delivery. Pay shipping charges from your catalog order plant. No C.O.D. orders.

Compressor Facts... how to determine the right model for your needs

Types of Sprayer-Compressors
Commercial and Shop: 1 1/2 to 3-HP. Production paint spraying; factory maintenance; construction work; operating two spray guns at once; air-cleaning machinery with high-pressure air, operating most air tools
Homeowner, Farm, Small Shop: 3/4 to 1-HP. Production paint spraying; spray bars; insecticides, weedkillers; air-clean; medium-duty air tools
Homeowner and Hobbyist: 1/2 to 3/4-HP. Spray-paint home, car; insecticides, weedkillers; inflate tires, toys; air-clean; small air tools
Hobbyist: 1/4 to 1/4-HP. Spray models, furniture; air-clean; inflate toys

Explanation of CFM and PSI
CFM (cubic feet per minute). The higher the CFM rating, the more air moves thru hose to spray gun. High CFM ratings break up density for fine finish. High PSI is needed to deliver air volume for heavy duty air tools.

1 PSI (pounds per square inch). The measure of air pressure delivered to spray gun nozzle. Higher PSI permits use of thicker paints with less thinning

IMPORTANT NOTE: Use of improper electrical extension cord will cause unit to overheat. Keep compressor as close as possible to electric source and use extra air hose. (See page 111.)
**1/2-HP . 1 cylinder Sprayer-Compressor**

Delivers 2.7 CFM at 40 PSI. 100 PSI maximum.

**$159.95**

Air storage tank has 7 1/2-gallon capacity. Starts load-free. Manual overload protector. Check and safety valves; line and tank gauges; pressure regulator. Ductile-iron crankshaft. Vertical fins help cool compressor. Needle bearings. Non-bleeder type spray gun has internal or external mix, pressure or siphon feed. 1-quart cup. Can be used with paint tank to help speed up big spraying jobs.

Unit includes wrench, air chuck, 15 feet of 1/4-inch air hose, how-to-power-spray book, 8-inch semi-pneumatic tires. Operates on 110-120 volts, 60-cycle AC. Needs 15-amp, electric supply. Measures 34 1/4x14 1/4x23 3/4 inches high. 8-foot electrical cord. See "Compressor Facts" on facing page.

30 GT 15654N—Shipping weight 93 pounds.
30 GT 16512—Belt Guard. Shipping weight 7 pounds. $159.95

**10.95**

**Our lowest priced 1-cylinder 1/2-HP Sprayer-Compressor**

Delivers 1.9 CFM at 40 PSI. 100 PSI maximum.

**$114.95**

Air storage tank has 7 1/2-gallon capacity. Starts load-free. Manual overload protector. Check and safety valves; line and tank gauges; pressure regulator. Ductile-iron crankshaft. Vertical fins help cool compressor. Needle bearings. Non-bleeder-type spray gun is internal or external mix, pressure or siphon feed. 1-quart cup. Can be used with paint tank. Unit includes wrench, air chuck, 15-feet of 1/4-inch air hose, how-to-power-spray book, 8-inch semi-pneumatic tires. Operates on 110-120 volts, 60-cycle AC. Needs 15-ampere electric supply.

Measures 30 1/4x14 1/4x23 3/4 inches high. 8-foot electrical cord. See "Compressor Facts" on facing page.

30 GT 15654N—Shipping weight 83 pounds.
30 GT 16511—Belt Guard. Shipping weight 7 pounds. $114.95

**9.95**

**3/4-HP Sprayer-Compressor . 2-cylinder "V"-type Model delivers 3.4 CFM at 40 PSI. 100 PSI maximum.**

Delivers 3.4 CFM at 40 PSI. 3/4-HP Model. 12-gallon air storage tank. Starts load-free. Manual overload protector. Check and safety valves; line and tank gauges; pressure regulator. Ductile-iron crankshaft. Sleeve bearings. Bleeder and non-bleeder spray gun has internal or external mix, pressure or siphon feed. 1-quart cup. Unit includes wrench, air chuck, 15-feet of 1/4-inch air hose plus how-to-power-spray book, 10-inch semi-pneumatic tires. Operates on 110-120 volts, 60-cycle AC. Needs 20-amp, electric supply. 8-foot electrical cord. 35 1/4x17 1/2x26 inches high.

30 GT 15630N—Shipping weight 121 pounds. $209.95

Delivers 2.8 CFM at 40 PSI. 3/4-HP Model. Vertical fins. Non-bleeder gun. 8-in. tires. Otherwise, same as model above.

30 GT 15632N—Shipping weight 113 pounds. $164.95

**12.95**

**Belt Guard** for "V"-type Models above (1) and (2).

30 GT 15613C—Shipping weight 10 pounds.

**Electric Air Compressors**

Delivers constant air pressure up to 100 PSI maximum.

**$134.95**

Delivers high air volume with low pressure for fine-finish spraying. Develops 60 PSI maximum. 7 1/2-gallon air storage tank. Starts load-free. Manual overload protector. Check and safety valves; line and tank gauges; pressure regulator. Forged-steel crankshaft. Horizontal fins. Sleeve bearings. Non-bleeder-type spray gun has internal or external mix, pressure or siphon feed. 1-quart cup. Can be used with paint tank to help speed up big spraying jobs. Unit includes wrench, air chuck, 15 feet of 1/4-inch air hose, how-to-power-spray book, 8-inch semi-pneumatic tires. Operates on 110-120 volts, 60-cycle AC. Needs 20-amp, electric supply. 8 1/2-foot electrical cord. See "Compressor Facts" on facing page.

30 GT 15674N—35x14x23 1/2 in. high. Shipping weight 97 lbs. $194.95

30 GT 15651—Belt Guard. Shipping weight 7 lbs. $9.95

Here's a ready source of high-pressure air to help get the big jobs done fast. Perfect for shop, farm or estate. Inflates tires, air clean machinery. Powerful enough to operate most air tools. When you order, make sure you have the right output for your air tank. Check and safety valves. Overload protector. Semi-pneumatic tires: 16-inch on 2-cylinder models; 8-in. on 1-cylinder model. Includes air chuck, wrench and 15 ft. of 1/4-in. air hose. Operates on 60-c. AC. 39x17x27 1/4-in. high. See "Compressor Facts" on facing page.

**$134.95**

Our most powerful model delivers 5 1/2 CFM at 100 PSI (maximum).

30 GT 15726N—Shipping weight 169 lbs. $299.95

**Our most powerful model delivers 5 1/2 CFM at 100 PSI (maximum).**

30 GT 15728N—Shipping weight 169 lbs. $299.95
This heavy-duty Commercial Compressor compresses air in two stages for maximum power

- Our most powerful Compressor delivers constant air pressure to 175 PSI for long operation
- Stationary for use in industrial plants, garages. Operates hydraulic lifts or any type of air tool

$449.95

Our most powerful heavy-duty stationary compressors deliver large air volume and power. Pumps start load-free when pressure drops about 25 pounds below cutout point. "Delivered air CFM" (cubic feet per minute) chart below represents actual air volume delivered at 175 PSI (pounds per sq. in.). Pump delivers higher CFM when set to operate at lower PSI.

All models include belt guard for safety, check and safety valves. All tanks are built to requirements of the American Society of Mechanical Engineers safety code.

NOTE: Be sure proper type of electrical power is available. If in doubt as to your type of power, check with local power company.

This unit uses 220-240-v, 3-phase 60 AC, converts to 460-v, 3-phase 50 HP. See chart for details.

SHIPPING NOTE: For Philadelphia and Boston catalog order plant customers, compressors sent from factory near Pittsburgh. Pay shipping charges from factory. For all other customers, compressors sent from c.o. plant except Minneapolis, Columbus, orders from Chicago, Memphis, Greenboro orders from Atlanta, Kansas City orders from Dallas, Seattle orders from Los Angeles. Pay shipping charges from your catalog order plant. Allow extra time for delivery. No C.O.D. orders.

Single-stage Stationary Compressor

Supplies constant air pressure up to 125 PSI, plenty of power for commercial use

$129.95

1/4 HP model

Powerful enough for heavy-duty farm or commercial use. Operates small air tools, sprayers; inflates tires. Automatic switch starts the single-stage pump load-free. Check valve prevents back pressure. Safety valve, overload protector on motors. All models include belt guard for safety. Air ratings in chart (CFM) are at cutout pressure. Compressors give higher CFM (cubic feet per minute) at lower PSI (pounds per square inch) pressure.

Be sure you have correct electrical power available.

These bigger tanks meet ASME code, noted to 165 PSI

1 Single-stage, 1-cylinder. 3/4-in. diameter, 1 1/8-in. diameter, 27/64-in. stroke. WT. 25 lbs.
3 Single-stage, 2-cylinder. 3/4-in. diameter, 3-in. diameter, 3-in. stroke. WT. 50 lbs.
3 Single-stage, 2-cylinder. 3/4-in. diameter, 3-in. diameter, 3-in. stroke. WT. 50 lbs.

$34.95 single stage 1-cylinder

Use your own electric motor with these Air Pumps... get 50 to 175 PSI

Single-stage pumps supply enough air for home or small service station. Larger two-stage pumps have centrifugal unloader for no-load starting, double-grooved "A" section pulley. If constant pressure is required, order pressure regulator on facing page. Pumps built to operate with motor horsepower shown in chart, with each motor running at 1725 RPM. "Delivered air" in chart means cubic feet per minute. (CFM). Determine air pressure (PSI . . . pounds per square inch) and delivered air you need.

1 Single-stage, 1-cylinder. 3/4-in. diameter, 1 1/8-in. diameter, 27/64-in. stroke. WT. 25 lbs.
3 Single-stage, 2-cylinder. 3/4-in. diameter, 3-in. diameter, 3-in. stroke. WT. 50 lbs.
3 Single-stage, 2-cylinder. 3/4-in. diameter, 3-in. diameter, 3-in. stroke. WT. 50 lbs.

NOTE: Air pumps sent from Philadelphia to Boston c.o. plant customers only.

4.0 CFM of air at 100 PSI operates one air tool.
Our finest high-speed Spray Gun for extra-fine finishing in professional jobs
needs 40 PSI at 5 to 11 CFM

$38.95

Spray Guns for home, shop or plant

(20 thru 22) Internal or external mix, pressure or siphon feed. Fluid and fan controls. Includes pattern nozzle plus external mix fan nozzle that converts to round pattern. Large 1-quart cup. Can be used with paint tank (24 below).

Semi-production Spray Gun. Bleeder and non-bleeder type. Converts from pressure to siphon feed with a twist of the ring collar. Needs 4 to 9 CFM at 35 to 50 PSI. Quick-change 3-prog. cup. Use w/1 to 2 HP compressor.

$28.95

Multi-purpose Spray Gun. Bleeder and non-bleeder type. Thumb screw converts it from pressure to siphon feed. Needs 3 to 6 CFM at 35 to 50 PSI. Screw-on cup. Use this spray gun w/1 to 2 HP compressor.

$28.95

Homeowner Spray Gun. Non-bleeder type for use with air tank or pressure-controlled lines. Allen screw converts it from pressure to siphon feed. Needs 3 to 6 CFM at 25 to 50 PSI. Screw-on cup. Use w/1 to 2 HP compressor.

$16.45

Bleeder-type Spray Gun for compressors without air tank. (Not shown.) Change Allen screw to set pressure or siphon feed. Internal or external mix. Fluid control. Needs 1 to 3 CFM at 20 to 50 PSI. 1-quart screw-on cup. Use w/1 to 2 HP compressor.

$12.95

Our lowest priced

bleeder-type Spray Gun

$845

Steel Paint Tanks... replace sprayer cup to speed up big jobs

3-gallon size. Will hold 3-gal. of liquid paint or 1-1/2-gal. paint can with paint. Paint can with paint.

Shipping wt. 26 lbs. Shipping wt. 40 lbs.

$37.95 $59.95

Portable Air Tank... carries pressurized air right to the job

25 Big 8-gallon capacity..... enough to inflate several tires. Great for campers... inflates beach toys, rafts, etc. Working pressure 150 pounds per square inch. Includes pressure gauge, shut-off valve, tire chuck and 6-foot of 3/8-inch air hose. Carrying handle. Steel.

$22.95

Siphon Feed. Air passes across top of paint fluid tube to create a vacuum in tube. Atmospheric pressure forces paint into gun. Recommended when extra-fine finish is desired and rapid spraying is not essential.

Internal Mix Nozzle. Paint and air are mixed together inside the nozzle. For use with pressure feed spray guns. Use with heavy-bodied paints and other slow-drying paints and liquids.

External Mix Nozzle. Paint and air are mixed outside the nozzle. Works with pressure or siphon feed. Use with fast-drying paints, lacquers, etc.
You can cut up to 90% of the time needed to drive or remove fasteners with this CRAFTSMAN® Air-impact Wrench

$152.75 | $195.00

Extra heavy-duty wrench delivers up to 175 ft.-lbs. driving torque

Wrench only Complete Kit

$144.99

Lightweight, compact, Air-impact Wrench—can be used with one hand

$186.00

Weight less than one-half what a conventional air wrench weighs. Great for one-hand work in tight places such as under a hood. Useful in auto repair work, body work, light assembly work. Delivers up to 35 ft. lbs. of torque in 5 seconds. Cast aluminum housing. Variable torque control. Push-button reversing control. No-load speed of 14,000 rpm. Delivers 2100 impacts per minute. With 14-in. square drive. Average air consumption of 3 cfm at 90 psi. Air hose diameter of 3/8-inch recommended. Air inlet: 3/8-inch pipe thread 2 in. long. Guaranteed 1 yr., see below. See accessories below.

9 GT 1884—Shipping weight 2 pounds 12 ounces. $144.99

Wrench Kit. Includes tool above with 7 impact sockets (1/4 to 3/8-inch size), angle-head attachment and rugged Permanex® carrying case.

9 GT 1884—Shipping weight 7 pounds 13 ounces. $186.00

Air-impact Ratchet Kit $99.00

A fine labor-saving tool designed like a regular hand ratchet, but with air power for doing the work. For installing spark plugs, carburetors, water pumps, A/C units—general auto repair. Use manually to break loose or put final torque on fasteners. Use power to spin them on and off. No knuckle-bruising, tired, back-and-forth motion, just squeeze button to operate. Eight-pound stall guards against stripping or over-tightening. With 3/8-inch square drive. Average air consumption of 4 cfm at 90 psi. Air hose of 3/8-inch diameter recommended. With 3/8-inch air inlet. Length: 93/4 in. Includes: ratchet, 6-ft. leader hose, 5 sockets (size 3/4 to 3/8-in.), screwdriver bit, carrying case. Guaranteed 1 yr., see below.

9 GT 18871—Shipping weight 5 pounds 8 ounces. $99.00

Accessories for Impact Tools on these two pages

11-piece Socket Set. Includes each of the ten 3/8-inch drive sockets listed in table at left. All in convenient metal tote tray. Six-point openings.

Shipping weight 3 pounds 12 ounces. 9 GT 44019—Shipping wt. 5 oz. $11.20

CRAFTSMAN Impact Adapter, Converts 3/4-inch square drive to 1/2-inch square drive. Lets you use 1/4-inch drive sockets on a 3/4-inch drive tool.

4 GT 44124—Shipping wt. 5 oz. $9.95

5 Double-end Reversible Socket, Two sizes in one: 6-point, 3/4-in. opening at one end; 13/16-in. at the other. For any 3/4-inch square drive impact tool with extended shank (as 9 GT 1888).

For short shank tools (as 9 GT 1888, 9 GT 1883, 9 GT 1882, 9 GT 1860), use 6-inch extension on facing page.

5 GT 44010—Shipping wt. 9 oz. $1.68

(1 and 2) Time is valuable to you. An impact tool will soon save you enough time to pay for itself—then give you years of profitable service. An excellent tool for use in auto and boat shops, industrial plants and on farms. Trigger with adjustable stop gives you the proper torque for each job. With 1 1/2-inch square drive and smooth-running rail bearings. Average air consumption: 4 cfm at 90 psi. Air inlet: 3/8-inch pipe thread. Air hose of 3/8-inch diameter recommended. Cast aluminum housing. Guaranteed 1 year, see below. See accessories at right.

1 Extra-heavy-duty model. Delivers 20 to 175 ft.-lbs. torque in 5 secs. No-load speed of 8000 rpm with 2200 impacts per minute. Rubber nose and heel bumpers. 6 3/4 inches long.

9 GT 1883—Shipping weight 6 pounds 15 ounces. $152.75

Wrench Kit. Includes tool above with 8 impact sockets (1/4 to 3/8-in. size), angle-head attachment and Permanex® carrying case.

9 GT 188310—Shipping weight 15 pounds. $195.00

Extra-heavy-duty model with extended shank. Same tool as above but with extended shank. Allows tool to reach fasteners in cramped areas.

9 GT 1889—Shipping weight 6 pounds 15 ounces. $159.00

2 Heavy-duty model. Delivers 20 to 160 ft.-lbs. torque in 5 seconds. No-load speed of 7500 rpm with 2000 impacts per minute. 7 in. long.

9 GT 1888—Shipping weight 6 pounds 5 ounces. $134.77

Wrench Kit. Includes tool above with 8 impact sockets (sizes 1/4 to 3/8 inch), and strong, double-wall Permanex® case.

9 GT 18881—Shipping weight 12 pounds 1 ounce. $144.79

Permanex® Carrying Case. Strong polyethylene. Fits all our air tools.

9 GT 1888—Shipping weight 2 pounds 10 ounces. $5.49

GUARANTEE: During the first year, we will repair your CRAFTSMAN Pneumatic Tool, free of charge, if defective in material or workmanship. This guarantee service is available by simply returning the tool to any Sears store throughout the United States.
CRAFTSMAN® Electric Impact Wrench puts powerful driving torque at your command—all you have to do is plug it in

- Variable torque...up to 125 ft. lbs. in 5 seconds
- Reversible...drive or remove fasteners
- Double-insulated...conventional 2-prong plug

Impact Tool only. No bulky hoses or heavy compressor needed; just plug in at the nearest 2-prong outlet. Tool can pay for itself in time saved. Excellent for auto and farm machinery repair. With accessories (see below and facing page) you can drill in wood, metal or masonry. You can drive or remove nuts, bolts, screws; thread rods; tap metal; sand wood or metal.

Develops 4g HP. Delivers a no-load speed of up to 1750 rpm with two impacts per revolution. Torque increases or decreases according to finger pressure on trigger control. Convenient slide switch in handle reverses rotation. Removable top handle gives you two-hand control. Rubber boot keeps front from scuffing surfaces.

14-inch square drive.

Strong aluminum housing with flat finish that reduces glare. Tough polymer handle and end cover. Ball and roller bearings permanently lubricated to give smooth performance and long service. Motor brushes are easily accessible. Eight-foot, 2-wire neoprene cord. Operates on 110-120 volts, 60 Hertz, AC. UL listed. Meets standards of the Power Tool Institute, see page 2. Guaranteed for one year, see page 2.

9 GT 1882—Shop wt. 9 lbs. 8 oz. $78.99

Impact Tool above with Chuck and Case.
9 GT 18821C3—Shop wt. 16 lbs. $89.00

Chuck only. Grip 3/4 to 1-inch diameter bits. Use with wood bits, twist and masonry drills, and taps. 1-inch square drive.
9 GT 2253—Shop wt. 1 lb. 7 oz. $19.88

Permex® Case for impact tools. Strong, double-wall construction. 16x13x4½in. deep.
9 GT 1492—Shop wt. 4 lbs. 10 oz. $26.49

Single-speed Impact Tool. Like 9 GT 1882 above, without variable speed. Develops 4g HP.
9 GT 1886—Shop wt. 9 lbs. 5 oz. $68.99

Split muffer pipes, cut panels, sheer rivets, split nuts, punch holes with a CRAFTSMAN® Air-impact Hammer

Hammer with retainer, without accessories or case

$54.49

Hammer with retainer, accessories (6 thru 12), and case

$69.88

Chisel-shank opening 401 in. Air inlet 14-inch pipe thread. Average air consumption of 4 cfm at 90 psi. Delivers 3500 impacts per minute. Retainer (12) 1-inch 5/6 in. long. Guaranteed 1 year, see facing pg.

9 GT 1885—Shop wt. 6 lbs. 5 oz. $34.49

Air-impact Hammer Kit. Includes tool with retainer and accessories (6 thru 10) and Permex® case.
9 GT 18851—Shop wt. 11 lbs. 5 oz. $69.88

(6 thru 12) Accessories. One-pc. forged high-carbon steel. Hardened, tempered to hold edges. Shanks ground to fit 401-in. openings. Quick-change retainer attachment...heat treated.
Hydraulic-lift Floor Crane

- Specially-designed mast for efficient lift
- Steel construction with torsion tube bracing
- Handle-operated steering wheel turns 360°

It only takes one man to handle this crane. Save valuable man-hours when transporting, lifting, loading, or stacking materials. Hydro-slope mast lets hydraulic unit push straight up for efficient, powerful lift.

F9 GT 78039 – 1/4-ton, Wt. 226 lbs, $156.66
F9 GT 78041 – 1-ton, Wt. 400 lbs, $229.00

Winch-operated Davit Cranes

(3 and 4) Workhorses that will save you valuable time and back-breaking work. Lift loads up to 750 lbs. Cable locks automatically. Tubular steel construction. Big 34-inch reach.

F9 GT 78021 – Wt. 129 lbs, $123.19

F9 GT 78029 – Wt. 75 lbs, $69.94

Transport engines, boats, machinery... any load up to 1 ton on this conveyor

5 Just hang a track where you want to go, then transport with ease. Great for huge repair shops and garage use. Comes complete with 4-wheel trolley, 7 single hangers (each with 6-inch threaded rod, 3 nuts, and track bolt), 2 end stops, instructions.

F9 GT 78652 – Shipping weight 31 lbs, $44.00

A B-track. One splice hanger included for joining with track above. Also matches 5-inch "I" beam.

F9 GT 78651 – Shipping weight 39 lbs... $19.95

B Curved Track. Splice hanger included for joining with track above. 4 ft. radius. 7 ft. long.

F9 GT 78652 – Shipping weight 31 lbs... $31.38

C Trolley. Runs on tracks above and 5, 6 or 8-in. "I" beam. Four flanged cast wheels equally share the weight. Steel side plates. Hanger pin.

F9 GT 7864 – Shipping weight 11 lbs... $15.99

D Single Hanger. For tracks above. 6-inch threaded rod with three nuts and track bolt. Space hangers 16-in. apart for 1-ton loads, 20-in. for 3-ton.

F9 GT 78651 – Shipping weight 14 lbs... $1.99

E Splice Hanger. For joining ends of tracks above. 6-inch threaded rod with nuts and track bolts.

F9 GT 78662 – Shipping weight 1 pound... $2.36

F Strap Bracket. Attaches hanger to 26 or larger.

F9 GT 78663 – Shipping weight 1 pound... $1.95

G Side Bracket. Attaches hanger to side of wood beams.

F9 GT 78664 – Shipping weight 11 lbs... $1.95

Differential Chain Hoists... load-tested to 150% rated capacity

Catalog No. | Cap. | Max. lift | Lph. chain | Wt. | Price

These Load Binders can tighten down and secure loads weighing tons

9 Heavy-duty Binder. Helps keep full loads from shifting. Big 6500 pound work load. Chain take-up of 4½ inches. Two ball and socket swivels of forged, heat-treated steel. Drop-forged steel clevis, tongue, stub nose hook, 18-inch handle.

9 GT 7777C – Shipping weight 11 lbs... $10.44

10 "Light-duty" Binder. Fits 1½ to 1¼-inch chain. 1250-lb. work load. Chain take-up of 2½ inches. Two stud-type hooks. Drop-forged swivels. Steel clevis, tongue, stub nose handle.

9 GT 7777 – Shipping weight 2 lbs... 10.53

Shipping Note: "N" items (as 9 GT 78723N) sent motor carrier or express. "P" items from factory in Winona, Minn., to C.O.D.'s, allow extra time for in transit. For reasonable prices, postage from catalog order plant.
Apply exact torque to machine parts with a CRAFTSMAN® Torque Wrench for increased engine performance, economy and safety

- Performance: machines can operate at maximum efficiency
- Economy: machines operate with less wear
- Safety: fasteners have less tendency to loosen or break

Hoist, pull or winch up to 2 tons with this CRAFTSMAN® Power-Pull

Simple to operate, no ropes to bother with.
- Aircraft-type cable 1-1/4 in. diameter, breakstrength tested to 4,000 pounds.
- Portable... 2-ton model weighs only 8 lbs.

Motor Stinger
- Load capacity of 2,500 lbs. Lifts at any angle.

Wire Gripper
- Grips smooth or barbed wire.

4-ton capacity Puller-Hoist, 1-1/4 in. cable break-tested to 1,800 lbs. Aluminum cover and frame. Steel handle with plastic grip. Forged hooks. Automatic safety catch.

CRAFTSMAN® Creeper let you glide under or around work in comfort... save time and energy

Cloth Fender Cover
- Protects fenders from scratches and grease while working on engine. Also useful in protecting luggage in trunk. Use as a drop cloth for tire changes.
- 100% double-napped cotton tweed. Finished ends prevent fraying. Size: 36 x 60 inches. Comes in polyethylene bag. Shipping weight 1 lb. 2 oz.

Creeper Seat
- Lets you work without continually bending and stooping to pick up tools.
- Makes brake jobs, wheel alignment a breeze. Metal tool tray under plywood seat. Steel frame and base. Pivot on steel casters. 17" h. $9.78

Hardwood
- Rolls easily and pivots in any direction... even on uneven floored. Lacquered to resist weathering. Leatherette-covered, padded headrest wipes clean with a damp cloth. Four plate-type, 11/4 in. steel casters. 36 x 36 in.

Replacement Steel Casters
- 9 GT 45418 - Retail: $15.79

Molded Polyethylene

Micro-adjust type
- Measures 10 to 150 lb.-ft. in either direction
- Sockets with a "click" you hear and feel when proper torque is reached
- Push-button releases socket
- Professional quality wrench with scale calibrated in 1-lb. increments. As there are no gauges to watch, this is an excellent tool for use in blind or dark spots and on vibrating machinery. 1-4 in. square drive
- Patented snap-lock holds desired setting. Sealed mechanism gives long service. Chrome-plated steel... corrosion proof

BEST BECAUSE
- Measures torque up to 250 foot-pounds in either direction
- Memory pointer shows highest torque attained
- Snap-on extension handle for better leverage

CRAFTSMAN COMMERCIAL
- Precision built to measure accurately regardless of point of load application. Clockwise torque on top scale, counterclockwise value on lower scale. Slim drive end fits in tight places. Use on autos, trucks, tractors, industrial engines. Durable one-piece constructed dial section. Chrome plated. 1-4 in. square drive. Case and instruction booklet included. See CRAFTSMAN COMMERCIAL story, pg. 55.
Auto Repair Tools... save labor costs for do-it-yourselfers

Tune-up Shop

The enduring strength and beauty of STAINLESS STEEL TOOLS makes them the choice of fine craftsmen. They last longer and stay sharper than ordinary tools because their high chromium content produces a tougher kind of steel. They resist rust and look better, too, because of a special protective coating of chrome oxide on the metal's surface.
Into Racing? Just Trickin’ Up Your Machine?

Keep those special tools—parts, plugs, points in a sporty CRAFTSMAN Chest or Cabinet

$71.50

Rugged 1-piece heavy-gauge steel construction

Handsome sports-styled wood-grained panels

Store prized equipment under lock and key

Made of steel. Full-length piano-type hinge. Front and back endboards toasser as tote tray support. Add rigidity. Blue-green finish.

- Measures: 18 x 7 1/2 in. high. Not **CRAFTSMAN**.

- 9 GT 6519—Shipping wt. 5 lbs. 15 oz. $3.95
Here’s what makes CRAFTSMAN® Cabinets and Chests so strong and durable:

- One-piece reinforced top and bottom made of heavy-gauge steel for large load capacity without sag or loosening at the welds.
- Rugged steel-bar locking mechanism works uniquely...it locks drawers automatically when chest lid or cabinet panel is closed.
- One-piece, roll-formed slides on all drawers means smooth, easy action...they won’t give, twist or bend even when fully loaded.

And only CRAFTSMAN® Cabinets have these exclusive extra-strength features:

- “I-frame” construction gives nearly 50% more diagonal strength than ordinary flat-panel designs...no crossbars.
- Drawer slide carriers welded to frame on 3 separate panels with more welds than ordinary construction.
- Cabinets with lower compartments feature panel that “pops out” with the turn of a key. Lock located in base.
- Four corner posts (instead of 2) both front and back to keep drawers aligned even under heavy loads.
- Recessed self-reinforcing cabinet sides add tremendous strength to the unit. Side handle can’t pull out.

10-drawer Chest and 8-drawer Cabinet

**BEST BECAUSE...** they’re 40% heavier and give you 25% more drawer capacity than any other set we sell.

**Set $349.88**

Save $25.62 by buying chest and cabinet as a set. Separate prices total $375.50. Extra-heavy-gauge steel, finished in black and red enamel. Heavy-duty tumbler lock with key.

9 GT 652988N—Shop wt. 222 lbs. **Set $349.88**

10-drawer Chest. Overall: 33 1/2 x 15 1/4 x 18 1/2 inches high. Six drawers: 11 1/4 x 17 1/2 inches high; 1 drawer P/4 x 5/8 x 15 1/4 inches high; 3 full-width drawers: two 17 1/4 inches high, one 25 1/2 inches high. Tote tray: 17 1/4 x 17 1/4 inches high. Lock and keys included.

9 GT 652984N—Shop wt. 125 lbs. **$349.88**

8-drawer Chest. Overall dimensions: 33 1/4 x 18 1/4 x 36 inches high. With 3 top drawers: 26 1/4 x 15 1/4 x 15 1/4 inches high; 6 full-width bottom drawers: three 17 1/8 inches high, two 21 1/2 inches high, one 6 inches high. Four heavy-duty casters...2 fixed, 2 swivel. Lock, keys.

9 GT 652244N—Shop wt. 193 lbs. **$221.00**

For use on roller cabinet or bench. Built solid like the CRAFTSMAN Chests and Cabinets shown on this page. Heavy-gauge steel construction. Drawers measure 23 1/4 and 35 1/4 inches deep. Tote tray measures 18 1/4 x 14 1/4 x 35 1/4 inches deep. Handsome gray and red enamel finish. Handy storage lid. Overall dimensions: 26 1/2 x 18 1/4 x 15 inches. High. 9 GT 652828C—Shipping weight 37 pounds. **$34.58**

**SAVE! Buy combination of Chests and Cabinets above.**

Guarantee: All Craftsman hand tools (other than Precision and Portable Electric Tools) are unconditionally guaranteed to give complete satisfaction or return for free replacement.
CRAFTSMAN® Ratchet Wrenches feature a quick-release push button!

Just press release button (A) and socket slips off... no hard pulling or prying.

Fine-tooth Action Ratchets specially designed for fast work in tight spaces.

3 Fine-tooth action permits a handle movement as small as 4 degrees. Quick-release button (A) releases sockets instantly and easily... even tight or greasy ones. Built-in reversing lever (B) changes ratchet direction. Built-in knurled speeder (C) makes rapid spin down of nuts and bolts easy. Nickel-chrome-plated, drop-forged, "Super-Tuff" steel is exceptionally strong and long lasting. Exceed Federal Specifications GG-W-461A, Type I, Class 2 for torque strength. Ratchet with ½ in. drive has 70-tooth action in 2° increments. Ratchet with ¾ in. drive has 82-tooth action, in 3° increments. Drive has 90-tooth action, in 10° increments.

CRAFTSMAN®

**3/8-inch and 1/2-inch square-drive Sockets**

Each socket is excellent for automotive, industrial, aircraft, and marine work. Hot-rolled, Heavy, industrial, type nickel-chrome plated, lasting durability. Exceeds Federal Specifications GGG-W-641d, Type II, Class 1 or 2.

**CRAFTSMAN® Thin Wall**

Hot Forged Sockets exceed federal strength requirements:
- Polished "Super-Tuff" steel sockets, heat treated, tempered and nickel-chrome plated for strength and hardness.
- No-shoulder design lets you grip nut at full depth.

As low as $7.77

1/4-inch drive, sizes 3/16 to 1/4-inch.

**CRAFTSMAN® Extra-deep Sockets**

**CRAFTSMAN® Heavy-duty**

Drag-link Sockets

1/2-inch square drive. These sockets have a screwdriver type bit for slotted nuts on steering gear and shock absorbers. Chrome-plated "Super-Tuff" molybdenum steel. Use 3/8" and 1/2" sizes on trucks.

**GUARANTEE**

If any CRAFTSMAN wrench or socket on these two pages fails to give you complete satisfaction, simply return it, and it will be replaced free of charge.

FREE REPLACEMENT GUARANTEE... see page 131

Set includes two fine-tooth Ratchet Wrenches with push-button socket release

Press quick-release button (A), and tight—even greasy sockets “pop” off without prying or pulling

Reversing lever (B) changes ratchet direction quickly and knurled speeder (C) aids rapid spin-down of nuts and bolts

Fine-tooth action permits handle movement as small as 4° for maximum precision—even in tight places.

Made of nickel-chrome-plated, drop-forged “Super-Tuff” steel.

1/4-inch square-drive parts: Nine 6-point sockets (5/32 to 1/4-inch); 6-inch flex handle, extension bar and Permanex® polyethylene case.

3/8-inch square-drive parts: Seven 12-point sockets (3/16 to 1/2-inch); 33/32-inch spark plug socket; fine-tooth quick-release reversible ratchet; 10-in. flex handle; 3-in. extension bar—lets you get down to hard-to-reach places; adapter to fit wrench to 1/4-inch sockets.

1/2-inch square-drive parts: Eleven 12-point sockets (5/16 to 1/2-inch); two extra-deep sockets (3/8 and 7/16-in.); 105/64-inch fine-tooth quick-release reversible ratchet; two extension bars (3 and 6-inch).

Miscellaneous tools: Five open-end wrenches (3/32, 1/8, 5/32, 3/16 and 7/32-in.); 14-piece hex key set; three screwdrivers (1/4-in., 5/32-in. and No. 2 Phillips); 16-inch cold chisel; 3/4 and 1/2-inch center punch; backsaw with 10 extra blades and 5-piece magnetic socket-insert set—valuable extras for the mechanic’s workshop.

Steel tool box: Size: 18x8x9 inches high. Includes tote tray.
